This is a request under the Freedom of Information Act.

I am requesting a copy of the Class VI Underground Injection Well (UIC) permit application that was submitted by Gulf Coast Sequestration (GCS), owned by Matilda Stream Management, Inc., to EPA Region 6 in October 2020. My request for the permit application documents extends to include the Area of Review (AoR) materials as well as any attachments or technical documents filed in support of the application.

It is my understanding that the requested Class VI permit application and accompanying supporting materials are public record once submitted.

I am not requesting any documents or other information that may have been identified as confidential business information (CBI), or confidential information more generally.

If fees are required, I am willing to pay fees for this request up to a maximum of \$150. Please let me know if fees are expected to exceed this limit. I am willing to receive an electronic copy of the documents in lieu of printed copies.

Thank you for your consideration of this request.

Sincerely,

Jessica Bonsall
Environmental Resources Management

Good Afternoon,

I am working on a Phase I Environmental Site Assessment of the Proposed Electric Depot Phase II located in Baton Rouge, LA and have identified the following federal-regulated facility(ies) as a potential Recognized Environmental Condition (REC) and/or Vapor Encroachment Condition (VEC):

Facility Name: EBR-RDA Government Street Site
Property Address: 1509 Government Street, Baton Rouge, LA
Record Type: US BROWNFIELD
Acres Property ID #155441

Additional facility details are provided on the attached Site Detail Report.

I would like to request a copy of your public records available specific to the facility(ies) listed above. If possible, please provide the following information in your response.

1. Estimated cost to receive a copy of the files
2. Estimated timing for receipt of files
3. Estimated size of files (such as number of pages, number of boxes, or an index of documents)
4. Contact information for the individual that will be coordinating my request
5. Any agency specific information that will impact my request (i.e. copies must be made in person, files will be sent electronically, etc.)

Thank you for your assistance with my request.

Thanks,

EPA-2021-001673	Request	Mr. Michael Ayele (aka) W	Association For The Advancement of Civil Liberties	On August 03rd 2013, Alexis Tiara Murphy "disappeared." She was afterwards declared "missing." According to True Crime Daily, she "disappeared" after having posted on her Twitter account information detailing that she was on her way to Lynchburg, Virginia at around 3: 00 P.M. Alexis Tiara Murphy was 17 years old in 2013. She used to attend Nelson County High School. The Virginia State Police (VSP) and the Department of Justice (DOJ) Federal Bureau of Investigation (FBI) were very involved in the search to find Alexis Tiara Murphy in 2013. Randy Allen Taylor has been convicted for the murder and abduction of Alexis Tiara Murphy for which he is serving two life sentences. As of this writing, the body of Alexis Tiara Murphy has not been recovered. Videos posted on YouTube by True Crime Daily suggest that Randy Allen Taylor has intimate knowledge of where the body Alexis Tiara Murphy is located. He may have wanted to exchange this information for a reduced sentence of 20 years: family of Alexis Tiara Murphy and legal representatives of Nelson County, VA have declined to conclude an agreement. The search for Alexis Tiara Murphy's body seems to be ongoing. (") What I am requesting for prompt disclosure are all documents detailing (1) formal and informal ties existing between your offices, the DOJ, Nelson County (VA), and the VSP; (2) all your communications in the form of e-mails and postal correspondence pertaining to Alexis Tiara Murphy, which includes but is not limited to friends of Alexis Tiara Murphy on social networks such as Facebook and Twitter; (3) your in person interviews with family members and high school friends of Alexis Tiara Murphy; (4) your communications in the form of e-mails and postal correspondence with Randy Allen Taylor detailing his account of what transpired on August 03rd 2013; (5) your communications in the form of e-mails and postal correspondence with residents of the State of Virginia pertaining to the character of Randy Allen Norton.	12/28/2020	Closed	12/31/2020

Hello,

We are conducting a Phase I Environmental Site Assessment at a property in City of Cerritos.

We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APN: 7030-001-942. This APN is associated with the addresses: 12845 Towne Center Drive, Cerritos, CA 90703. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "tiered" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

Can you please notify us if you have any records?

Thank you,

Good afternoon FOIA,

I am requesting construction drawings or blueprints of the Chicago River including Plans and Cross Sections that indicate how the river is constructed below the surface of water between Wells St and N Wabash Ave.

Information is to be used for a graduate level design course I am teaching this Fall at the School of the Art Institute of Chicago, Department of Architecture.

Thanks kindly,

Paul Dolick

Lecturer

SAIC-AIADO Dept. of Architecture

A list of all nominees and their respective nominators received by EPA in response to the calls for nominations for the Clean Air Scientific Advisory Committee and the Science Advisory Board published in the April 1, 2021 edition of the Federal Register.

305 Veterans Boulevard
Carlstadt Boro, Bergen County, New Jersey
Block 124, Lot 40

Seeking any records regarding past and present production processes and waste streams; spills, releases or discharges; above or below ground bulk storage tanks, piping, sumps, and pits; septic systems; drainage systems, storm water conveyance or detention systems; wastes or chemical storage/disposal areas; historic fill; oil-filled equipment (such as transformers); permits issued to all previous and current owners and/or occupants of the property; administrative, civil, and criminal enforcement actions including citations issued to all previous and current owners and/or occupants; any other environmental impact identified at the above-referenced property.

We are requesting available records regarding the closure of and environmental remediation of the property listed below, including but not limited to Phase I, II, and III Environmental Site Assessment reports, Site Remediation reports, soil and groundwater sampling reports, and No Further Action letters, etc:

Good afternoon,

Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) for the property located at 1090 Buford Highway, Cumming, GA. The parcel is identified by Parcel No. 173-304.

In support of this ESA, Langan is requesting information concerning this property including the following:

Health department and/or environmental department information relating to environmental code violations, storage, generation, usage, and/or spillage of hazardous substances. This also includes storage tanks, petroleum products, pollutants, and controlled substances.

Fire department records regarding information on the storage, generation, usage, or spills of any hazardous substances. This also includes petroleum products, pollutants, and controlled substances.

Building department and/or planning and zoning records concerning Certificates of Occupancy, building permits from development to current date, and Activity and Use Limitations (AULs), including engineering and institutional controls.

Please respond if there is a fee for the request of this information.
Please forward this email request to the appropriate contacts/departments.
Responses can be emailed to: bchambers@langan.com

If there is no information regarding the site, please respond so. Thank you.

EPA-2021-005161 Request Mr. Bryce Bryce Chambers Langan Engineering and Environmental

Pursuant to the Freedom of Information Act, I hereby request the following records:

I am requesting the 2020 transition paper or papers related to the EPA's Environmental Justice program prepared between November 2020 and January 2021.

I request a waiver of all fees for this request. I am a member of the nonprofit media. Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not being made for commercial purposes.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

David Hasemyer

PennJersey Environmental Consulting (PJ) is conducting an environmental investigation at:

Blocks/Lots: Block 7, Lot 11

Street Address: 199 Reeder Road, Phillipsburg, Harmony Township, Warren County, New Jersey

Property Owners: Richard L Hummer Jr

Property Operators: Richard L Hummer Jr, Reeder Farm

In order to maintain our professional standards and complete this investigation, review of your files is extremely important.

PennJersey Environmental Consulting is conducting an environmental assessment of the property referenced above. We are seeking all remedial, permitting, and enforcement records associated with the referenced site.

Thank you for your time and effort. If I can be of any further assistance please call or email me:

Name: Tess Zahn

Phone Number: (908) 329- 6060

Email Address: tzahn@pennjerseyenv.com

In responses to previous FOIA requests, I have received EPA's congressional correspondence logs that identify specific pieces of correspondence between EPA and members of Congress by control number and congressional office. I am now requesting specific pieces of correspondence identified in those correspondence logs by control number and congressional office. Please include attachments, enclosures or any other documents that were provided with the piece(s) of correspondence in its original form. In addition, please provide all direct agency responses to the requested piece(s) of correspondence.

I request the following piece(s) of correspondence listed by control number and congressional office:

EPA-2021-001132	Request	Alexandra Becker	Roux Associates, Inc.	We are performing a Phase I Environmental Site Assessment for the property located at 1470 Perrineville Road, Monroe Township, Middlesex County, NJ 08873 (Block 17, Lot 9.03). Please provide any information related to potable wells, onsite septic systems, environmental reports, releases/discharges, underground storage tanks (USTs), permits, complaints, inspections, enforcement actions, etc.	11/25/2020	Closed	1/6/2021
EPA-2021-002009	Request	Steve Glenn	68-0569437	MunicipalH2O is requesting a copy of the most recent Risk Management Plan non-OCA national database	1/15/2021	Closed	1/22/2021
EPA-R4-2021-002133	Request	David Markelz	Ramboll US Corporation	Perfect Air Control 896 Rutherford Road in Marion (McDowell County) North Carolina - listed on the SEMS Archive database site ID 0410277, EPA ID NCN000410277. (9-29-2008) I would like copies of any files or records on file for this SEMS archive listing Winchester where I have been researching the disposal of illegal traded and confiscated live animals.	1/21/2021	Closed	1/26/2021
				On July 13, 2018, I submitted a FOIA request for LEMIS data on nationwide live animal confiscation data from 2007-2018 and was sent very helpful data. Michael Jenkins was my contact at the USFWS Office of Law Enforcement. He sent a spreadsheet with numbers regarding live animals coming into the US, specifically: Year, Quantity, Species Code, Genus, Species, Subspecies, Specific Name, Generic Name, Country, Wildlife Desc, Disposition, IE.			
				I am now submitting a request to obtain this nationwide live animal confiscation data for the years 2000-2020. Im requesting the same data as before - as well as: 1. Disposal Method (Euthanize, Repatriate, Captivity) 2. Port of confiscation (Region, City) 3. Purpose (Personal, Scientific, Zoos, etc) 4. Reporting Officer (I do not need identifying information. The intention would be to see how often the same person reports and if there are trends in reporting style) 5. Reason for seizure (paperwork mistake, mislabelled, etc)			
				Per Disposal Method: during my last correspondence, Michael Jenkins stated, "I would have to check but I can't confirm at this time whether or not we track the disposal of animals"			
				I did not get a response to this. I am looking for whether the live animal that was seized was 1) euthanized, 2) repatriated, 3) placed in captivity, 4) died in custody, 5) sold, etc. If this data is not collected by the USFWS, may I request written confirmation that this data is not recorded?			
EPA-2021-002770	Request	Shannon Rivera		Lastly, when reporting "Country" is this indicating the country of origin or the country of last export? Since there are often multiple transit countries prior to reaching the US. Dear EPA,	2/23/2021	Closed	2/24/2021
EPA-R5-2021-005168	Request	Mr. Tim Ohler	Simona Boltaron	I am trying to get all records regarding a RCRA Closure Plan / Change in Generator Status, both from Diversitech General (GenCorp) and the EPA's correspondence for US EPA ID # OHD 046 630 679. The US EPA sent letters on July 23, 1985 and July 30, 1985 to Diversitech General that I would like to request along with Diversitech's full response on August 21, 1985 which was received by the EPA on August 26, 1985. I have attached a copy of Diversitech's partial reply as Simona Boltaron is now the owner of the former Diversitech General property and that is the reason for my request as we would like to understand why RCRA closure did not occur at that time. Besides the specific documents or information requested above, I would like to get any other information regarding this Part A RCRA permit from 1981 to 1985, when it appears Diversitech General tried to withdraw or close the Part A application.	6/28/2021	Closed	10/28/2021

period:
 Facility Type: Sterilization
 Time period: Entire period of operation (believed to be in operation from at least 1983 - at least 1995)

I request the following documents relating to the Griffith Micro Sciences Bound Brook, New Jersey Facility (the "Bound Brook Facility"). I believe the facility was sited at 8 Easy Street in Bound Brook (sometimes listed as Bridgewater), New Jersey.

1.All documents relating to any notice or warning provided to the community surrounding the Bound Brook Facility regarding the facility's use and/or emissions of Ethylene Oxide, including but not limited to the actual notices or warnings given to the community.

2.All reports of emissions of Ethylene Oxide, including but not limited to Annual Emissions Reports, relating to the Bound Brook Facility.

3. All records reflecting the amount of Ethylene Oxide used at the Bound Brook Facility.

4.All documents (including native data files) relating to or reflecting any air dispersion modeling or health risk assessment performed by your agency, or in the possession of your agency, concerning the emissions of Ethylene Oxide by the Bound Brook Facility.

5.All permit applications relating to, and permits issued to, the Bound Brook Facility.

6. All notices of violations, reports of exceedances, complaints, and/or inspection reports relating to the Bound Brook Facility.

7. All correspondence between U.S. EPA (including but not limited to the Air Quality Any and all available records regarding EPA Brownfields site in East St. Louis at the former Christian Welfare Hospital site, EPA Registry Id: 110038761916; 1509 Martin Luther HWY, East St. Louis, IL 62201.

Pursuant to The Freedom of Information Act, 5 U.S.C. Sect. 553, I am writing to request all documents that contain information about the number of pesticides submitted to the Office of Pesticide Programs for registration for the year 2020 that used the published alternative approaches for skin sensitization originally published by EPA in 2018 described in the Interim Science Policy: Use of Alternative Approaches for Skin Sensitization as a Replacement for Laboratory Animal Testing.
 Please provide this information to me for the year 2020. In addition, please provide the names and/or CAS numbers of the new active ingredients registered using the above mentioned alternative approaches for skin sensitization potential. This new request expands on a fully granted FOIA request EPA-2020-006267, that only covered the years 2018-2019.

As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. This request does not encompass any information that may be entitled to confidential treatment, or that otherwise may be exempt from disclosure under FOIA. In order to help to determine my status to assess fees, you should know that I am affiliated with an educational scientific institution, and this request is made for a scholarly or scientific purpose and not for a commercial use.

If you have any questions regarding this request, please contact me at 443-949-6685 or cmoran8@jhu.edu or Dr. Paul Locke at plocke@jhu.edu. I look forward to receiving your response within the twenty day statutory time period. Thank you for your consideration of this request

EPA ID	Request Type	Requester	Organization	Description	Request Date	Status	Resolution Date
EPA-2021-002705	Request	Connie Marini	EDR, Inc	Please provide product performance/efficacy data evaluation reviews (DERs) for the following EPA Registered products:	2/19/2021	Closed	3/16/2021
EPA-2021-002714	Request	Georgia Anastasiou	Lewis & Harrison, LLC	EPA Reg. No. 10308-31; EPA Reg. No. 10308-30; EPA Reg. No. 71910-11; EPA Reg. No. 73049-497	2/19/2021	Closed	4/14/2021
EPA-2021-002440	Request	Monika Anic	FD Stonewater	I would like to submit a request for the most recent EPA "Capital Plan" or "Capital Programming Guide" as required by OMB Memorandum M-20-03. I have attached the document for your reference.	2/4/2021	Closed	2/23/2021
EPA-2021-002551	Request	Ms. Emily Hildebrand	Winthrop University	I write to request access to and a copy of any documents showing the amount of contaminated recyclables that had to be disposed of in the past 5 years in the United States. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address.	2/10/2021	Closed	2/24/2021
EPA-2021-002890	Request	Gina Panasik	The Thrasher Group, Inc.	This information is to be used for non-commercial and educational purposes.	3/2/2021	Closed	3/9/2021
EPA-R5-2021-002546	Request	Miss Caitlyn Seavey	CREtelligent	Based upon provisions in the Freedom of Information Act, the Thrasher Group, Inc. requests that your files be reviewed to assess whether there are records for the following site regarding petroleum products or hazardous materials: WV tax parcel IDs 31-19-0018-0008-0000 and 31-19-0018-0011-0000 in Westover, Monongalia County, West Virginia. I would like to request any documents available associated with the RCRA Corrective Actions case at 701 Virginia Ave, Ashland, OH 44805 - EPA ID OHD066039637, specifically, the latest Investigation Report and closure/no further action letter.	2/10/2021	Closed	3/9/2021

EWG is requesting an electronic copy of all chemical and microbial contaminant data obtained in compliance and non-compliance testing of public water supplies for samples taken between 2010 and 2020 in all tribal lands under EPA region 10. If you have any questions, please call me at REMOVED PII - - - .

Data Requested:

Contaminant monitoring results for raw/source and finished water including detections, non-detections, and results below the level of detection. Each result record should include sample identification, water supplier identification, sampling date, contaminant name, contaminant concentration, units, qualifiers, sampling location (e.g. well name or intake designator), type of water sampled (e.g. raw/source or finished), test method, and any other available sampling designator (e.g. distribution system or point of entry).

System information (PWS ID, system name, address, PWS type (community, non-community, etc.), population served, primary source (GW, SW, etc), city & county served, and percentages of ground/surface water or purchased ground/surface water (if available).

Please include at least the following information. If it is easier to not limit the data dump, please do so to hasten the process.

- water suppliers including community, non-transient non-community, and transient non-community water suppliers

- time span for samples taken in 2010 - 2020

- contaminants including regulated and unregulated chemical and microbial contaminants (including inorganics, organics, radionuclides, coliform, compliance testing programs, unregulated contaminant monitoring programs, and any other programs that have generated chemical and microbial test data for public water supplies)

Looking for records of environmental releases and/or cleanups from at FDA Muirkirk Road Campus. Addresses include 8301 and 8401 Muirkirk Road, Laurel, MD.

EPA-R10-2021-002779 Request Dr. Uloma Uche Environmental Working Group

2/24/2021 Closed 3/20/2021

EPA-R3-2021-002376 Request Mr. Kurt Goetz Stantec

2/2/2021 Closed 3/23/2021

A copy of any list or spreadsheet detailing all public water systems that have received a state- or federal-issued variance or exemption under the Safe Drinking Water Act since Jan. 1, 2010. A log of these records should be retained in the federal Safe Drinking Water Information System (SWDIS). I am seeking the names of the public water system that have been granted a variance or exemption, the date of the issuance and, if available, what the waiver pertains to (i.e. MCL for radium or monitoring for arsenic). I am not seeking any of the forms with detailed information of the variances or exemptions, only a list or spreadsheet of the aforementioned information.

NOTE: I submitted a similar request filed on Feb. 1, 2021. That request was seeking SDWA waivers in Region 5. I was told by a FOIA liaison that Region 5 didn't have these records, and that they were maintained by EPA headquarters, specifically the Office of Ground Water and Drinking Water. I was told that it would be easier to remove the portion of the request solely seeking this information to Region 5 states, so I am seeking this information nationwide. From my understanding, states submit this information to the U.S. EPA quarterly and it is added to an easily accessible database (see attached word document and find codes "EOY" and "SOY" referencing federal- and state-issued variances/exemptions.) If this is provided in a spreadsheet format (similar to other SWDIS information found online), there should be little to no redaction necessary. If the format that I've requested the data in differs from how it is kept, I would ask that the FOIA officer call me for clarification.

EPA-2021-003012 Request Mr. Tony Briscoe ProPublica

3/8/2021 Closed 4/30/2021

EPA-2021-000006	Request	Mr. Alexander Guillen	POLITICO	I request all photographs of Administrator Andrew Wheeler, or any related materials from events which he attended, that were created by Eric Vance or any temporarily assigned employee or contractor on or between Sept. 1 and Sept. 30, 2020. This request includes meetings, public appearances, press conferences, photo sessions or any other activity, whether public or private, Wheeler participated in during the course of official EPA business. This includes materials not previously made public by EPA. Please organize the material by date, and include each event's location, subject and any other relevant information. I am open to discussing the best way to receive the requested documents since the file sizes likely will be large.	10/1/2020	Closed	3/29/2021
EPA-2021-002912	Request	Mr. Sean Reilly	Environment and Energy Publishing	All records related to the daily calendar and meeting schedule for Tomas Carbonell, deputy assistant administrator for stationary sources in the Office of Air and Radiation, from Feb. 1, 2021 through Feb. 28, 2021	3/3/2021	Closed	4/1/2021
EPA-2021-001808	Request	Diana Lennon	JM Sorge, Inc.	We are conducting Phase I Environmental Site Assessments and are requesting documents regarding environmental conditions at two sites; they are as follows: 1) 166-170 Kings Highway (Block 30 Lots 58, 60, 61 and 62), Washington Township, Morris County, NJ; and 2) unnumbered address on Kings Highway (Block 30 Lot 39), Washington Township, Morris County, NJ. Specifically, for both sites, we are interested in health/environmental violations or permits, records of soil/groundwater contamination, spills reported, septic systems, permits/records for underground or above ground storage tanks or reports of leaking tanks, and any remedial actions or permits.	1/4/2021	Closed	1/7/2021
EPA-2021-004058	Request	Marcus Stern		I'm requesting all internal EPA correspondence, reports, memos or other documents that discuss whether Jefferson County, Texas, should be considered a containment or non-containment area for air pollution monitoring and enforcement purposes, especially sulfur dioxide emissions. The search date range is Jan. 1, 2017 to Dec. 31, 2019. below. The purpose of the ESA is to identify recognized environmental conditions (RECs) as defined in United States Environmental Protection Agency (U.S. EPA) rules under 40 CFR Part 312 Standards and Practices for All Appropriate Inquiries (AAI), and the American Society for Testing and Materials (ASTM) Standard Practice for Environmental Site Assessments: E 1527-05, consisting of conditions indicative of releases or threatened releases of hazardous substances on, at, in or to the referenced property. As such, we are interested in any information regarding illegal waste discharges, storage tanks, environmental contamination, remediation, and violations of environmental laws and/or permits on the following property and in the immediate vicinity (i.e., adjoining properties). Parcel: 235-25.00-39.00; Shingle Point Rd., Milton, Delaware 19124 Parcel: 234-18.00-31.00; Camp Arrowhead Rd., Lewes Delaware Parcels: MD16-182.00-01-20.00 & 21.00, 5-182.00-0207.00 & 08.00 & 2900 & 3000; Williamsville Rd.; Milford, Delaware Parcel: 235-20.00-63.02; Shingle Point Rd.; Milton, Delaware Parcel: 135-16.00 Portion of Parcel 23.00; Georgetown, Delaware Please feel free to contact me at (215)-254-7844 or at bkeegans@pennoni.com if you have any questions regarding this request. Sincerely, PENNONI ASSOCIATES INC.	5/3/2021	Closed	5/7/2021
EPA-2021-004233	Request	Mr. Brendan Keegans	Pennoni Associates Inc.		5/11/2021	Closed	5/13/2021

				Apex Companies, LLC is evaluating the property located at 0 Beach Boulevard, Jacksonville, Florida for a Phase I Environmental Site Assessment.			
				We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.			
EPA-2021-003810	Request	Mrs. Tiffany Opachich	Apex Companies, LLC	Feel free to email or reach me at any of the numbers below should you have questions or comments. We are requesting the results of an investigation of TL Erickson Enterprises LLC, a lead testing company that did not follow the RRP rule for testing. This is part of another investigation of Benoz Homes, and we believe this company is knowingly providing false negative lead test results to this contractor so that he can avoid proper lead remediation as required under the RRP rule. The address listed for this company is 13170 Gemstone Ct., Apple Valley, MN 55124.	4/19/2021	Closed	4/29/2021
EPA-R5-2021-003784	Request	Angie Vasquez		I would like to see if the USEPA has any records on file for the following parcels and address in Palm Springs, California 92264: APNs 513-250-040, 513-250-041, 513-250-042, 686-040-021, 686-040-024, 686-040-025, 686-040-026, and 686-040-027 Address: 500 W. Mesquite Avenue	4/19/2021	Closed	4/30/2021
EPA-2021-003996	Request	Laura Holder		Thank you, Laura	4/28/2021	Closed	5/7/2021

Freedom of Information Act (FOIA) we request that the US Air Force (USAF) make available any and all public records referring or related to environmental contamination and cleanup efforts on George Air Force Base, in the vicinity of Assessor's Parcel Numbers (APN) 0468-231-26-0000 and 0459-041-27-0000.

George Air Force Base, located in Victorville, CA, is a National Priority List (NPL) site (i.e., federal Superfund site) under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). George Airforce Base includes two parcels on which StratosFuel, LLC proposes to construct a hydrogen production facility ("Renewable H2 Project" or "Project") located on APNs 0468-231-26-0000 and 0459-041-27-0000. We request public records relating to environmental contamination on or in proximity to the Project site (APNs 0468-231-26-0000 and 0459-041-27-0000). This request includes:

• Reports, analyses, maps, assessments (including Phase I and Phase II environmental site assessments) investigating environmental contamination on or near the Project Site;
 • Mitigation measures conducted on or near the Project site in response to environmental contamination.

We request any and all public records discussing the contaminants or environmental remediation conducted at Landfill LF-12. Landfill LF-12 is located east of the Project site across Perimeter Road. VOCs were detected in LF-12's shallow soil gas, and Barium, lead, mercury, zinc, three dioxins, and hydrocarbons were detected in surface and subsurface samples.

We request any and all public records discussing the contaminants or environmental remediation conducted at Jet fuel spill SS-53. Jet fuel spill SS-53 is located immediately east of the Project site and contains free phase and dissolved phase hydrocarbons.

I write on science and environment for US magazines and investigative news sites and am writing a book for Simon & Schuster on NORM/TENORM in the oil industry. My present research has led me to the request of specific documents from EPA:

1. In a 1999 Argonne National Lab report, DISPOSAL OF NORM-CONTAMINATED OIL FIELD WASTES IN SALT CAVERNS (<https://www.osti.gov/servlets/purl/3003>) reference is made to a set of letters sent in 1996 between Ground Water Protection Council and EPA regarding the issue of 'the types of waste that can be disposed of in class II injection wells.' The letters are referenced as follows in the Argonne report, and I am looking for a copy of each of these letters:

a. "In February 1996, the Ground Water Protection Council asked the EPA to clarify that all exempted oil field wastes can be injected into Class II wells" â€” PLEASE PROVIDE A COPY OF THIS LETTER

b. "In June 1996, the EPA responded to the request in a letter from Robert Blanco, Acting Director of EPAâ€™s Ground Water Protection Division"
This letter is cited as follows in the Argonne report, "Blanco, R.J., 1996, letter from Blanco, Acting Director of EPAâ€™s Ground Water Protection Division, Washington, DC, to M.J. Paque, Executive Director of the Ground Water Protection Council, Oklahoma City, OK, on the types of waste that can be disposed of in Class II wells, June 26" - PLEASE PROVIDE A COPY OF THIS LETTER.

Thank you so much

Sincerely,
Justin

Good Morning,

Apex Companies, LLC is evaluating the property located at 2838 Gulf to Bay Blvd, Clearwater, FL 33759 for a Phase I Environmental Site Assessment.

We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.

EPA-2022-000069 Request Steven Lange Apex Companies, LLC

10/4/2021 Closed 10/12/2021

Thanks!

I request all photographs of Administrator Andrew Wheeler, or any related materials from events which he attended, that were created by Eric Vance or any temporarily assigned employee or contractor on or between Jan. 1 and Jan. 20, 2021. This request includes meetings, public appearances, press conferences, photo sessions or any other activity, whether public or private, Wheeler participated in during the course of official EPA business. This includes materials not previously made public by EPA. Please organize the material by date, and include each event's location, subject and any other relevant information. I am open to discussing the best way to receive the requested documents since the file sizes likely will be large.

EPA-2021-002332 Request Mr. Alexander Guillen POLITICO

2/1/2021 Closed 3/24/2021

Item #3 clarified by requester on 6/3/21 to only include 'external emails'.
 1. Interested Vendor List associated with the attached solicitation for Anti-racism training.
 2. Copy of any accepted proposal.
 3. 'External' Emails 'Only' sent (not received) by Francis Callaghan, the point of contact on the attached solicitation, that include the terms "anti-racism" or "diversity" from August 1, 2020, through September 26, 2020.

All data and/or records related to this final rule (https://www.epa.gov/sites/production/files/2020-10/documents/frl-10016-21-oar_10-21-20_admin.pdf), titled "Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NNSR): Project Emissions Accounting" that would indicate the number and names of all state, regional and local air agencies that are eligible to opt out of the rule's requirements, either because they have an EPA-approved SIP as described on pp. 54-55, or for any other reason. Efforts to obtain this information from EPA's Office of Public Affairs without resorting to the FOIA process were unsuccessful.

EPA-2022-000665	Request	Brendan Donley		Thank you for your time. I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses: 103 & 139 Myron Street, West Springfield, MA 01089	10/29/2021	Closed	11/2/2021

I request the same records requested in a previous FOIA request by a different person: EPA-HQ-2018-008554. This is a noncommercial individual request.

Original Request info follows: a copy of all communications, documents, and records held by the EPA related to the Juliana, et al v. United States of America, et al., lawsuit in the U.S. District Court for the District of Oregon in Eugene (docket No. 6:15-cv-01517). This should include any communications, documents, and records related to the past and ongoing proceedings of the Juliana litigation in the district court; the U.S. Court of Appeals for the Ninth Circuit's related litigation (docket No. 17-71692), including the Dec. 11, 2017, oral arguments and March 7, 2018, order; and discovery proceedings ahead of the Oct. 29, 2018, scheduled trial in Eugene, Oregon. All communications, documents, and records should include all internal or external correspondence between EPA officials and staff and others outside EPA, and include all faxes, reports, communication, letters, office emails, private emails, PowerPoint presentations, minutes of meetings, schedules, lists, slides, written notes, and/or other forms of information in which the Juliana, et al v. United States of America, et al. lawsuit and/or related proceedings are mentioned. For the purposes of this request, I seek records produced, modified, or transmitted between Nov. 8, 2016, and the date on which this request is perfected

EPA-2021-001669 Request Michael Ravnitzky 12/28/2020 Closed 3/2/2021

I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 42 South Street, Manhattan, New York, NY, 10005 C2G Environmental Consultants, LLC is conducting a Phase I Environmental Site Assessment for 3860 Review Ave, Queens, NY 11101. SBL 02-312-350

EPA-2021-002709 Request Ashley Steffen BBJ Group 2/19/2021 Closed 2/23/2021

Hereby submitting this letter, we request access to review records for the property listed above. The records of interest include any records in association with sampling, remediation, monitoring wells, compliance, violations, inspections, permits, or any other environmental concern or conditions.

EPA-2021-005897 Request Dan Dannor C2G Environmental Consultants 8/6/2021 Closed 8/10/2021

We would like to request the protocol used to support the self-disinfecting claims, as well as the DERs for efficacy, acute toxicity and the data matrix for Fabric Treated with Livinguard Technology (EPA registration number 95700-2). Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. Â§ 552, et seq., The Lubrizol Corporation requests the following information from the Office of Pesticide Programs:

EPA-2021-002750 Request Ms. casey m pehrson 2/23/2021 Closed 3/16/2021

Copies of the complete registration jackets for the following registrations -

Mykon AML (EPA Reg. No. 59825-1)
Warwick B675 (EPA Reg. No. 59825-5)
Warwick AG610 (EPA Reg. No. 59825-6)

The Lubrizol Corporation is the owner of these registrations and requests copies of all documents, confidential and non-confidential, available to the registrant.

EPA-2021-000707 Request Mr. Michael Foster The Lubrizol Corporation 11/3/2020 Closed 2/16/2021

We are requesting any and all copies of WaterSense Manufacturer Annual Reports for the years 2019 and 2020 that were submitted to U.S. Environmental Protection Agency (EPA) contractor Eastern Research Group, Inc. (ERGI)

EPA-2021-002452 Request Nicole Widel Forefront Chicago LLC 2/5/2021 Closed 3/31/2021

This is a non-commercial request.

Looking for any and all environmental information such as spills, violations, easements pertaining to the property located at 69A Carleton Ave, East Islip, NY 11730.

EPA-R2-2021-002799 Request Mrs. Janelle Cooley PW Grosser Consultants 2/25/2021 Closed 7/1/2021

Freedom of Information Act Request

To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), as amended, 5 U.S.C. Â§552, et seq., COGENCY GLOBAL INC. hereby requests a copy of the Statement of Work (SOW) for delivery order EPG16H01314. The order was for the "Dun and Bradstreet Subscription Service" and was awarded on May 30, 2016.

We request that you provide us with accurate copies, or a complete and accurate account of the information requested. We would like to receive the responsive documents on a rolling basis.

This is a commercial request. We agree to pay reasonable search and reproduction costs; however, if these costs exceed \$200.00, we request that you notify us before reproducing the documents.

We understand that we can expect a response within 20 calendar days of your receipt of this letter. We prefer electronic copies of the documents, but if courier or overnight delivery is necessary, please contact us for delivery or pickup information.

EPA-2021-003719 Request Joanna McCall COGENCY GLOBAL INC.

4/14/2021 Closed 5/12/2021

In response to FOIA Online Request No. EPA-R4-2021-002833, the EPA provided the attached RCRAInfo "Comprehensive Permitting" report for the facility registered with EPA ID No. NCD070619663 (Facility), along with the attached RCRAInfo "Process" report for the Facility, both which are dated March 8, 2021. I request current copies of these reports for the Facility, updated to include any and all new information from the March 8 run dates of the previously produced reports. Thank you.

EPA-R4-2021-003683 Request Rodney Huerter Veolia North America

4/12/2021 Closed 4/15/2021

We respectfully request:

- Any and all correspondence between the representatives from the Confederated Tribes and Bands of the Yakama Nation (Yakama Nation) and EPA personnel or the Region 10 Office of Legal Counsel regarding the Washington State Department of Ecology (Ecology) cleanup site known as the Interstate 82 Exit 33A Yakima Landfill Site (Landfill Site). The Landfill Site is generally located at 805 N 7th Street in Yakima, Washington. It is adjacent to and touches the former Boise Cascade Mill Site (Mill Site), which is itself a cleanup site proceeding to cleanup under Ecology authority. Pseudonym for the two sites may include, but are not limited to, "Boise Cascade-Yakima" or the "Boise Cascade Yakima Wood Products Complex."

- Any and all records associated with the Landfill Site and Mill Site within EPA's possession. There may be correspondence, documents, site reports, permitting requests, facility investigations, among other kinds of materials regarding the Landfill Site and Mill Site. These materials associated with the two sites may be stored within or may be related to programs under the Resource Recovery and Conservation Act (RCRA), the Toxics Substances Control Act (TSCA), the Clean Water Act (CWA), and the Comprehensive Environmental Response, Compensation and Liabilities Act (CERCLA).

Given the long history of the sites, in operation since approximately 1903, we request that the records search include archived materials.

EPA-R10-2021-003832 Request Andrew King PKG Law, P.S.

EPA-2021-000446	Request	Jessica M Welkey	Roux Associates, Inc.	<p>Roux Associates is conducting an environmental investigation of the property at 900 East Lincoln Avenue, Piscataway, NJ 08854 (Block 7501, Lot 23.01). As part of this investigation we are requesting that your office perform a records search for all identifiable remedial, permitting, enforcement violations, air permits and inspections, hazardous waste, water quality and allocation, land use, solid waste, spills, cleanups, underground and above ground storage tank records, correspondence, maps, permits, and reports on the subject property.</p> <p>Dear FOIA Officer,</p> <p>Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, et seq., I write to request the disclosure of public documents within the control of your agency. I request access to and copies of all documents in EPA possession (correspondence, memoranda, summary reports, phone records, notes, or other documents) relating to any EPA investigations, inquiries or field interviews, or to EPA enforcement actions, concerning the use by beekeepers of sodium cyanide on their honeybee colonies.</p> <p>The search period is September 1, 2004 to the date of search conducted.</p> <p>Background: An EPA investigation into beekeeper use of cyanide followed a September 2004 incident in North Dakota in which several barrels of sodium cyanide fell off of a beekeeper's truck. The EPA's regional offices participated in that investigation which lasted at least through July 2005. EPA may have conducted additional inquiries, investigations or enforcement actions relating to beekeeper use of cyanide in the years since.</p> <p>This request includes but is not limited to communications about beekeeper use of cyanide</p> <ul style="list-style-type: none"> â€¢ Between and among EPA officials; â€¢ Between EPA officials and state-level agencies or state-level officials with jurisdiction over beekeepers, pesticides, illegal use of cyanide and related matters; â€¢ Between EPA and individual beekeepers, and â€¢ Communications with or by Tim Osag, an EPA official who served as an EPA enforcement coordinator during the September 2004-July 2005 investigation. 	10/22/2020	Closed	10/23/2020

EPA-2021-006058	Request	Mr. john brooks		<p>August 18, 2021 Dear FOIA Officer: This is a request under the Freedom of Information Act for records showing the name, addresses, agencies, corporate entities, and all other relevant groups responsible for the implementation of the underground storage tankers in the state of Illinois. Specifically, the location of each underground storage tanker, the process, and rules for deciding where each underground storage tanker would be placed and how it is to be monitored. Any and all research related to the cumulative effects of the storage tankers on the population. The educational back of anyone who studied those effects. Also, any and all environmental remedies available to those affected are broken down by race. Any statutory rules that allows the tankers to be placed in their locations Please send me the records as an electronic Excel spreadsheet, or if that is not possible, in the electronic format in which you keep the records. If the records are only in paper format, please scan them into PDFs. Please email me the records, or if that is not possible, mail them to me on a CD. If you are unable to send the records in one of the formats I requested, please contact me to discuss alternatives. Please contact me for my authorization of any charge in excess of \$10. Thank you, John Brooks</p>	8/18/2021	Closed	11/5/2021
EPA-2021-003974	Request	Dr. Ann M Tillman	Pyxis Regulatory Consulting	Please provide the Data Evaluation Record for MRID Nos. 49887801 and 49943601 related to the storage stability of Stimulate Yield Enhancer Plus (EPA Reg. No. 57538-53). Records pertaining to the Boeing Company Tract I (no address, McDonnell and Lindbergh Blvd) CORRACTS/RCRA-TSDF with ID # MOD000818963.	4/27/2021	Closed	5/26/2021
EPA-R7-2021-003997	Request	Ms. Amy Drawing	Environmental Resources Mgmt.		4/28/2021	Closed	7/12/2021

				<p>I request records of all approval of outside activity forms; certifications of qualified trusts; certificates of divestiture; impartiality determinations; notices of disqualification; recusals; screening arrangements; waivers, including those resolving financial conflicts of interest; and all other ethics-related records filed by and/or given to EPA's political appointees "either classified as Administratively Determined, Schedule C, Non-career Senior Executive Service, Presidential Appointment without Senate Confirmation or Presidential Appointment with Senate Confirmation" from April 1 to May 1, 2021.</p> <p>These documents would likely be prepared under 18 U.S.C. Technology Sciences Group Inc. (TSG), on behalf of PREFENSE LLC. (EPA Co. No. 91624), hereby submits this FOIA request all physical and electronically releasable copies of the Company's Own Acute Toxicology studies, or "Acute 6-Pack" for the product "Zoonocide" (EPA Reg. No. 70087-1). These studies, listed below, were originally submitted by Coatings Systems Laboratories Inc. (EPA Co. No. 70087), but have since been transferred to PREFENSE - effective August 6th, 2020. The MRID Numbers for the requested studies are:

- MRID 49606501 " Acute Oral Toxicity
- MRID 49606502 " Acute Dermal Toxicity
- MRID 49606503 " Acute Inhalation Toxicity
- MRID 49606504 " Primary Eye Irritation
- MRID 49606505 " Primary Skin Irritation
- MRID 49606506 " Dermal Sensitization

The approved EPA Data Transfer, dated August 6, 2020, has been included with this request. This request is to include:

- Studies associated with referenced MRID Numbers.
- All physically and electronically releasable documentation associated with the referenced MRID Numbers.

EPA-2021-005111	Request	Mr. Harold D Stowe	TSG Consulting	I'm requesting RCRA records for the following location: Sterling Controls Inc., West Le Fevre Rd., Sterling Illinois (USEPA #ILD063237382). I'm requesting technical files only. I do not require proprietary or legal documents. I'm requesting files that have already been screened by USPEA attorneys. Thank you.	6/24/2021	Closed	7/1/2021

Hi,

I am reviewing your list of DERA awarded school bus grants on your website. It lists the recipient, number of buses and funding but does not provide the fuel information of the new bus. Do you have a spreadsheet that includes that information or know where I can find it?

Thank you,
Rachel

EPA-2021-005483 Request Rachel Greenberg PERC 7/14/2021 Closed 9/29/2021

financial statements and other documents in the possession of USEPA concerning how USEPA has used/dispersed funds from the 2010 Tronox Environmental Settlement Agreement and the 2014 Tronox Bankruptcy Settlement (collectively, the "Settlements") at the following sites:

• Lindsay Light Removal Sites, Chicago, IL
• Streeterville Rights-of-Way, Chicago, IL
• DuSable Park, Chicago, IL
• Kerr-McGee West Chicago NPL Sites, (USEPA Oversight), West Chicago, IL
ID numbers: ILD980824015, ILD980824031, ILD980824031, 170001466081, 2787811
• Kerr-McGee West Chicago NPL Sites, (Kress Creek), West Chicago, IL
SEMS ID: ILD980823991
• Toledo Tie, Toledo, OH
• Non-Owned Portion of Moss American NPL Site, Milwaukee, WI

Documents of interest include, but are not limited to, financial statements and quarterly/annual reports discussing the receipt and disbursement of funds from the Settlements; e-mail, correspondence, and reports concerning the use of Settlement funds at the sites; and, descriptions of remediation activities taken at each site with funds dispersed from the Settlements. Where possible I have provided site id numbers. For additional information on the sites please see the 2010 Notice of Lodging of Proposed Consent Decree and Environmental Settlement Agreement from the U.S. Bankruptcy Court, Southern District of New York.

Per my investigation of the settlement documents, funds were distributed to USEPA Headquarters Division.

EPA-2021-004527 Request Mr. Logan Ping 5/24/2021 Closed 7/27/2021

If there are any fees for searching or copying these records, please inform me if the cost will Gowan Company, on behalf of PMRA, is requesting an EPA review that is referenced in two EPA memos (attached). The references are:
• (TXR 0056942, M. Perron, 8/5/2014) and
• (HASPOC 10 April 2014; TXR 0056942)
The references have the same number but different dates, therefore, it may be one or two documents.

EPA-R3-2021-005064	Request	Mr. Trevor J Lowing	Self	Request information related to environmental cleanup at 807 South Shady Avenue Damascus, VA 24236 (EPA VAD003379062). Please include all documents, remediation details, test reports, recommendations and correspondence. Also provide any information related to future use, residual risks and recommendations impacting future use, especially to any facility construction or human use and habitation.	6/22/2021	Closed	8/25/2021
EPA-R9-2021-005098	Request	Sandra L. Demoruelle		Record of the Honokaa LCC Conversion Engineering Report to EPA-R9 due December 1, 2010 under the County of Hawaii Consent Agreement and Final Order UIC-AO-2005-0014. For context, this request arises in response to an email sent by Region 6 Remedial Project Manager Katrina Higgins-Coltrain on March 25, 2021 (hereinafter, "the email"). A copy of the email is attached to this letter for reference. In the email, Ms. Higgins-Coltrain announced the suspension the comment period end date for the Draft Preliminary Remediation Goal Memorandum for OU5 of the Tar Creek Superfund Site (hereinafter, "Draft PRG Memorandum"). The email states that the suspension is needed because EPA "received interim comments that will require a review and revision of the information provided to be more transparent and provide more clarity on how the preliminary remediation goals are developed."	6/24/2021	Closed	7/20/2021
EPA-R6-2021-003345	Request	Rebecca Jim	LEAD Agency, Inc.	Pursuant to the FOIA I request access to and copies of all agency records including but not limited to the following: 1. True and complete copies of all interim comments received by the Environmental Protection Agency or any of its employees or agents that contributed wholly or in part to the decision to suspend the comment period end date for the Draft PRG Memorandum as described in the email. 2. In addition to the interim comments referenced in the email that were made in writing, please also provide agency records (including but not limited to phone records, notes, meeting agendas, emails etc.) that reference, discuss, or otherwise create a record of non-written communication (e.g. phone call, Zoom call, in person discussion, etc.) of interim comments referenced in the email. Sierra Club requests the following records in the possession, custody, or control of the U.S. Environmental Protection Agency (EPA) related to the Schiller Station Power Plant, located in Portsmouth, New Hampshire. The timeframe for this request is July 30, 2020 to the present. Sierra Club requests: (1) Any documents submitted by Granite Shore Power Schiller LLC (including Atlas Holdings LLC, Castleton Commodities International LLC, or Energy Trading Innovations), operators of Schiller Station Power Plant, to EPA pursuant to Part I.A.11.b.1.iii. of NPDES Permit No. NH0001473 concerning the wedgewire screen intake system described in that permit. (2) Any communications between Granite Shore Power Schiller LLC (including Atlas Holdings LLC, Castleton Commodities International LLC, or Energy Trading Innovations), operators of Schiller Station Power Plant, and EPA concerning modification of NPDES Permit No. NH0001473	3/25/2021	Closed	7/26/2021

Hello,

This is a formal request under the Freedom of Information Act. As part of a records search, Tetra Tech would like to request copies of any files related to the property located at 4040 Walton Creek, Cincinnati, Ohio 45227 (Hamilton County Auditor Parcel # 520-0111-0075-00). Specifically, we would like copies of files regarding any hazardous materials storage, releases, leaks, spills, enforcement actions, emergency responses, or other similar information.

Please feel free to give me a call with any questions that may arise during your search. Thank you for your time and consideration.

Regards,
Tim Schnieber

Dear Sir/Madam,

Please accept this as request for any information/documentation/files with your department regarding the 1024 Paseo Del Pueblo Sur, Taos, NM 87571.

AEI Consultants is currently conducting the Phase I Environmental Site Assessment for the property. The ASTM Practice E1527-13 Standard Practice of Environmental Site Assessments requires that a records search be conducted with local regulatory departments for information regarding the subject property. Of particular interest are the following items:

• Records regarding hazardous materials usage/storage/incidents or known environmental concerns/contamination which may have affected the property.

• Records regarding aboveground or underground storage tank (UST) systems, which are currently or historically located at the property.

• Record of septic systems installation and repairs at the subject property.

• Records of wells in connection with the subject property.

EPA-2021-002406	Request	Asad Allahverdiyev		Thank you for your time and attention regarding this matter. 40 C.F.R. Â§ 131.20(c) provides that States shall submit the results of their Triennial Reviews to EPA. 40 C.F.R. Â§ 131.20(a) provides that "if a State does not adopt new or revised criteria for parameters for which EPA has published new or updated CWA section 304(a) criteria recommendations, then the State shall provide an explanation when it submits the results of its triennial review to the Regional Administrator consistent with CWA section 303(c)(1) and the requirements of paragraph (c) of this section." 40 C.F.R. Â§ 131.21 provides that EPA shall approve or disapprove state-adopted revisions of water quality standards. On behalf of my client, the Environmental Defense Alliance (a 501(c)(3) non-profit membership corporation), I request copies of the above-described documents relating to Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee dated subsequent to October 31, 2002.	2/3/2021	Closed	2/4/2021

EPA-R6-2021-001910	Request	Alexis L Haynes	Phase Engineering, Inc.	<p>The Arizona Department of Environmental Quality (ADEQ) administers the Section 319 NPS pollution prevention program in Arizona with EPA funding. ADEQ dispenses the money in the form of their Water Quality Improvement Grants (WQIG). After searching the Internet for ADEQ reports, I was able to compile a list of the WQIG grants ADEQ dispensed from state fiscal year FY2000 to FY2013 (see attached file). I subsequently submitted a state public records request to ADEQ asking for the annual lists of WQIG grants approved from state fiscal year FY2014 through the most recent year. ADEQ responded that they didn't have any lists of the approved grants for those years, but they invited me to go down to their public records room and they would collect all of the grant records from that time frame for me to personally review. I did that, but I have no way of knowing if I was provided with all of the WQIG grants for that time period. So, please provide me with a list of all of the Arizona WQIG grants issued from state fiscal year FY2014 till now using EPA funding. All historical and current records (including but not limited to environmental, emergency response, permits, violations, solid and hazardous waste generator) associated with the facility (and any operation taking place there) located at 112 W Park Drive, Mt Laurel Township, Burlington County, New Jersey 08054 (Block 1204; Lot 4.03) (see attached tax map showing property boundary)</p>	1/8/2021	Closed	3/2/2021

EPA-2021-004928	Request	Markus W Brombacher	INREX, LLC	<p>This is a request pursuant to the Freedom of Information Act (5 U.S.C. § 552, et seq. We seek copies of the releasable portions of the Data Evaluation Records (DERs) and related EPA data review documents for the following five studies submitted by Sharda Cropchem Ltd. to address the Acetochlor GDCI-121601-1660 data requirements for Sharda's Acetochlor Technical product (EPA Reg. No. 82633-30): (1) MRIDs 51159001; (2) MRID 51159002; (3) MRID 51159003; (4) MRID 51159004; and (5) MRID 51195301. This request includes any and all documents related to EPA's data review, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's pesticide registration files. We would appreciate it if EPA would give priority to any documents related to MRID 51195301 and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$25.</p>	6/15/2021	Closed	8/4/2021
EPA-2021-003991	Request	Mr. Jeremiah Goudy	The Thrasher Group, Inc.	<p>The Thrasher Group, Inc. (Thrasher) is currently conducting an environmental due diligence review for an approximate 235.55-acre tract (Parcel Numbers listed below) located in Beaver, Raleigh County, West Virginia (WV) (General Latitude: 37.781509°N, Longitude: 81.056378°W). As part of this review, Thrasher is requesting copies of any file information your office maintains regarding the above referenced property. Any records you may have regarding the subject property would be appreciated as the information provided by your office is a critical, and necessary component of our environmental due diligence review. We would appreciate any assistance you can provide in expediting this request. Please feel free to send the information by regular mail to the Thrasher Bridgeport Office or by email at tspear@thethrashergroup.com.</p> <p> 1-08-4-0022-0000-0000 1-08-4-0020-0000-0000 1-08-5-0001-0000-0000 1-08-5-0002-0003-0000 1-08-5-0002-0000-0000 1-08-6-0012-0000-0000 1-08-5-0002-0002-0000 </p> <p>This request is made on behalf of myself under the Freedom of Information Act (5 U.S.C. § 552.</p> <p>I am currently a developmental neurotoxicologist and private citizen working on a project that aims to support the transition from animal-based testing to the use of alternative non-animal testing methods for assessing the potential developmental neurotoxicity hazards of chemicals. I have conducted research developmental neurotoxicity research for more than 40 years. My publication record includes more than 150 peer-reviewed journal articles, book chapters, and government reports (e.g., ORCID ID: 0000-0003-1749-9971). The overall goals of this project are to: 1) facilitate the development of non-animal alternative models for development neurotoxicity by informing the comparison to in vivo results from regulatory driven testing; and 2) make the data and findings publicly available by publication in a peer reviewed journal or other publicly accessible format. I note that this goal is in line with the previous Administrator Andrew Wheeler's statement on 09/10/2019 to reduce animal testing by 30% in 2025.</p> <p>This request is for the DER for glyphosate trimesium . including memos, transcripts, work orders, etc., and emails sent by, or received by, or copied to, EPA Office of Pesticide Program Health Effects Division employees that include information about or discussion of the authorization of RoundUp QuikPRO (EPA REG NO. 524-535 / MON78365) and/or discussion of RoundUp and Personal Protective Equipment, including the proposed reduction of PPE requested by Monsanto Co. in June 2004 and subsequent approval of said PPE reduction by OPP HED to the label, why OPP HED initially recommended the "change not be allowed" (per EPA RMI email dated 3/9/2018), "Monsanto provided information it felt supported the change" (per EPA RMI email dated 3/9/2018), and the "biomonitoring data" Monsanto submitted, and any other related labeling requirements involving RoundUp QuikPRO EPA REG NO. 524-535 / MON78365 or other glyphosate based herbicides sold by Monsanto Co.

I specifically am seeking records from Jan. 1, 2004 - Jan. 1, 2007 that mention RoundUp QuikPRO, and/or EPA REG No. 524-535, and/or MON78365.

Email references above pertain to email and related captions below:

From: Bloom, Jill <Bloom.Jill@epa.gov>
 Date: Fri, Mar 9, 2018 at 4:03 PM
 Subject: RE: Diquat PPEs

...on 6/2/04, the registrant (Monsanto) requested a reduction in the current (at the time) PPE requirements for applicators and other handlers, removing both coveralls and chemical resistant gloves. Monsanto provided information it felt supported the change

Our Health Effects Division initially recommended that the change not be allowed. Then in June 2006, HED reversed its recommendation, concluding that based on "the acute toxicities of the granular end-use product" and biomonitoring data, the changes would not

EPA-2021-002238	Request	Bradford W Harris		including memos, transcripts, work orders, etc., and emails sent by, or received by, or copied to, EPA Office of Pesticide Program Health Effects Division employees that include information about or discussion of the authorization of RoundUp QuikPRO (EPA REG NO. 524-535 / MON78365) and/or discussion of RoundUp and Personal Protective Equipment, including the proposed reduction of PPE requested by Monsanto Co. in June 2004 and subsequent approval of said PPE reduction by OPP HED to the label, why OPP HED initially recommended the "change not be allowed" (per EPA RMI email dated 3/9/2018), "Monsanto provided information it felt supported the change" (per EPA RMI email dated 3/9/2018), and the "biomonitoring data" Monsanto submitted, and any other related labeling requirements involving RoundUp QuikPRO EPA REG NO. 524-535 / MON78365 or other glyphosate based herbicides sold by Monsanto Co.	1/26/2021	Closed	4/12/2021

EPA-R5-2021-002424	Request	Joseph Salamone		Requesting for NFR letter for the following property pins: (15-15-282-016... 85 HANKES AVE, AURORA, IL 60505) & (15-15-282-019)	2/3/2021	Closed	2/12/2021

We hereby request all public information in the possession of the U.S. Environmental Protection Agency (EPA) including but not limited to the Notice Letter(2) from the EPA to PCC Structural (a potentially responsible party), the CERCLA Section 104(e) Request for information from EPA to PCC Structural, the 104(e) response from PCC Structural to EPA for the Pasco Sanitary Landfill, located in or near the City of Pasco, Franklin County, Washington. Specifically, we request all information in the possession of, including but not limited to, the EPA Region 10, the Office of Solid Waste and Emergency Response, the Office of Emergency Management, the Office of Superfund Remediation and Technology Innovation and the Federal Facilities Response and Reuse Office. We request production of documents in electronic media in a word-searchable format, if possible. Please identify and inform us of all potentially responsive records within the statutorily prescribed time, and the basis of any claimed exemptions or privilege for each. Where the claimed exemption is discretionary, we request EPA exercise its discretion to release the records consistent with principles of open government. Please include all reasonably segregable nonexempt portions of documents as required by the FOIA. If a document contains a mix of exempt and non-exempt segments such that segregation is impossible, please state which portions are non-exempt, how the material is dispersed throughout the document, and provide an index of such documents to allow us to make an independent determination regarding exemption. For fee assessment purposes, we are seeking information for the purpose of legal representation and not for commercial use. If the estimated cost to responding this request is estimated to exceed \$25.00, we may choose to narrow the scope of this request. To notify us of any excess fees, or for any other questions or clarifications regarding this request, please contact us as soon as possible.

EPA-R10-2021-002069 Request Carrie Roberts Soha & Lang, P.S.

1/19/2021 Closed 2/19/2021

REPORTS REGARDING POLITICAL APPOINTEE BURROWING

I am requesting releasable copies of reports regarding political appointees whom transferred over to non-political permanent positions within this agency since as early November 1, 2016.

EPA-2021-002604 Request Derek Martin Accountable.US

If possible, we would prefer to receive this information electronically via e-mail at FOIA@accountable.us. Alternatively, we prefer PDF files on a USB drive or CD/DVD sent by mail to Accountable.US, 1919 M St. NW, Suite 450, Washington, DC 20036. If you have questions or need additional information, please feel free to call me at (312) 772-5218. Roux Associates, Inc. is conducting a Phase I Environmental Site Assessment for the property located at 1372 South California Blvd in Walnut Creek, California (APN 184-070-024). We are interested in any files your agency may have for this property.

2/12/2021 Closed 2/22/2021

Throughout the property's entire history, documents we are particularly interested in include: former environmental investigations, environmental violations, documented spills and/or leaks, underground storage tanks, aboveground storage tanks, fire reports/inspections, hazardous business permits, building permits, chemical storage/use, hazardous waste materials (transportation/storage/use), etc.

EPA-2021-002695 Request Miss Jessica Aguayo Roux Inc.

2/18/2021 Closed 2/23/2021

Thank you for your assistance, and please feel free to call or email with any questions. all correspondences (including letters and emails) regarding Clean Air Act emissions and/or safety inspections at the Edgar Thomson Works, Mon Valley Works - Irvin Plant, and Clairton Plant in Western Pennsylvania. Timeframe 2015 - present (US STEEL MON VALLEY WORKS PLANTS).

EPA-R3-2021-002463 Request Mr. Andrew D Otts

2/5/2021 Closed 2/25/2021

This request is made pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, 40 CFR Part 2 and any other statutes, rules or regulations entitling the undersigned to the information requested. So that the agency personnel do not have to spend unnecessary time searching for material, if the description below requires interpretation, please call me immediately and I will be happy to attempt to be more specific or provide any other help that I can. Also, if certain items require a search that can lead to a delay in response, please do not wait to find these, but send that material which has been located and notify me regarding which documents will be delayed. I would appreciate a telephone call if it is anticipated that the costs associated with the request will exceed \$500.

EPA has more than 5 months of USEPA PM10 metals ambient air data and met data from the NIPSCO Bailly Power Plant project that was initiated in September 2020 and is ongoing. This request is for the actual EPA PM10 data, met data and any monthly summaries that may be available. USEPA's Air and Radiation Division is involved with the EPA study.

EPA-2021-002703	Request	Connie Marini	EDR, Inc		2/19/2021	Closed	3/1/2021
EPA-2021-001819	Request	Mr. Sean Reilly	Environment and Energy Publishing	All records related to the daily calendar and meeting schedule for Mandy Gunasekara, EPA chief of staff, from Dec. 1, 2020 through Dec. 31, 2020	1/4/2021	Closed	4/26/2021

In responses to previous FOIA requests, I have received EPA's congressional correspondence logs that identify specific pieces of correspondence between EPA and members of Congress by control number and congressional office. I am now requesting specific pieces of correspondence identified in those correspondence logs by control number and congressional office. Please include attachments, enclosures or any other documents that were provided with the piece(s) of correspondence in its original form.

In addition, please provide all direct agency responses to the requested piece(s) of correspondence.

I request the following piece(s) of correspondence listed by control number and congressional office:

EPA-2021-003670	Request	Mr. Alexander Guillen	POLITICO	AL-21-000-2371 Rep. Cathy McMorris Rodgers Please send me any releasable electronic CERCLA documents dated after June 12, 2019, pertaining to assessment or remediation activities completed for the following Active Superfund site located in East St. Louis, St. Clair County, Illinois: EPA #ILD984767392 - St Louis Auto Shredding Incorporated, 1200 North First Street, East St. Louis, Illinois. Please send all technical documents, except legal or proprietary documents, that have already been screened by USEPA attorneys. Because my office has previously received files for St. Louis Auto Shredding in September 2019 (FOIA #EPA-R5-2019-008546), I am only requesting an update to the previous request. This information will be used to complete a preliminary environmental site assessment for a proposed road improvement project for the Illinois Department of Transportation (IDOT). Thank you and please do not hesitate to call me if you have any questions about this request.	4/12/2021	Closed	4/27/2021
EPA-R5-2021-003868	Request	Stephanie Wagner	Illinois State Geological Survey	Please send any files that are releasable under the SEMS system for the following active CERCLIS site. I am only requesting files that are already approved for public release from the superfund division; I do not need files that will require additional fees for USEPA to review and redact information, and I do not need any hard copy files from the Superfund Record Center or the Federal Records Center. I only need records dated from September 2018 through present. EPA #ILD000673053; WILLIAMS PIPE LINE COMPANY; 10601 FRANKLIN AVENUE, Franklin Park	4/22/2021	Closed	4/29/2021
EPA-R5-2021-003964	Request	Brad Etlie	ISGS	A copy of the final Clean Air Act Outer Continental Shelf1 air quality permit to Vineyard Wind 1, LLC, and the Endangered Species Act2 (â€œESAâ€œ) and National Historic Preservation Act3 (â€œNHPAâ€œ) final analyses supporting the issuance of that permit.4	4/27/2021	Closed	5/7/2021
EPA-R1-2021-004523	Request	Ann Brown	Center for Biological Diversity	All emails in Calendar Years 2018 and 2019 from Kristi Corbett (aka Kristi Wells) to Natasha Greaves. Please provide emails electronically.	5/24/2021	Closed	6/3/2021
EPA-2021-004165	Request	Mr. Christian F Gebhardt			5/6/2021	Closed	5/25/2021

Copies of substantive records dated from January 2020 through the date of EPA's response to this request, regarding Florence Copper or the Florence Copper Project; UIC Permit No. AZ396000001; UIC Permit No. R9UIC-AZ3-FY11-1; State of Arizona Temporary Aquifer Protection Permit (APP) No. P-106360; State of Arizona Other Amendment to APP No. P-106360 (License ID No. 71099); State of Arizona APP No. 101704; or the Florence Copper Project's Pilot Test Facility or proposed commercial operations.

For purposes of this request, the term "substantive records" refers to reports, data, technical memoranda, charts, maps, or written correspondence required by law, permit, or requested as part of the permit application review process. This request is intended to cover such records as requests for information and the responses thereto; environmental monitoring reports; work plans; agency approvals or disapprovals; formal agency comments; materials submitted by Florence Copper in support of its permit application; and permit amendments.

We are not requesting EPA internal records that may be considered privileged or confidential or an EPA privilege log covering such records; electronic mail to or from EPA (aside from substantive attachments to an email of the kind described above that are not otherwise available in the record); general correspondence; drafts, internal agency notes or memoranda; or any records or information related to the National Historic Preservation Act or the NHPA Memorandum of Agreement under Florence Copper's UIC Permit.

The intent of this request is to obtain an expedited release of the substantive records bearing on the applicant's permit application and ongoing operations at the Florence Copper mine, without requiring extensive agency review for FOIA exemptions or confidential materials. If there is a current administrative record index available, we would be happy to select documents from the index if it will facilitate EPA's response.

EPA-R9-2021-003902	Request	Ronnie P Hawks	Jennings, Haug & Cunningham, LP		4/23/2021	Closed	6/3/2021

Re: Freedom of Information Request
 275LT N Main Street
 Tax Parcels 19-04-152-003, 19-04-152-004, 19-04-176-004, and 19-04-176-003
 Crystal Lake, Illinois 60014
 Langan Project No. 541012401

Dear Sir or Madam:

Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.

The Subject Property is comprised of four tax parcels and is located at 275LT N Main Street in Crystal Lake, Illinois. The Subject Property is identified as McHenry County Tax Parcels 19-04-152-003, 19-04-152-004, 19-04-176-004, and 19-04-176-003.

Please contact me at 914-323-7432 with any questions or send your response to my attention at lgrose@langan.com or at the below address:

Please send all available incident reports for halauxifen-methyl
 . All records of EPA, EPA staff, Department of State, or Department of State staff, including but not limited to internal and external communications and the records of Karissa Kovner, reflecting or relating to the consideration of the proposed listing of Dechlorane Plus to the Stockholm Convention on Persistent Organic Pollutants, including but not limited to all records relating to the draft risk profile of Dechlorane Plus prepared by the intersessional working group of the Persistent Organic Pollutants Review Committee of the Stockholm Convention.
 2. All records of EPA or EPA staff reflecting or related to toxicological reviews of Dechlorane Plus, whether undertaken by EPA staff or outside parties. This request includes, but is not limited to, the toxicological review referenced in the February 18, 2021 e-mail from Karissa Kovner, attached as Exhibit 1.

I would like to request any and all regulatory and inspection data relating to any USTs (underground storage tanks) or ASTs (above ground storage tanks) located on the site. As well as any other environmental issues or reports on the subject property located at: 2940 US Highway 92 E, Lakeland, FL, 33801. Parcel ID 24281500000032020.
 All environmental records including but not limited to underground storage tanks (USTs), aboveground storage tanks (ASTs), RCRA hazardous waste generation, lead-based paint, asbestos containing building materials, inspections and violations associated with the following addresses in Chicago, Illinois (Zip Code 60619):

406-10 E. 75th St.

Hello,

I would like any monitoring reports, site delisting correspondence, institutional control information, remedy description for the site portion, and/or the Record of Decision for this facility and the nearby portion of the Thea Foss Waterway: J M Martinac Shipyard also listed as J M Martinac Shipbuilding Corporation 401 E 15th Street, Tacoma, WA 98421. We would prefer these in electronic form and an estimate of when this request will be fulfilled would be helpful.

Thank you,
Niki

RCRAInfo: WAD009253634

Looking for the most recent annual groundwater report for the D'IMPERIO PROPERTY, HAMILTON TOWNSHIP, NJ Superfund site. Latest one on website is from 2016.

Requesting SEMS file information a 13600 INDUSTRIAL RD, TX 77015. EPA ID TXD008090318. SEMS ID: 0601729. Site name: PLATZER SHIPYARD INC. Timeframe: Discovery Date 11/1/1982 - Archived Date 2/1/1983. Looking for any info, if available. Publicly Records that are available only. We do not need email correspondence or attachments as part of our response. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. **Please send all invoices to Accounting@PhaseEngineering.com** Thank you!, Alexis

All environmental records including but not limited to underground storage tanks (USTs), aboveground storage tanks (ASTs), RCRA hazardous waste generation, lead-based paint, asbestos containing building materials, inspections and violations associated with the following addresses in Chicago, Illinois (Zip Code 60619):

7740 S. South Chicago Ave.

We respectfully request the complete response, including supporting documents, that ConocoPhillips Co. submitted in response to EPA's Jun. 8, 2011, CERCLA 104(e) information request (attached). We are amenable to rolling releases and would like a denial log for any CBI documents. Please do not hesitate to contact me with any questions or concerns you may have with this records request.

ECS is requesting information on a hazardous waste generator listing located at 1663 Hickory Drive Stute L (AKZO Coatings Inc- FT WORTH). Please send any files pertaining to the listing including cleanups, violations, or responses.

RCRA Info: TXD988066114

We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the following Los Angeles County, CA APNs: 5641-003-003 and 5641-003-004. This APN is associated with 312-316 S Brand Boulevard, Glendale, CA 91204. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

Digital copies of the official EPA photographs #1-20, referenced in document 10488161, pages 18-37, related to site SC0000487678 and/or SCD042633859. According to the document, the TDD number of the photos is 04-9406-0017 and the negatives were located in the Atlanta TAT office.

Please also let me know if additional photographs exist and please assign this case to Gerard Dyson.

- ~~PC~~Penney's @ 200 Avenida Rafael Cordero, Suite 111, Caguas, Puerto Rico

Should you have any questions or need additional information, please feel free to call me or email me. Thank you for your time and consideration in this matter.

Sincerely,
Juan Diaz-Robles, PE
Managing Consultant
Ramboll

EPA-2021-000743 Request Mr. Juan Diaz-Robles Ramboll

11/4/2020 Closed 11/5/2020

Dear sir or madam,
I am making this inquiry as a private citizen of Douglas County, Colorado.
for power plant air permitting economic analysis, does the EPA have different \$/removed ton of pollutants in different states and/or EPA regions , attainment vs. non-attainment areas ?
When were the \$/removed ton of pollutants rates set ?
Has any consideration been given to adjusting these rates, to improve air quality further ?

EPA-2021-002095 Request Ms. Abigail Remington

Thank you for your time.
Abigail Remington

1/21/2021 Closed 2/2/2021

Pursuant to the Freedom of Information Act, CG Environmental Services, LLC is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below:

Hale's Acres Mobile Home Park
1621 North Liberty Street
Independence Missouri 64050

File Number 20-0522

Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Date Management System (HWDMS), and any reported problems in water, air and hazardous spills.

This request does not include information regarding storage tanks or PCBs.

EPA-2021-001103 Request Mr. Robert H Slater CG Environmental Services. LLC

If you have any questions, please give me a call. Thank you for your assistance.

11/24/2020 Closed 12/9/2020

I'm a Postdoc at the Environmental Defense Fund working on our PermianMAP project (www.permianmap.org). I became aware from a recent press release (<https://www.env.nm.gov/wp-content/uploads/2020/12/2020-12-21-Flyovers-reveal-high-leak-rates-in-Permian.pdf>) and conversations with the New Mexico Environment dept that NMED/EPA conducted helicopter OGI surveys with using a similar protocol as the ones we have published on our public data platform.

As part of our data analytics on PermianMAP, I'm working on a scientific publication to a peer-reviewed journal about our OGI flaring dataset to assess various metrics related to flare performance in the Permian (temporal trends, site infrastructure type: wellpad vs. G&P, connections to land ownership, state/county etc.). I would like to include this dataset of NM flyovers in this publication as it would roughly double the number of flares observed; however to interpret these metrics I also need information on the prevalence of normally operating or inactive flares, not just those with malfunctions. Presently, only the malfunctioning flares and leaking tanks (355) are given in the data available on the NMED's public GIS page, while the presser mentions 1400 Permian flares were surveyed. For clarity, I'm interested in obtaining the complete dataset of OGI observations including the sites without malfunctions.

Happy to also hop on a call to talk more details if needed. Based on some conversations, I believe Brandon Bammel @ EPA R6 is the best point of contact for this data request. If possible, due to the pandemic and that the data is digital and geospatial in nature, I would prefer a response to my email (bhmiel@edf.org).

Thanks,
Ben

EPA-R6-2021-002552	Request	Dr. Benjamin Hmiel	Environmental Defense Fund	A request for access to all materials (internal reports, risk assessments, and correspondence with lobbying groups) regarding Tetrabromobisphenol A (TBBPA).	2/10/2021	Closed	3/15/2021

Hello,
 We are performing an Phase I Environmental Site Assessment for a site located at 821 Malcolm Road, Burlingame, CA. We would like to request any documents relating to the site, including but not limited to the following documents, if available:

- â€¢ Previous environmental investigation reports
- â€¢ Hazardous materials business permits/plans
- â€¢ Incident reports & documentation
- â€¢ Leaking underground storage tank (LUST) files
- â€¢ Underground storage tank (UST)/aboveground storage tank (AST) installation, testing, removal forms/files
- â€¢ Environmental cleanup files
- â€¢ No further action letters, if applicable
- â€¢ Hazardous waste reports, manifests, and notifications
- â€¢ Compliance and inspection files
- â€¢ RCRA permitting records
- â€¢ Recorded leaks and/or spills
- â€¢ Permit files (for equipment and/or operations)
- â€¢ NPDES permits
- â€¢ Discharge files
- â€¢ Building permits and inspections
- â€¢ Permit and/or other facility violations
- â€¢ Certificate of occupancy
- â€¢ Photographs (including aerial)
- â€¢ Facility layout plans

Thank you, and have a great day!

Regards,

Carteret Lawrence

Apex Companies, LLC is evaluating the property located at 16800, 16850, & 16950 Jog Road, Delray Beach, FL for a Phase I Environmental Site Assessment.

We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.

Feel free to email or reach me at any of the numbers below should you have questions or comments.

I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from July 1 to Aug. 1, 2021.

Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes.

File information regarding releases (not air) contamination, soil & water investigations, remediation at the address 302 MIDWAY RD, FREEPORT, TX 77541. Site EPA ID TXD074195678 The Time frame: 1980-Present Publicly Records that are Available only, we do not need the denial log of CBI. We do not need email correspondence or attachments as part of our response. Thank you, Alexis

				Toxicity and environmental fate studies submitted to TSCA for registration of Perfluoroethylcyclohexane sulfonate (PFECHS).			
				The MI whitepaper on PFECHS describes the following compounds: PFECHS can be found with CAS Number 335-24-0 and CAS Number 646-83-3. CAS Number 335-24-0 is the potassium salt of CAS Number 646-83-3. Isomers of PFECHS have also been identified, including two potassium salts of PFECHS, with the CAS numbers: 67584-42-3 and 1135308-34-7. These are structural isomers of CAS number 335-24-0; note that the pentafluoroethyl group is in position 1 rather than position 4 found in CAS number 335-24-0.			
				I am interested in data regarding any of the isomers or salts.			
				Best, Sophie

Dear Sir or Madam:

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§552 (â€œFOIAâ€) we hereby request access to and copies of any and all records in your agencyâ€™s possession of the site described above and its surroundings, responsive to the following requests:

- â€• All environmental reports;
- â€• Investigation reports
- â€• Engineering reports;
- â€• Monitoring well results;
- â€• Chemical releases;
- â€• Soil sampling;
- â€• Ground water sampling;
- â€• Inspections;
- â€• Remediation activities;
- â€• Site visits;
- â€• Notices of violation;
- â€• Spills;
- â€• Hazardous waste manifests; and
- â€• Any other material related to the facility.

In addition, all records concerning permits, licenses, enforcement, compliance reports, authorizations, or Records of Decision. Please also provide us with information regarding any documents withheld by your agency.

EPA-2021-002662	Request	Veronica Vazquez	NSPR Law Services LLC	This request is for OPP. Pilot/Mason Chemical Company would like to request the DER for MRIDs 44406301 and 44406302 (our own studies). Thanks!	2/17/2021	Closed	2/19/2021
EPA-2021-002642	Request	Ryan Connair	Pilot Chemical Company	I am requesting any and all asbestos abatement records pertaining to J & K Power Vac located at 3040 Admiralty Bay Drive, Anchorage, AK 99515 and 1401 West 43rd Ave, Anchorage, AK 99503. To Whom It May Concern:

Please consider this a FOIA Records Request: I am requesting copies of all of the following records: Any data or reports or inspections or remediation relating to any lead testing or environmental testing of any kind or any related inspections or citations or remediation, if any, at the following property in the City of Miami Gardens, Florida, or nearby in the City of Miami Gardens or Opa Locka, Florida, including the following property, to wit: 15750 NW 19th Avenue, Miami Gardens, Florida 33504. The period of time covered by this FOIA Records Request is beginning from the year 2010 to June of 2017.

Please call me if you have any questions.

Brian P. Battaglia

EPA-2021-003093 Request Mr. Brian Battaglia

3/11/2021 Closed 3/16/2021

On 10 July 2020, the North Carolina DEQ (NCDEQ) issued the draft RCRA permit and fact sheet included in Ex. 1 (Draft Permit). The Draft Permit incorporates the purported application that WASCO LLC submitted under protest (Application*), which was copied to senior EPA officials, who received the documents on or before 01 March 2019. The NCDEQ acknowledges the Application* contains unspecified "deficiencies." Public comments to the Draft Permit were timely submitted to NCDEQ and copied to senior EPA officials. The public comments are attached as Ex. 1A (cover letter), 1B (public comments) and 1C (exhibits to public comments), (collectively, Comments). NCDEQ received the attached consolidated Comment Exhibits on October 2, 2020 (I have attached an updated index that reflects the consolidated document pages).

I request true and complete copies of all documents (including, but not limited to: memoranda; correspondence; email; phone notes or logs; meeting notes or logs; calendar invitations; etc.) between or among employees, representatives, executives or political leaders of EPA (EPA Region 4 and EPA HQ) and also employees, representatives, or political leaders of the State of North Carolina (including, but not limited to, the NCDEQ, and the N.C. Department of Justice), from 01 March 2019 to present, referencing, discussing, explaining, questioning or otherwise relating to: (a) the Application*, (b) the Draft Permit, (c) the Comments, or (d) all applicable combinations thereof. I also request true and complete copies of all attachments to responsive records, in native format.

To aid with the search, I have included email addresses and search terms, see Ex. 2. I believe the onus for all responsive records remains with EPA. I reserve the right to request a broader search than those in Ex. 2. I additionally clarify that this request also seeks hardcopy records within the scope, and is not limited solely to emails. Thank you.

I am requesting:
 1. The first page (i.e., Face Page) of the current contract award, and first 15 pages of the Performance Work Statement or Statement of Work for the existing contract # DTOS5917P00052
 2. for the existing contract, who is currently assigned as:
 TM/POC (govt technical manager or govt owner of the requirement),
 COR (Contracting Organization Representative),
 CO/KO (contract officer), and
 CS (contract specialist)

Request for registration jacket for EPA Registration Number 88613-1. Thank you.
 I am looking to get copies of all files/documents dated January 1, 2018 or later related to the Armstrong World Industries Superfund Site located in Macon, Georgia (EPA Remedial Project Manager Brian Farrier @ (404)-562-8952). Ideally these files would be in electronic format (i.e. scanned copies) but hardcopies would be acceptable. If the copying or scanning of the files will incur costs beyond our \$100 limit, please contact me to let me know what those costs are before proceeding.

EPA-R4-2021-003071	Request	Mr. Jon Philipp		3/10/2021	Closed	3/29/2021

Dear Regional Freedom of Information Officer:

My client, the Idaho Conservation League (ICL), hereby respectfully requests production and delivery of the records described below pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552 (â€œFOIAâ€)

This request relates to EPAâ€™s recent ALJ decision in the matter of Dave Erlanson, Sr, docket number CWA-10-2016-0109, and EPAâ€™s enforcement actions against suction dredge miners on the South Fork Clearwater River.

Requested Records

ICL requests the following information:

â€œAll exhibits prepared for Complainantâ€™s prehearing exchange in "In re Erlanson", Docket No. CWA-10-2016-0109, whether or not those exhibits were admitted as evidence.â€

To the extent practicable, we prefer these documents to be released in electronic format, via email or cloud storage. Even if an exemption under FOIA to withhold documents applies to any of the above, production of all reasonably segregable portions of documents are explicitly requested. Electronic versions of the requested records are preferable, but all FOIA deadlines are still in force regardless of the format of the delivery and production of the records.

Sincerely,
Bryan Hurlbutt

Company name: Xerox Corporation; 630 106th Street, Arlington, TX 76011 EPA Number: TXD000820324 Any and all records associated with this address and EPA number.	11/9/2020	Closed	12/14/2020

Mexico and Texas, conducted to observe emissions from oil and gas sites in those three states. The survey was conducted by a third-party contractor.

Pursuant to the FOI statute, I'd like copies of:

- the contractor's report
- any correspondence, email or other communication between EPA and the state environmental agencies in New Mexico, Texas and Oklahoma related to the survey.
- Any documentation showing the cost of the survey
- Any correspondence, email or other communication between EPA and any oil and gas producers, trade associations or other third parties related to the aerial survey we discussed.
- Any correspondence, reports, email or other information among EPA staff that deal with the results of the aerial survey.

I'm a reporter for E&E News, and I intend to use this information in a news story that will be distributed to the general public. For that reason, could you please expedite this request?

I discussed the aerial survey in an email exchange with Enesta Jones in the Region 6 media affairs office. I can provide those emails for context, if it's helpful.

If there's anything I can do to clarify or expedite this request, could you please contact me at the phone number or email address below?

Sincerely,

Mike Lee
 Dallas-Fort Worth reporter

EPA-R6-2021-004760	Request	Miriam Raffel-Smith	Sierra Club	1. All correspondence and comment letters to the U.S. Army Corps of Engineers (USACE) regarding the 404 Permit Application No. SWG-1995-02221 for the proposed MODA expansion project located in Corpus Christi, Texas2	6/4/2021	Closed	8/13/2021

This letter constitutes a request by Arizona Public Service (APS) under the Freedom of Information Act (FOIA) 5 U.S.C. Â§ 552.

APS hereby requests all records, documents, communication, and correspondence (including but not limited to all letters, emails, text messages, instant messages, and voicemails) related in whole or in part to the Agency's consideration, decision, or determination (or lack thereof) under the Tribal Authority Rule, 40 C.F.R. Â§ 49.11, of whether it was necessary or appropriate to apply or implement the Affordable Clean Energy Rule, 40 C.F.R. Â§ 60.20a et seq., to the Four Corners Power Plant located on Navajo Indian Lands near Farmington, New Mexico.

APS requests that the information sought be provided in a readily-accessible electronic format and provided in a timely fashion. In accordance with EPA FOIA regulations, APS anticipates a reply to this request within 20 working days. 40 C.F.R. Â§ 2.104(a).

I am willing to pay fees for this request up to a maximum of \$250 without prior notice from the Agency. If you estimate that the fees will exceed this limit, please inform me before processing my request.

If you have any questions regarding this request, please contact me at AWoo@mcguirewoods.com.

EPA-2021-002388	Request	Mr. Alexander Woo			2/2/2021	Closed	2/25/2021
-----------------	---------	-------------------	--	--	----------	--------	-----------

To Whom It May Concern:

Pursuant to the Freedom of Information Act, I request the following records:

A spreadsheet with the data that makes up the Greenhouse Gas Reporting Program searchable database (<https://enviro.epa.gov/facts/ghg/search.html>) from 2010 through 2019. Also, please include any data dictionary that accompanies the database.

I look forward to hearing from you within working 20 days, as required by federal law. If it takes longer than that to access the records, please let me know when I might expect to receive them.

If you deny all or part of this request, please cite the specific exemption the agency feels justifies the denial, and please let me know the appropriate avenues to appeal the decision.

If you have any questions, please email me or call me.

Thank you for your consideration of this request.

EPA-2021-002603 Request Mr. Jacob Galperin RHP Properties

2/12/2021 Closed 2/16/2021

Pursuant to the federal Freedom Of Information Act ("FOIA"), 5 U.S.C. 552, I am requesting all 7520 forms from Backfill Wells (injection of Coal Slurry Waste) in Kentucky for the past 25 years including the associated maps and other data submitted with the forms. This information is part of the EPA's monitoring of Underground Injection, Class V wells under the Safe Drinking Water Act. EPA's primary method for collecting summary data on state UIC and class V programs is its series of activity reporting forms known as the 7520 forms. These forms are collected twice a year from state programs and EPA-managed programs. The states are to provide the forms to their respective EPA regional offices, and the regional offices are supposed to submit the forms to EPA headquarters for review. Five forms comprise the core of the 7520 series; each form collects information on injection wells under the UIC monitoring program, reported by type of UIC well, including class V wells. Data collected should include summary information on the number of permits issued, maps of locations to be affected by underground injections with corresponding mine being injected, volumes of material injected through the well, Owning company for the mine being injected into, type of UIC (Mine Backfill), County location, Field Name, Well status, and well locations. Electronic formatted information which can be downloaded is preferred to hard copy, but should not be limited to electronic format if the data only exists in non-digital format.

EPA-R4-2021-002596 Request David A Berner Marino Engineering Associates

2/12/2021 Closed 3/9/2021

Dear FOIA Officer,

The Orlando Baking Company Facility (Facility ID # 18002392), located at 11129 Woodland Avenue, Cuyahoga County, Cleveland, Ohio, is identified with OH UST and OH LUST incident (Release # 18002392-N00001) on the Property, and associated NFA issued June 20, 2000; however, no documents are available online. With regard to the OH LUST and OH UST facility listing, Phase I and II ESAs and environmental issues such as USTs/ASTs, voluntary cleanup, response actions, remediation, spills, chemicals used on site, or wastes generated on the site, I request to be provided with the documents.

Thank You,

Everett Wood

Sierra Club requests Records of the following type in the possession, custody, or control of the U.S. Environmental Protection Agency (EPA) for the time period starting from January 1, 2020 up through and including the date that you conduct your search for documents:

1. All records not currently available on public sites, emails, text messages, faxes, voice mails, and other form of communications and correspondence between EPA Region 6 staff and states included in the region regarding submissions for demonstrations for 40 C.F.R. Â§ 257.71(d) or between EPA Region 6 staff and any owner or operator of a facility in Region 6 regarding submissions for demonstrations for 40 C.F.R. Â§ 257.71(d), including but not limited to the following facilities. This includes both discussions about expected or possible noncompliance at facilities and specific requests for regulatory or enforcement flexibility.
2. All records of communication not publicly available between EPA Region 6 staff and the owners, operators, or representatives of the above facilities regarding submissions for Â§ 257.71(d), or its implementation. This includes discussions about expected or possible noncompliance and specific requests for regulatory or enforcement flexibility.
3. All records of communication not publicly available between EPA Region 6 staff and trade associations regarding submissions for Â§ 257.71(d), or its implementation. This includes discussions about expected or possible noncompliance and specific requests for regulatory or enforcement flexibility.

4. All emails, faxes, voicemails, texts or other forms of communication that have been deleted which fit the above specifications and which remain recoverable in any way. If fulfilling this specification requires additional time, we would ask that production of documents meeting specifications 1-2 be given priority and processed separately from any potential responsive records to this specification.

Pursuant to the Freedom of Information Act, CG Environmental Services, LLC is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below:

Eastwood Estates Mobile Home Park
4315 Northeast 23rd Avenue
Des Moines, Iowa 50317

File Number 20-0519

Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Data Management System (HWDMS), and any reported problems in water, air and hazardous spills.

This request does not include information regarding storage tanks or PCBs.

If you have any questions, please give me a call. Thank you for your assistance.

Good Afternoon,

I am working on a Phase I Environmental Site Assessment of the Pinecrest Apartments located in North Charleston, SC and have identified the following state-regulated facilities as a potential Recognized Environmental Condition (REC) and/or Vapor Encroachment Condition (VEC):

Facility Name: Shipwatch Square
Property Address: 3655 and 3685 Rivers Ave, North Charleston, SC
Record Type: US BROWNFIELDS
ID #: Facility ID #10913 and EID #1762000

Additional facility details are provided on the attached Site Detail Reports.

I would like to request a copy of your public records available specific to the facilities listed above. If possible, please provide the following information in your response.

1. Estimated cost to receive a copy of the files
2. Estimated timing for receipt of files
3. Estimated size of files (such as number of pages, number of boxes, or an index of documents)
4. Contact information for the individual that will be coordinating my request
5. Any agency specific information that will impact my request (i.e. copies must be made in person, files will be sent electronically, etc.)

Thank you for your assistance with my request.

Thanks,
Kassandra

EPA-R9-2021-000721	Request	Mr. Jonathan Skinner-Thorr	California Communities Against Toxics	Dear Regional Freedom of Information Officer: This is a request for information under the Freedom of Information Act, 5 U.S.C. Â§ 552. I am writing on behalf California Communities Against Toxics to request certain ambient air monitoring documents. California Communities Against Toxics is a non-profit organization that advocates for environmental justice, pollution prevention, and world peace. Specifically, California Communities Against Toxics is requesting a copy of the following documents (or documents containing the following information): â€¢ California Annual Air Monitoring Reports for 2018 and 2015 and any EPA responses associated with those reports â€¢ Californiaâ€™s Air Monitoring Network monitor relocation/decommission requests for all monitoring stations indicated in the California Document Request List located below â€¢ EPAâ€™s responses to Californiaâ€™s Air Monitoring Network relocation/decommission requests for the monitoring stations in the California Document Request List located below â€¢ Any Documents associated with EPAâ€™s decision-making regarding Californiaâ€™s relocation/decommission requests â€¢ Any documentation or record relating to EPAâ€™s review of monitor siting for the last three years I further request that you provide the information requested in electronic format, if possible. If this is not possible, I request a fee waiver for any print copying that is necessary to provide the information. Thank you very much for your consideration of this request. I have included my contact information in the process of submitting this request; please feel free to reach out should you need to discuss this request any further. EPA-2021-000846	Request	Dr. Gary Carroll			11/10/2020	Closed	11/18/2020

FOIA Request for the following:

1) Provide all records the EPA keeps regarding interactions with FOIA requester and EPA Public Liaison from March 1, 2018 to later of December 1, 2020 or date of search.

2) Provide details of each incident and interaction of the EPA Public Liaison with an FOIA Requester which includes the EPA Public Liaison request, EPA Public Liaison name, requester name, dates, and details of the EPA Public Liaison for assistance with FOIA requesters from March 1, 2018 to later of December 1, 2020 or date of search.

The EPA is required to report information regarding FOIA Public Liaison interaction pursuant to Federal laws, regulations, Department of Justice Guidance, etc. including but not limited to 5 USC 552(h)(4)(A)(ii)(II) the number of times each agency engaged in dispute resolution with the assistance of the Office of Government Information Services or the FOIA Public Liaison [which reported annually], 5 USC 552(a)(6)(A)(i)(II) the right of such person to seek assistance from the FOIA Public Liaison of the agency, etc.

The United States Supreme Court has explained that the, "basic purpose of FOIA is to ensure an informed citizenry, vital to the functioning of a democratic society, needed to check against corruption and to hold the governors accountable to the governed." The "FOIA is often explained as a means for citizens to know 'what their Government is up to.'" The Supreme Court stressed that "[t]his phrase should not be dismissed as a convenient formalism." Rather it, "defines a structural necessity in a real democracy."

Any EPA delays on producing ALL these FOIA responsive records should be considered by the active District Court as concealment and obstruction of material facts and evidence for the Requester to brief in active District Court case 17-cv-1394.

EPA-2021-001196 Request Mr. James Chelmowski

12/1/2020 Closed 9/24/2021

Dear Sir or Madam,

Pursuant to the Freedom of Information Act (MCL 15.231 et seq.), the Mannik & Smith Group, Inc. (MSG) is requesting copies of public record documents for the property at 21441 Hoover Road, Warren, Macomb County, Michigan 48089.

Requested public records include information pertaining to: 1) the storage or handling of hazardous substances or petroleum products; 2) current or former underground storage tanks (USTs) and above ground storage tanks (ASTs); 3) previous environmental reports (Phase I and II Environmental Site Assessments, Baseline Environmental Assessments, or similar environmental reports; 4) building and utility records; 5) construction and demolition building permits; 6) as-built plans; 7) environmental liens or activity and use limitations; 8) specialized knowledge about environmental conditions; and 9) information indicating that a reduction in property value exists due to the presence of environmental issues at or nearby the properties.

MSG requests that the public records be provided using the actual and most reasonably economical cost (electronically mailed or otherwise electronically provided) in lieu of paper copies.

If the public body estimates or charges a fee in accordance with the cited act, MSG requests prior notification of the total amount; that the total fee be in accordance with the cited act; and not exceed the portion of labor costs directly associated with the necessary searching for, locating, and examining of public records in conjunction with receiving and fulfilling a granted written request.

If there are any questions please contact me at 734-397-3100 ext 6145

Thank you for your assistance,

Wiley Davenport

Congressional And Governmental Correspondence Logs For Senator Roy Blunt. I am requesting copies of the Congressional Correspondence logs that are maintained by the Environmental Protection Agency that lists congressional and/or governmental correspondence between the Agency and Senator Roy Dean Blunt from 2011 to the present.

For the Delphi Harrison Thermal Systems site located at, 300 Taylor Street, Dayton, Ohio (OHN000510164), provide copies of any administrative consent orders, unilateral administrative orders, judicial orders, human health risk assessment reports, ecological risk assessment reports, records of decision, final remediation reports, and any documents identifying costs incurred and costs recovered by the State of Ohio or the United States of America in connection with the investigation and remediation of contamination at the site. All environmental records including but not limited to underground storage tanks (USTs), aboveground storage tanks (ASTs), RCRA hazardous waste generation, lead-based paint, asbestos containing building materials, inspections and violations associated with the following addresses in Chicago, Illinois (Zip Code 60623):

1825 S. Sawyer Ave.

1829 S. Sawyer Ave.

1832 S. Sawyer Ave.

1858 S. Kedzie Ave.

The addresses listed herein are the subject of a Phase I Environmental Site Assessment conducted in accordance with ASTM Standard E 1527-13 and the USPEA's All Appropriate Inquiry (AAI) Rule. Thus, this FOIA request is intended to assist in the identification of Recognized Environmental Conditions (RECs), which are defined as the presence of likely presence of any hazardous substances or petroleum products in, on or at a property due to a release to the environment, under conditions that indicate a release to the environment, or under conditions that pose a material threat of a future release into the environment.

Please do not hesitate to contact me at 773-334-3944 with any questions or concerns related to this FOIA request.

To Whom It May Concern: This is a request under the Freedom of Information Act (FOIA). I request emails sent to and from the following individual at EPA related to the Yazoo Pumps project from Jan. 1, 2020, and Jan. 1, 2021:
 EPA Region 4 Administrator Mary Walker
 Please consider emails containing one or more of the following search terms as responsive records to my request:
 "Yazoo"
 "404"
 "404c"
 "404(c)"
 I also request records related to the following Nov. 30, 2020, letter from Walker to Army Corps of Engineers Col. Robert Hilliard:
https://www.eenews.net/assets/2020/12/02/document_gw_05.pdf.
 If possible, I would prefer to receive the largest number of records or documents in electronic form.
 I am filing this FOIA request as a representative of the news media since I am a reporter for E&E News.
 This designation entitles me to a waiver of fees accumulated during the actual search and review process. Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use.
 Please do not consider responsive records to this request as already publicly-released material, such as correspondence sent by members of the general public, email newsletters, email news alerts, news clippings and press releases, unless this material was emailed with commentary to and/or from one of the named individuals in this request.

EPA-2021-002394	Request	Hannah Northey	E&E News	The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the TSCA, RCRA and Superfund records for former MTD Products/Shiloh Industries located at 5389 W. 130th Street, Parma (Cleveland), Ohio since February 1, 2020.	2/2/2021	Closed	2/24/2021

On behalf of CJ Management LLC, CME Associates is conducting a Preliminary Assessment at the above referenced property. We are respectfully requesting all available records related to previous and current environmental conditions at the above referenced site. The intent of this request is to identify potential environmental concerns on the property. Unfortunately, due to the possibility that any government record could provide pertinent information regarding potential contamination, we cannot be any more specific with our request. Examples of the types of files we are looking for are as follows:

- Previous environmental investigations, actions and/or reports (Health / Environmental Depts.);
- Current and previous ownership and use of the property (Tax Dept.);
- Historical operations, including information on buildings, wells, and/or septic systems (Bldg. / Planning / Engineering Depts.);
- Reports of any spills and/or discharges (Health / OEM Fire Depts.);
- Storage of hazardous substances, or fires (Health / OEM / Fire Depts.);
- Historical environmental permit applications (Health / Building / Environmental Depts.);
- Documentation of emergency response actions conducted at the site (Health / OEM / Fire Depts.);
- Underground or aboveground storage tanks (Health / Building / Planning Depts.)
- All open and closed construction permits, especially " but not limited to - any permits pertaining to underground or aboveground storage tanks, wells, and septic systems (Building / Code Enforcement Depts.)
- Site plans and/or development applications (Planning / Engineering Depts.)

The information gathered from the files will be used in a Preliminary Assessment Report. If you have any questions or require clarification, please do not hesitate to contact me at (732) 951-2101, extension 117 or via e-mail at cnaveendra@cmeusa1.com.

EPA-2021-006718	Request	Amelia Feick	Roux Associates		9/24/2021	Closed	9/29/2021

I would like to request an Environmental Education proposal.

Troy University, \$100,000, 2019.

Brian Helms, 210K MSCX, Troy, Alabama 36082

Abstract: Deep South Student Leadership and Environmental Action Program (LEAP) This project will take place in Alabama's Black Belt region, which comprises roughly 17 underserved counties with high poverty, little economic opportunities, and high unemployment. Thus, there is a critical need for advances in education, awareness of local environmental issues, and much needed job skills among the youth in this area. Troy University's Deep South Student Leadership and Environmental Action Program (LEAP) will allow students to exercise their creativity by guiding place-based environmental problem-solving design, solution implementation, and interpretation through an informal environmental mentoring initiative. During this mentorship initiative, mentors, liaisons, and 18 11th-12th grade Fellows will identify local, manageable environmental issues and associated means to address them (i.e., a "solution"). The project Fellows will in turn lead and inspire other students and community members at their respective schools by implementing their own environmental projects. The projects implemented by the Fellows will directly reach an additional of 3,000 high school students and community members.

EPA-R4-2021-003718	Request	Bryanna Patinka			4/14/2021	Closed	5/20/2021
EPA-2021-004291	Request	Mr. Robert R. Coburn	Citizen	Need advise on area property. This came from Mail Carrier.	5/13/2021	Closed	6/4/2021
EPA-2021-003842	Request	Mr. Tim Cansler	Cansler Consulting, LLC	December 2020, EPA published a document (attached), Public Comment and Response Document for the Final Lead and Copper Rule Revisions. In the document (bottom page 159-160) EPA determines to exclude an NSF-61 certified pipe lining technology from 40 CFR 141.84. I would like to better understand the operations and activities of EPA Office of Water and Office of Research and Development in how this decision was reached. I would like to obtain EPA's Decision Memorandum(s) related to this decision, including the names and titles of all EPA official involved in this decision.	4/21/2021	Closed	5/14/2021
EPA-2021-004327	Request	Mrs. Rebekah A Goins		I would like to request any and all regulatory and inspection data relating to any USTs (underground storage tanks) or ASTs (above ground storage tanks) located on the site. As well as any other environmental issues or reports on the subject property located at: Northwest of the intersection of Southeast 98th Lane and US Highway 441 (PID 36872-002-00), Belleview , FL, 34420.	5/13/2021	Closed	5/18/2021
EPA-2021-004376	Request	Lael Jimenez	Lonza	Requesting all 6(a)2 reports / adverse event incident for the active ingredient ferric phosphate (PC # 34903) for the date range 1/1/2017 through 12/31/2017.	5/17/2021	Closed	5/19/2021
EPA-2021-003872	Request	Ryan Connair	Pilot Chemical Company	This request is for OPP. Pilot/Mason Chemical would like to request the generic data matrix (8570-35) for 1677-258. Thanks!	4/22/2021	Closed	5/20/2021
EPA-2021-004231	Request	Dr. Ann M Tillman	Pyxis Regulatory Consulting	Please provide an electronic copy of all EPA reviews (DERs) for enforcement analytical method for EPA Reg. No. 2517-126. Method may be found in MRID 46087601.	5/11/2021	Closed	5/19/2021
EPA-2021-004379	Request	Lael Jimenez	Lonza	Requesting all 6(a)2 reports / adverse event incident for the active ingredient ferric phosphate (PC # 34903) for the date range 1/1/2020 through 12/31/2020.	5/17/2021	Closed	5/19/2021
EPA-2021-004498	Request	Dr. Sophie Shive	University of Notre Dame	Hi, Would you be so kind as to send me a delimited file that contains the refresh dates/dates of new data releases of the GHGRP, ICIS-AIR, and NEI for as far back as you have them? If you have this, please also include the dates when potential reporting mistakes were corrected and what corrections were made. Do let me know if I can provide clarifying information. This is for academic research only.	5/21/2021	Closed	8/31/2021
EPA-2021-004440	Request	Ms. Olivia Bowles	Roux Associates Inc.	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APN: 5144-008-017. This APN is associated with the address: 888 W 6th St, suite 550 & 200, Los Angeles, CA 90017. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, "certified" and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	5/19/2021	Closed	5/24/2021

EPA-2021-003387	Request	Ms. Monique Harden	Deep South Center for Environmental Justice	<p>the application by the State of Louisiana for primary enforcement authority over Class VI Underground Injection Control (UIC) that pertains to the storage of carbon dioxide (CO2), and</p> <p>the EPA's conditional exclusion of hazardous CO2 streams captured from emission sources from the definition of hazardous waste in the Resource Conservation and Recovery Act (RCRA), as set forth in Hazardous Waste Management System: Conditional Exclusion for Carbon Dioxide (CO2)</p>	3/29/2021	Closed	8/20/2021
EPA-2021-004619	Request	TJ Vincz	VHB	<p>Environmental Search for Preliminary Assessment: VHB is requesting remedial, permitting, and/or enforcement records for this property. This includes documents regarding underground and/or aboveground storage tanks, wells, septic systems, notices of violation, hazardous materials usage, storage or disposal, and/or land use restrictions associated with the property that the Department may have, such as, but not limited to: BUST, SRP, ISRA, RTK, AIR, and DLUR. Additionally, the property is identified as United Paint and Varnish Co. under Program Interest Nos. 008859 and E20020246.</p>	5/28/2021	Closed	6/5/2021
EPA-2021-004758	Request	Rebecca Regan	Matrix New World	<p>Matrix is preparing a Phase I Environmental Site Assessment for the Site area located at the following adjoining blocks/lots adjoining Honk Lake, located in Napanoch, New York, 12348: 83.1 and 83.1 (16 Honk Lake Road). Information/files requested include the following: underground storage tanks, aboveground storage tanks, health and environmental permits and violations, discharges/releases of petroleum and hazardous materials, spills, hazardous materials, health and environmental inspections and/or investigations, potable wells, monitoring wells, septic systems, and other environmental reports.</p> <p>Any and all information relating to compliance with environmental regulations, especially any violations or noncompliance with standards and any notices issued for problems with this facility, Cortec Biotechnology Campus located at 2420 Trailmate Dr. Sarasota, Florida 34243.</p>	6/4/2021	Closed	6/8/2021
EPA-R4-2021-004852	Request	Ms. Lady Mendez Ferrera	Chase Corporation	<p>I request copies of Appendices B and C to the Reregistration Eligibility Document for Chlorinated Isocyanurates: List A: Case 0569 (September 1992). These documents are maintained by the Antimicrobials Division in the Office of Pesticide Programs. Thank you.</p>	6/10/2021	Closed	6/15/2021
EPA-2021-002500	Request	Walter G Talarek	Walter G Talarek PC	<p>Electronic copies of the following applications submitted by Maryland, Pennsylvania, Virginia and West Virginia as part of the EPA Fiscal Year 2021 Brownfields MAC Grant competition: (1) City of Frederick, MD; (2) Maryland Department of Planning; (3) Butler County, PA; (4) Jastech Development Services, PA; (5) City of McKeesport, PA; (6) North Side Industrial Development Company, PA; (7) SEDA-Council of Governments, PA; (8) Somerset County Economic Development Council, PA; (9) Northampton County, VA; (10) Pittsylvania County, VA; (11) City of Staunton, VA; (12) Virginia Department of Environmental Quality; (13) Belomar Regional Council, WV; (14) Bluefield WV Economic Development Authority, WV; (15) Boone County Community Development Corporation, WV; (16) Kanawha County Commission, WV; (17) Paden City Development Authority, WV; (18) Region 4 Planning and Development Council, WV; and (19) City of Wheeling, WV. Under the Freedom of Information Act, I request a copy of the following documents (or documents containing the following information) for the John F. Kennedy Center for the Performing Arts (FRS ID: 110070119592 and NPDES ID: DC0000248) to be provided to me, on behalf of the Potomac Riverkeeper Network (PRKN):

- (1) Discharge Monitoring Reports for the period January 1, 2018 to June 22, 2021.
- (2) Inspection reports, and any Notices of Violation or other documentation relating to informal enforcement action by EPA against the facility, for the period January 1, 2018 to June 22, 2021.
- (3) All documents submitted to the EPA from the Kennedy Center regarding the Thermal Plume Study mentioned under Part III: Special Conditions of the 2013 NPDES permit.
- (4) Complete copy of the most recent NPDES renewal application submitted to EPA by the permittee.

Thank you for your consideration of this request.

Sincerely,

Samantha M. Howard
Potomac Riverkeeper Network
To Whom it May Concern:

EPA-R3-2021-005076	Request	Ms. Samantha M Howard	Potomac Riverkeeper Network	Samantha M. Howard Potomac Riverkeeper Network To Whom it May Concern:	6/22/2021	Closed	7/15/2021
EPA-2022-000647	Request	Brendan Donley		I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses: 164 Elm Street, 200 Elm Street, and 695 East Main Street, Stamford, CT	10/29/2021	Closed	11/1/2021
EPA-2022-000778	Request	Alma Dukovic		I'm trying to track down the Presidential permit for Line 5 (an oil pipeline constructed in 1953 by Lakehead). While the 1953 record is available, Lakehead would have had to request another one in 1991 with the change in ownership of the company ("Lakehead" to "Lakehead Pipe Line Partners," or "Lakehead Pipe Line Company, Limited Partnership"). This Presidential permit would have been requested by the company for border crossings. The application for Line 6B was submitted on October 23, 1991 and signed on December 12th, 1991 (this may provide a more specific time frame, if the company submitted both applications around the same time). The Line 6B permit was handled by this Department of State's Economic Affairs division. I have already submitted a FOIA request to the Department of State and will probably send another to the Department of Transportation; I've decided to send one to the EPA as well, seeing as the matter concerns environmental protection, and it may be possible the EPA holds these records. Please provide me with the results of any EPA testing or any documents in EPA's custody concerning testing by other parties to determine the lead levels in drinking water in Clarksburg, West Virginia. This request is mean to include, but not be limited to, records concerning any such testing conducted in calendar years 2019, 2020 and 2021, as well as any enforcement records, citizen complaints, and documents describing tests to be taken to abate any violations.	11/4/2021	Closed	11/5/2021
EPA-R3-2021-005536	Request	Ken Ward	ProPublica	Requester narrows scope to omit contractor names, new articles and nonresponsive information. EPA-2021-005983	Request	Mr. Fred Trudwig Jr.			8/12/2021	Closed	8/26/2021

Good Morning,

I am working on a Phase I Environmental Site Assessment of the Fresh Pond Apartments located in Cambridge, MA and have identified the following federally-regulated facility as a potential Recognized Environmental Condition (REC) and/or Vapor Encroachment Condition (VEC):

Facility Name: Rindge Towers Apartments
Property Address: 362-364 Rindge Avenue, Cambridge, MA
Record Type: SEMS-ARCHIVE
Site ID: 0100861; EPA ID: MAD981062045

Additional facility details are provided on the attached Site Detail Report.

I would like to request a copy of your public records available specific to the facility listed above. If possible, please provide the following information in your response.

1. Estimated cost to receive a copy of the files
2. Estimated timing for receipt of files
3. Estimated size of files (such as number of pages, number of boxes, or an index of documents)
4. Contact information for the individual that will be coordinating my request
5. Any agency specific information that will impact my request (i.e. copies must be made in person, files will be sent electronically, etc.)

Thank you for your assistance with my request.

EPA-R1-2021-004543	Request	Kassandra Smith			5/25/2021	Closed	6/24/2021
EPA-2021-002159	Request	Mr. Joshua Nessenson	Atlantic Environmental Consulting Services, LLC	We are performing a Preliminary Assessment (PA) of the former S2 Solutions Inc/General Ind Diamond site, located at 1 Leslie Court/140 Algonquin Parkway, Hanover, NJ. We are requesting any Site Remediation, permitting or UST/AST files and any documentation of environmental violations associated with this property.	1/22/2021	Closed	1/29/2021
EPA-2021-001730	Request	Grant Bauer	Danolyte Global Inc.	Hello, please provide all EPA registration application documents, including the EPA product registration submissions, correspondence with EPA, and efficacy data evaluation records, for Aqua Engineered Solutions's product Envirolyte O&G registration number 93908-1. Please include applications, citations, data matrixes and correspondence regarding deficiencies and corrections and final decisions. Thank you.	12/29/2020	Closed	2/2/2021

copies of specific public records relating to the following two sites located in EPA Region 2:

â€¢ The Federal Creosoting Company site located at 21, 99, 61 and 203 Kuller Road in Paterson/Clifton, New Jersey. This site is also known as the Benjamin Moor/Former Kraft, the Northern AEC (203 Kuller Road), the Rem Pac Foam Facility (21 and 61 Kuller Road), and for NJ Transit (99 Kuller Road). The site is also known as the Federal Creosoting Company Paterson Plant. The sites are located in Paterson and Clifton, New Jersey.

â€¢ The GCL Tie & Treating facility located at 140 Delaware Avenue, Sidney, NY. This facility has a USEPA ID of NYD981566417 Sidney/Delaware. The facility was formerly known as the Federal Creosoting Company

I request copies of fact sheets, reports, investigations, inspections, and cost data related to the above sites for the period 2005 to the present. Please note, I have downloaded available documents from the USEPA website.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. I would request a prompt response to this request. If you expect a significant delay in responding to or in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Please contact me by email at lwp1018@gmail.com if you have any questions or need more information in order to process this request.

EPA-2021-003452	Request	Joel T. Caldwell		Hi, I am a senior in undergrad, and I am researching plastic usage trends. The EPA currently has data on plastic waste generation, amount of plastic recycled, and the amount of plastic generated (https://www.epa.gov/facts-and-figures-about-materials-waste-and-recycling/plastics-material-specific-data). This data is only up to 2018, so I am wondering how I can access the updated data. Thank you so much!	4/1/2021	Closed	10/1/2021
EPA-2021-005584	Request	Margaret Zhang		Margaret We are interested in obtaining documents related to the following APNs and addresses: Address: 18618 Oxnard Street, Tarzana, California 91356 APN: 2156-006-018 For the purpose of this request, environmental records would include underground storage tanks, aboveground storage tanks, "certified" and/or other environmental permits, enforcement orders, and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media. Can you please notify us if you have any records?	7/20/2021	Closed	8/18/2021
EPA-2021-004747	Request	Mr. Justin Allen		I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following addresses: 3133 E 106th Street Chicago, IL; 3003 E 108th Street Chicago, IL; and 3217 E 106th Street Chicago, IL.	6/4/2021	Closed	6/8/2021
EPA-2021-004972	Request	Maddy Burt	BBJ Group	All records, information, and data created or held by EPA related to: (i) Beyer Dairy 1, located at 8892 S. US 377, Dublin, TX 76446 (EPA ID: TX0123765); (ii) Erath County Dairy Sales and Livestock Commission, located at 8892 S. US 377, Dublin, TX 76446 (EPA ID: TX0126985); (iii) ABF Packing, Ltd., located at 8785 S US Highway 377, Dublin, TX 76446 (no known EPA ID); (iv) Texas Best Proteins LP, located at 5775 FM 2201, Santo, TX 76472 (no known EPA ID); and (v) Kennedy Sausage Co., located at 5775 FM 2201, Santo, TX 76472 and/or 1318 Clear Lake Rd., Weatherford, TX 76086 (no known EPA ID) from January 1, 2017 to May 6, 2021.	6/17/2021	Closed	6/25/2021
EPA-R6-2021-004157	Request	Cailen LaBarge	SEED: Strategies for Ethical and Environmental Development, Inc.	EPA approved into the Massachusetts SIP a locomotive anti-idling rule back in 1972 (attached 37 Fed. Reg. 23085 (Oct. 28, 1972)). I am looking for more information, documents, correspondence, or anything from this time period that EPA used to justify this rulemaking. The attached document does not mention anti-idling specifically, so any transcripts of meetings/notice and comment periods/etc. would be helpful to see the rationale behind this rulemaking.	5/6/2021	Closed	6/2/2021
EPA-2021-004580	Request	Ms. Grecia Orozco			5/26/2021	Closed	6/3/2021

This request is made by William R. Taylor (Jones Day). Attached is a letter stating the same.

The relevant time period for the following request is from December 2017 to the present. We request copies of:

(1) All communications between USEPA and any Star Lake Canal Site Potentially Responsible Party (PRP) or its counsel, relating to the absence, existence, or quality of evidence allegedly demonstrating the potential liability of any of the following entities for costs of Response (as that term is defined at 42 U.S.C. Â§ 9601(25)) (Response Costs) at the Star Lake Canal Site, or otherwise discussing such evidence: TOTAL Petrochemicals & Refining, USA, Inc. (TPRI) BP America Inc.; and BASF Total Petrochemicals, LLC; (2) All documents relating to the potential liability of any of the above-listed entities for Response Costs at the Star Lake Canal Site.; and (3) All communications between USEPA and any Star Lake Canal Site PRP or its counsel concerning the Port Arthur Refinery located between 32nd Street and the Neches River in Port Arthur, Texas, including any communications concerning the potential or alleged contribution of hazardous materials by the Port Arthur Refinery to the Star Lake Canal site or any related Area of Interest.

Please be advised that Jones Day represents TPRI in connection with matters related to the Star Lake Canal Site.

Hello Through a FOIA Request, I am requesting the following for all of Region 1, in Excel or other spreadsheet format. A listing of Voluntary Cleanups of Priority Sites located on Indian Land in Region 1 Information I would like is: Site name Site location address site location city site locations state site location zip county Latitude Longitude EPA ID number VCP details I guarantee payment of cost up to \$25.00. If the cost will exceed this amount, please let me know thank you for your help

I am looking for subchronic and chronic oral toxicity data for Copper-8-hydroxyquinoline. I think the substance has a registration eligibility document. It should be easily available from EPA, but the link on your site does not work and searching the archive is a disaster. https://archive.epa.gov/oppsrrd1/registration_review/web/html/index-77.html Most links on your site do not work. Your website is a disaster. Thank you in advance.

Any + all info on the property at HWY 558 (3 miles SW of Texarkana TX) and east of Buchanan Rd, Texarkana TX 77501 (a.k.a. 1246 Buchanan Rd (a.k.a. Baroid Rd))(a.k.a. 278 CR 1329, Texarkana TX 75501)(33 deg 22'36.2" N, 94 deg 03'13.5 W) Bowie County. The zip code was also recorded as 77502.

Public Records Request
 Subject: Industrial Property
 60 South County Road 900 W
 North Vernon, Jennings County, Indiana 47265

This letter serves to request environmental information for the site listed above. We are interested in obtaining copies of all file information for the property such as registrations, reports, permits, violations, clean-up information, corrective actions and underground storage tanks etc. Specifically, we are interested in any files regarding releases of hazardous substances and/or petroleum.

We understand that there may be costs associated with this request (i.e. shipping, copying). We ask that you notify us with an estimate of these costs at your earliest convenience. If there are no costs associated with this request and documents can be faxed or e-mailed to our office, please fax to (513) 353-1701 or email to kari@gowestech.com. Should you require further information regarding this matter, please call me at (513) 353-0700.

Thank you for your attention to this matter.

Regards,

Kari Brown
 Office Manager

EPA-2021-005803 Request Kari Brown WESTECH Environmental Solutions

8/3/2021 Closed 8/4/2021

EPA-R9-2021-004795 Request Mrs. Sandra L Demoruelle

Records of waivers from EPA provided to the State of Hawaii Department of Health Wastewater Branch that allow the Hawaii State CWSRF loan funds to be used for funding design of the County of Hawaii Naalehu and Pahala large capacity cesspool (LCC) closure projects from January 1, 2005 to June 7, 2021.
 Please send me any releasable electronic CERCLA documents dated after January 2020, pertaining to assessment or remediation activities completed for the following active Superfund site located in North Chicago, Lake County, Illinois:

6/7/2021 Closed 6/21/2021

EPA ID# ILD097271563 - Vulcan-Louisville Smelting Company, One Tantalum Place, North Chicago, Illinois.

Please send all technical documents, except legal or proprietary documents, that have already been screened by USEPA attorneys. Because my office has previously received files for Vulcan-Louisville Smelting Company in 2020 (FOIA #EPA-R5-2020-002584), I am only requesting an update to the previous request.

EPA-R5-2021-004854 Request Stephanie Wagner Illinois State Geological Survey

6/10/2021 Closed 6/23/2021

This information will be used to complete a preliminary environmental site assessment for a proposed road improvement project for the Illinois Department of Transportation (IDOT). Thank you and please do not hesitate to call me if you have any questions about this request.

Subject: Freedom of Information Act (FOIA) Request/File Review Request
 Parke East Townhomes
 1000 S Woodlawn St, Wichita, KS 67218, United States
 Parcel ID#: 087-119-30-0-32-05-007.00
 GRS Group Project No. 21-52791.1

To whom it may concern:

Please accept this as request for any information/documentation/files with your department regarding the above-referenced property.

GRS Group/ENVAZE is currently conducting the Phase I Environmental Site Assessment for the property. The ASTM Practice E1527-13 Standard Practice of Environmental Site Assessments requires that a records search be conducted with local regulatory departments for information regarding the subject property. Of particular interest are the following items:

Any records on violation found out as a result of inspection conducted on 06/14/00 (as per FTTS INSP records). As per our information type of inspection has been conducted is "Lead, Section 1018, SEE". Legislation code - TSCA. Inspection number: 20000614N7017 2.

Please call 720-829-9709 or email asad.allahverdiyev@envaze.com me to discuss the file information or if you require further information. Thank you for your time and attention regarding this matter.

Respectfully,
 Asad Allahverdiyev

Reports associated with the Joliet Chemical Fire, Case 05-2020-1000, EPA ID 110070505267 otherwise known as MPG Industries, Inc., 20604 Amherst Court, Joliet, Illinois 60433 We are performing an environmental assessment at the property located at 940 N 20th Street, Columbus, Ohio 43209 (parcel #'s: 010-034080 to 85, and 010-03489 to 93). We are reviewing regulatory databases as part of this assessment, focusing on potential releases of hazardous substances and/or petroleum, permits issued, or emergency responses. We are requesting a search of relevant files under your supervision to determine if potential releases/issues have or may have occurred. We understand that you may charge a nominal fee for recovery of this information, and agree to pay these charges provided that services are completed within 21 days and costs do not exceed \$20. You can reach me at 614-444-8078 x209 or at mharris@pandeyenvironmental.com with questions or comments. Please find attached the property map that includes the property boundary and parcel number for reference information. Thank you.

In your website it is stated that every year the EPA awards more than \$4 billion in funding for grants. I would like to request the documentation regarding the name of the organizations that received the money, how much each one of them received and how it was used. I would like to also request all the files that confirm the use of the money for the purposes informed. I would like to have access to every form and/or applications that each organization submitted in order to receive the money, as well as the support files and documents that show the funded initiatives and their consequences and importance for the environment. As it is stated in your website, I would also like proof documentation of how this initiatives and organizations protect human health and the environment. Moreover, I am requesting all additional terms and conditions that were established for specific awards.

Hello,

I am looking for documents related to:

12403-12423 Central Ave. Chino, CA 91710

12425-12437 Central Ave. Chino, CA 91710

12443-12455 Central Ave. Chino, CA 91710

12463-12475 Central Ave. Chino, CA 91710

12479 Central Ave. Chino, CA 91710

Specifically, I am looking for history of spills/releases, leaking UST, ASTs, environmental investigations, fires, and/or cleanup programs related to these properties.

Please let me know if anything is available.

Thank you.

EPA-2021-004272	Request	Kirsten N Myles	Tetra Tech, Inc.	Tetra Tech, Inc. is conducting a Phase I Environmental Site Assessment (ESA) at 55171 Eola Road, Aurora, DuPage County, IL 60504 (PIN# 0708104010). This investigation is being conducted to identify evidence of any recognized environmental conditions (REC) that may have adverse environmental impacts upon the subject property. Tetra Tech is requesting any records you may have concerning the property of interested including, but not limited to: records indicating former operations/owners, contamination issues in soil or groundwater, leaks or spills of hazardous materials, use or storage of hazardous materials, monitoring well installation records and/or sample results, underground or aboveground storage tanks, building code violations, site remediation/investigation activities, environmental violations, sewer or septic permits, No Further Action letters, consultations with the USEPA or IEPA, sites that may be classified as State Hazardous Waste Sites, fire code violations, permits and inspections, individual sewage disposal (ISD) permits, complaints, solid waste (landfills, etc.), and/or related information.	5/12/2021	Closed	5/14/2021
EPA-2021-004295	Request	Mr. Larry Nodler	622 Forsythia Court	I request copies of underground storage tank records (removal and site assessment) at the Fisher Creek Lodge (aka Obsidian Station) in Obsidian, Idaho. The property has gone by two addresses: (1) 1 Sessions Drive and (2) 178 Highway 75, both in Obsidian, Idaho. I have checked with the Idaho Department of Environmental Quality, and department personnel referred me to EPA as they were working with EPA when six tanks were reportedly removed in 1991. IDEQ identifies the tank site as ID #6-190001, if that number can be cross-referenced in EPA's database. Thank you very much. EPA-2021-000982	Request	Ms. Erin Rhodes	GASP	any available reports or transcripts from the Title VI Complaint Investigation Interviews completed by the EPA External Civil Rights Compliance Office (ECRCO) for complaints 03R-15-R4 and 08R-15-R4.	11/19/2020	Closed	5/5/2021
EPA-2021-002786	Request	Ms. Lisa C Meoli	King	Please find attached a congressional hearing that includes a letter sent from Stanley W. Legro of the U.S. EPA Office of Enforcement to Senator John V. Tunney of California dated October 20, 1975 (starting at the bottom of page 2 of the PDF). In this letter, part (3)(a) states "Enclosed is a summary provided to EPA by Monsanto Company of Monsanto's manufacture and sales of PCBs for the period 1957-1975 (first quarter)." We are in search of the referenced summary from the U.S. EPA Office of Enforcement. Please provide, if located, the original letter and all enclosures. Specifically, (3)(a) is the enclosure we are looking for, but would also like anything else that may be part of the letter submittal.	2/24/2021	Closed	6/10/2021

ADDRESS

Dear

Pursuant to the Freedom of Information Act, CG Environmental Services, LLC is requesting information or copies of records pertaining to any reported environmental problems of a hazardous or toxic nature that may have occurred at the property referenced below:

Two Commercial Properties
1025-1031 Southwest Jefferson Street
Lee's Summit, Missouri 64081

File Number 21-0581

Our request includes, but is not limited to, information pertaining to the National Priority List (NPL), Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS), Hazardous Waste Data Management System (HWDMS), and any reported problems in water, air and hazardous spills.

This request does not include information regarding storage tanks or PCBs.

If you have any questions, please give me a call. Thank you for your assistance.

EPA-R9-2022-000088	Request	Mr. Charles McCreery		Requesting permit numbers and effective dates of all ocean dumping permits issued by EPA Region 9 to Shell Chemical Company between April 1973 and November 1977, pursuant to Section 102 (33 U.S.C. Â§ 1412) of the Marine Protection, Research, and Sanctuaries Act of 1972. Please note only permit numbers and effective dates are requested, which means EPA does not need to have the permits on hand to have respondent information. For example, respondent information could come from listings of files sent to archive, or other references that the permits were known to have been issued by EPA Region 9 in the past. We are seeking files pertaining to the storage/dischage of hazardous substances, environmental violations, enforcement actions, and permitting information in relation to the following property: (257 SOUTH AVENUE, GARWOOD, NJ 07027)	10/5/2021	Closed	11/1/2021

Good Morning,

Apex Companies, LLC is evaluating the property located at 5226 East Hillsborough Avenue Units D and F, Tampa, Florida 33610 for a Phase I Environmental Site Assessment.

We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.

Thanks!

EPA-2022-000012	Request	Steven Lange	Apex Companies, LLC		10/1/2021	Closed	10/7/2021

				I am conducting a Phase I Environmental Site Assessment for a property located at 975 South 143rd Avenue Goodyear, AZ. The property is located north of the Phoenix-Goodyear Airport, and it appears that the north portion of the groundwater contamination plume extends below the subject property. Three groundwater monitoring wells are located on the subject property identified as GMW-15UC, GMW-16UC and GMW-19US. This property was recently developed in 2020 with a large warehouse facility, and MW-15 and MW-16 are actually located inside the building. The most recent Groundwater Sampling data available on you website is from 1st quarter 2020, and these wells were not identified as having been sampled at that time likely due to site development. I spoke with the property owner and he indicated that the wells have been sampled at least twice since the building was constructed, with the most recent sampling event occurring approximately 1.5 to 2 weeks ago. Can you please confirm if those sampling results associated with these three wells is available and please provide copies of the results for those wells? Is contaminated groundwater still located below the subject property?

Through this request, I would like to obtain polygon boundary coverages of all National Priority List (final, deleted and proposed) sites in Region 1. ArcInfo Export or Shapefile format or geodatabase format.

I would like:

Operable Unit Polygons: The OU polygons represent an individual OU's perimeters, which are used to identify a portion of a Superfund site with which assessment and response actions are associated

Total Site Polygon: The total site polygon represents the footprint of a whole site, defined as the sum of all of the OUs and the current understanding of the full extent of contamination

Please let me know

Thank you,

Lisko Environmental is conducting an inquiry into environmental operations for a property located at 135 Main Street, South Amboy, NJ (Block 161.01, Lot 26). Please provide a Preliminary Assessment search from departments including but not limited to: SRP, BUST, ISRA, Land Use, Water Allocation, and RTK.

This environmental file inquiry is being conducted as part of an Preliminary Assessment to identify the presence of any potentially contaminated areas. The purpose of this inquiry is to obtain information from your files pertaining to the current and historic environmental state of the property, including compliance and enforcement, environmental management, land use, site remediation, and water quality associated with the property as well as its present and past uses and recognized environmental conditions (e.g., hazardous waste, discharges, waste storage, underground storage tanks).

Please contact me if you have any further environmental information for the property, or if you have any questions.

Sierra Club requests Records of the following type in the possession, custody, or control of the U.S. Environmental Protection Agency (EPA) for the time period starting from January 1, 2020 up through and including the date that you conduct your search for documents:

1. All records not currently available on public sites, emails, text messages, faxes, voice mails, and other form of communications and correspondence between EPA Headquarters staff and states included in the region regarding submissions for demonstrations for 40 C.F.R. Â§ 257.71(d) or between EPA Headquarters staff and any owner or operator of a facility in Headquarters regarding submissions for demonstrations for 40 C.F.R. Â§ 257.71(d), including but not limited to the following facilities. This includes both discussions about expected or possible noncompliance at facilities and specific requests for regulatory or enforcement flexibility.
2. All records of communication not publicly available between EPA Headquarters staff and the owners, operators, or representatives of the above facilities regarding submissions for Â§ 257.71(d), or its implementation. This includes discussions about expected or possible noncompliance and specific requests for regulatory or enforcement flexibility.
3. All records of communication not publicly available between EPA Headquarters staff and trade associations regarding submissions for Â§ 257.71(d), or its implementation. This includes discussions about expected or possible noncompliance and specific requests for regulatory or enforcement flexibility.

4. All emails, faxes, voicemails, texts or other forms of communication that have been deleted which fit the above specifications and which remain recoverable in any way. If fulfilling this specification requires additional time, we would ask that production of documents meeting specifications 1-2 be given priority and processed separately from any potential responsive records to this specification.

The basis for this request for records are the requirements of the Family Educational Rights and Privacy Act (FERPA). According to the Department of Justice (DOJ), former U.S President John F. Kennedy had reportedly said in 1963:

Simple justice requires that public funds, to which all taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes or results in racial discrimination.

What I am requesting for prompt disclosure are (1) details of formal and informal ties existing between the DOE, the DOJ, the Department of the Treasury, the DC.Gov, the EPA, the GAO, and my alma mater Westminster College; (2) all your communications in the form of e-mails and postal correspondence about FERPA; (3) all documents within the possession of the U.S Department of Education (DOE) pertaining to I, W that may have come to your attention; (4) all documents within your possession pertaining to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the U.S Secretary of Education as well as local and state educational authorities (such as the DC.Gov and others) having previously had access to my education records; (5) all documents detailing the names, the addresses and times of the people associated with the Comptroller General of the United States, the Attorney General of the United States, the U.S Secretary of Education as well as local and state educational authorities (such as the DC.Gov and others) who may previously had access to my education records and (6) all your communications in the form of e-mails and postal correspondence about FERPA with employees and legal representatives of the CFPB, the DOE, the DOJ, the Department of the Treasury, the DC.Gov, the EPA, the GAO, as well as other local and state educational authorities.

Hello,

I am writing to request any and all documents associated with FTTS Inspection 20020129IA008 1 including results and recommendations. This was a Section 6 PCB State Conducted inspection which was completed January 29, 2002 at 607 Freel Drive, Ames, Iowa 50010 in EPA district 7.

EPA-R7-2021-005103	Request	Mr. Morgan F Drew	Impact7G, Inc	Thank you. Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 481 Blackhorse Lane, North Brunswick, Middlesex County, New Jersey. The property is also identified as Middlesex County PIN 1214_148_114.01, Block 148, and Lot 114.01. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Thank you.	6/24/2021	Closed	7/8/2021
EPA-2021-004844	Request	Evan Trump	Langan Engineering	I request records of all approval of outside activity forms; certifications of qualified trusts; certificates of divestiture; impartiality determinations; notices of disqualification; recusals; screening arrangements; waivers, including those resolving financial conflicts of interest; and all other ethics-related records filed by and/or given to EPA's political appointees "either classified as Administratively Determined, Schedule C, Non-career Senior Executive Service, Presidential Appointment without Senate Confirmation or Presidential Appointment with Senate Confirmation" from June 1 to July 1, 2021. These documents would likely be prepared under 18 U.S.C. Â§ 207; 18 U.S.C. Â§ 208; 5 C.F.R. Part 2634; 5 C.F.R. Part 2635; and 5 C.F.R. Part 2641 as well as be in the care of the Designated Agency Ethics Official.	6/10/2021	Closed	6/11/2021
EPA-2021-005307	Request	Kevin Bogardus	E&E News	Please do not consider these individuals' OGE Form 278 public financial disclosure reports as responsive records to this request. I request all documents detailing Acting Administrator Charlotte Bertrand's schedule from Jan. 20 through Jan. 21, 2021. Such documents include but are not limited to itineraries, scheduling documents, and "tick-tocks" detailing Wheeler's activities and records of in-person, telephonic or electronic meetings, including a list of who participated in those meetings and details on topics discussed. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information.	7/6/2021	Closed	7/23/2021
EPA-2021-002329	Request	Mr. Alexander Guillen	POLITICO	I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 111 North 87th Street, Milwaukee, Wisconsin	2/1/2021	Closed	3/22/2021
EPA-2021-003317	Request	Ms. Kara Lamantia	BBJ Group, LLC		3/24/2021	Closed	3/26/2021

obtained in compliance and non-compliance testing of public water supplies for samples taken between 2010 and 2020 in all tribal lands under EPA region 9. If you have any questions, please call me at 682-552-4516 or email me at uloma.uche@ewg.org.

Data Requested:

Contaminant monitoring results for raw/source and finished water including detections, non-detects, and results below the level of detection.

Each result record should include sample identification, water supplier identification, sampling date, contaminant name, contaminant concentration, units, qualifiers, sampling location (e.g. well name or intake designator), type of water sampled (e.g. raw/source or finished), test method, and any other available sampling designator (e.g. distribution system or point of entry).

System information (PWS ID, system name, address, PWS type (community, non-community, etc.), population served, primary source (GW, SW, etc), city & county served, and percentages of ground/surface water or purchased ground/surface water (if available).

Please include at least the following information. If it is easier to not limit the data dump, please do so to hasten the process.

water suppliers community, non-transient noncommunity, and transient non-community water suppliers

time span for samples taken in 2010 - 2020

contaminants regulated and unregulated chemical and microbial contaminants (including inorganics, organics, radionuclides, coliform, compliance testing programs, unregulated contaminant monitoring programs, and any other programs that have generated chemical and microbial test data for public water supplies)

EPA-R9-2021-002875	Request	Dr. Uloma Uche	Environmental Working Group		3/2/2021	Closed	3/29/2021

I am an investigative reporter for The Intercept, an online news outlet published by not-for-profit organization First Look Media Works, Inc. Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, I request access to and copies of the documents described in the section entitled, "Documents Requested." You may produce those records in hard copy or any accessible digital form, but our preference is to receive the records electronically. Because of the important public interest surrounding the protests and the government's response thereto, I request that any fees be waived and the request for expedited delivery of documents be approved. Please notify me before incurring any expenses so that I may approve them in a timely manner to avoid delay.

Communications Records shall mean any and all emails, including attachments, text messages, phone records, photographs, audio recordings, or any other form of recordation reflecting, concerning or relating to information exchange between the subjects of and/or the subject matters in this FOIA request.

I am writing to request the following information:

1) All Communication Records relating to the pesticide paraquat submitted to the EPA's Marianne Mannix by any of the following entities or any employee or representative of the following agencies: Syngenta Crop Protection LLC; Syngenta AG; Chevron Phillips Chemical Company LP; Growmark, Inc.; or CropLife America. The time period for this request is between January 1, 2019 and 12/31/2020.

2) Any records relating to Marianne Mannix's departure from the agency.

If this request is denied in whole or part, please justify all withholdings by reference to specific exemptions and statutes, as applicable. For each withholding please also explain why your agency "reasonably foresees that disclosure would harm an interest protected by an exemption" or why "disclosure is prohibited by law[.]" 5 U.S.C. Â§ 552(a)(8)(A)(i).

Please provide copies of the completed EPA Form 3540-16 for Goodwin Company (EPA Company Number 40873), located at 700 Progress Center Avenue, Lawrenceville, GA 30043, from 2014 to the present.

Please provide, within your custody, any records of septic tanks, wells, sewage/sludge disposal, toxic chemical spills, hazmat waste violations, lead contamination, refuse disposal, oil spills, aviation fuel contamination, asbestos pollution, petroleum spills, citations, historical usage and monitoring data, and any other environmental-related occurrences for the following property in Talbot County, Maryland:

8022 Industrial Park Rd, Easton, MD 21501

Talbot County, Maryland

SDAT District 01, Account No. 032674

Map 0034, Grid 0012, Parcel 0092, Neighborhood 17000.21

Deed Ref. No. /02678/00251

Owner: Aphenia Pharma Solutions, LLC

Cross Streets: Dover Rd & Industrial Park Rd

Note - A "MyProperty" search resulted in no records found for this property. This information is requested in order to process a Phase I Environmental Site Assessment.

Terracon has been retained to conduct a Phase I Environmental Site Assessment on a property within your jurisdiction. As part of our scope of work, I am requesting environmentally significant information that you may have on record for the properties located in Blue Island, Illinois:

George Roll (12935 Irving Ave) TOD Site 17A, Blue Island, Illinois

Please include information regarding remediation, hazardous waste storage or generation, aboveground storage tanks (ASTs), and underground storage tanks (USTs) including information on tank size, contents, location remediation efforts, soil/groundwater samples or similar reports.

EPA-2021-002050	Request	Sharon Lerner

EPA-2021-004306	Request	Mrs. Rebekah A Goins		I would like to request any and all regulatory and inspection data relating to any USTs (underground storage tanks) or ASTs (above ground storage tanks) located on the site. As well as any other environmental issues or reports on the subject property located at: 11804 Galaxy Dr, Wake Forest, NC, 27587.	5/13/2021	Closed	5/18/2021

Under the federal public records law, I am seeking documents related to the EPA's Integrated Risk Information System (IRIS) and IRIS Documentation Files for hexavalent chromium also known as Chromium(VI). The chemical is currently being re-assessed (https://iris.epa.gov/ChemicalLanding/&substance_nmbr=144#status) . Specifically, I am seeking the following records from 2016 until the present:

- Copy of communications, meeting, and conversation notes regarding IRIS external peer review panel of draft for Chromium(VI)
- Copy of all records related to Conflict of Interest evaluations of external peer reviewers employed by the IRIS program for the review of Chromium(VI), including but not limited to the Conflict of Interest Questionnaire and Certification of Full Disclosure provided by Dr. Joshua Hamilton, Ph.D. as one of the External Peer Reviewers for the IRIS Toxicological Review of Hexavalent Chromium and the disclosure forms that were submitted to EPA, and/or its contractor, ERG, from Dr. Steven R. Patierno for his service as an External Peer Reviewer for EPA IRIS Toxicological Review of Hexavalent Chromium
- Copies of records regarding the IRIS external peer review process for the IRIS Toxicological Review of Hexavalent Chromium.
- Since 2016, all emails received or sent to the listed groups regarding the ongoing IRIS assessment for Chromium(VI) (including about the public comment draft, peer review draft, and preliminary assessment materials):
 - ann_mason@americanchemistry.com
 - ted@tedsimon-toxicology.com
 - ToxStrategies, a consulting group that represents the American Chemistry Council and the Electric Power Research Institute (emails ending with: @toxstrategies.com)
 - American Chemistry Council (emails ending with @americanchemistry.com)
 - Bergeson & Campbell PC; (including lbergeson@lawbc.com)

Privacy Act Officer Judy Earle
National FOIA Office
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue NW (2310A)
Washington, DC 20460

Re: EPA OIG Privacy Act Request for Access

Dear Ms. Earle:

Ms. Samantha Feinstein represents former Environmental Protection Agency employee Mr. Kevin Chmielewski. As his personal representative, Ms. Feinstein is requesting a an unredacted copy of the report from the Environmental Protection Agency Office of Inspector General, dated March 31, 2021, titled "Report of Investigation Mr. Ryan Jackson, Senior Executive Service and Mr. Charles Munoz, GS-15 U.S. Environmental Protection Agency." Specifically, we request that all information pertaining to Mr. Chmielewski in the report be furnished to us without redactions.

This is a request under the Privacy Act of 1974.

Please consider that this request is also made under the Freedom of Information Act.

Pursuant to the Attorney General Memorandum for Heads of Executive Departments and Agencies re: The Freedom of Information Act (March 19, 2009), creating a new presumption of openness for FOIA requests, stating that the Department of Justice will only defend a denial of a FOIA request only if the denying agency reasonably foresees harm from disclosure or the disclosure is prohibited by law.

Fee Waiver

This address has been listed under the SEMS-ARCHIVE, CORRACTS, RCRA-SQG, PRP, SHWS, LIENS, GCC, Industrial hazardous waste, and IHW CORR ACTION databases under the site names "First Quality Cylinders" and "Michael Panzarella". I would like to request any and all documents/files that are associated with this site in these databases, including any reports, testing/results, status updates, and conformance letters. It is believed, to the best of my knowledge, that this site had violations starting in 1988 (perhaps a bit earlier than that) through 2014, but that they may still continue to the present. Thank you!</p>	7/9/2021	Closed	8/12/2021

EPA-2021-004728	Request	Kevin Bogardus	E&E News	I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from May 1 to June 1, 2021. Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes.	6/3/2021	Closed	6/17/2021
EPA-R4-2021-004834	Request	Mr. Jonathan Tapp	BH&M Environmental Consultants, Inc	Good afternoon, I am looking for information on a property (EPA ID: TND980728174). The EPA Superfund Site Information page does not have any documents for review so I am submitting a request. I am working with MLGW & Fedex regarding construction on this property of critical infrastructure and am looking for more information regarding the site history, size of the "Democrat Landfill" etc. This information is not for public use and will only be used by MLGW for informative purposes that may affect construction. I have been contracted by MLGW to provide research of the property. This information would serve primarily in the commercial interest of the requester (me). We wish to be provided' with all disclosable information pertaining to the product "BioErase" or the company Maverick International, Inc. from the time period January 1, 2021 through present.	6/9/2021	Closed	7/1/2021
EPA-2021-004589	Request	Mr. John Werner	Reaud, Morgan & Quinn, LLP	According to documentation, the site located at 3773 State Road in Cuyahoga Falls, Ohio, entered into corrective actions with USEPA in the early 1980s. Engineering controls were required and performance standards attained in 2017. This may have occurred under the company Alside, Inc., but may also be associated with other facilities, including Associated Materials and Premium Garage Door Company. The Ohio EPA ID number associated with the case is OHD004163549. I am requesting all files US EPA has in relation to this case, OR one file only if it contains all historic information applicable to the case. I have attached one file that was recovered from the US EPA Archives database to aid in the search.	5/26/2021	Closed	6/21/2021

EPA-R3-2021-004663	Request	Mr. Christopher Freer	Gilmore & Associates, Inc.	<p>Please provide all reports pertaining to the Rohm and Haas Landfill : PA ID: PAD002292068</p> <p>I would like to review reports from the Rohm and Haas Landfill area in Bristol Township. Additionally I would like to review all reports from the landfill area pertaining to the Bristol Township Wastewater Treatment Plant.</p> <p>I am requesting the document ,entitled: "Waste Removal Project at the Bristol Township sewage Treatment Plant," prepared by BCM on behalf of Rohm and Haas in July, 1987 referenced in the EPA's Record of Decision for the Rohm and Haas Landfill, dated 1991. Please provide report if available.</p>	6/1/2021	Closed	8/25/2021
EPA-R9-2021-006235	Request	Hanah Sloan	Roux Inc	<p>I am looking for documents related to 211 Parr Blvd. Richmond, CA.</p> <p>Specifically, I am looking for history of spills/releases, leaking UST, ASTs, environmental investigations, fires, and/or cleanup programs related to these properties.</p> <p>Please let me know if anything is available.</p>	8/25/2021	Closed	9/2/2021
EPA-R10-2021-004882	Request	Mr. Jonathan Skinner-Thompson		<p>I am writing on behalf the Sierra Club to request certain applicability determinations (or comfort letters) relating to pyrolysis/combustion units issued by EPA or otherwise in its possession (e.g., issued by a state but copied to EPA). Additionally, the Sierra Club is requesting a copy of any documents (or documents containing the following information):</p> <p>• Applicability determinations (or comfort letters) issued by EPA or otherwise in EPA's possession specific to the Clean Air Act New Source Performance Standards codified at 40 CFR Part 60, Subparts EEEE and FFFF.</p> <p>• Information/correspondence exchanged between EPA personnel and third parties external to EPA. This request does not seek internal communications exchanged solely between EPA personnel.</p> <p>• This request is limited to information related to pyrolysis/combustion units sited (or proposed to be sited) within the geographic boundaries of EPA Region 10.</p> <p>• The time scope of this request is limited to March 2013 to the present.</p> <p>• This request does not include information claimed as confidential business information, however any applicability determination information that might be contained within confidential business information in which the confidential business information can be redacted is requested.</p> <p>The information requested is in the public interest because it will allow the public to gain a better understanding of EPA's decision to exempt pyrolysis/combustion units from the definition of "municipal waste combustion unit" under the OSWI rule. See 85 FR 54178, 54187 (the EPA has received several inquiries about OSWI applicability to pyrolysis/combustion units).</p>	6/11/2021	Closed	10/13/2021
EPA-2021-006068	Request	Walter G Talarek	Walter G Talarek PC	<p>I request copies of the data evaluation records (DERs) and science memoranda for the pesticide studies with the following master record identification (MRID) numbers: 47942513; 47942514; 47942515; 47942516; and 48299701. These studies were submitted to the Agency by W. Neudorff GmbH KG, EPA Company Number 67702. The studies were submitted in support of the registrations for Ferroxx MP, EPA Reg. No. 67702-31, Slug EXX, EPA Reg. No. 67702-32, and Ferroxx, EPA Reg. No. 67702-33. These records are maintained by the Biopesticides and Pollution Prevention Division in the Office of Pesticide Programs. Thank you.</p>	8/18/2021	Closed	9/3/2021
EPA-R4-2021-006404	Request	Stephen Hobbs		<p>Documents 10664581 and 10800442 held in the SEMS database for EPA ID: SC0000487678. And documents 10664288 and 10664312 held in the SEMS database for EPA ID: SCD042633859. Please provide electronic copies of the records. Gerard Dyson processed a previous request where I asked for indices for the sites, so please assign the request to him.</p>	9/7/2021	Closed	9/27/2021

I request records of all approval of outside activity forms; certifications of qualified trusts; certificates of divestiture; impartiality determinations; notices of disqualification; recusals; screening arrangements; waivers, including those resolving financial conflicts of interest; and all other ethics-related records filed by and/or given to EPA's political appointees "either classified as Administratively Determined, Schedule C, Non-career Senior Executive Service, Presidential Appointment without Senate Confirmation or Presidential Appointment with Senate Confirmation" from Aug. 1 to Sept. 1, 2021.

These documents would likely be prepared under 18 U.S.C. Â§ 207; 18 U.S.C. Â§ 208; 5 C.F.R. Part 2634; 5 C.F.R. Part 2635; and 5 C.F.R. Part 2641 as well as be in the care of the Designated Agency Ethics Official.

Please do not consider these individuals' OGE Form 278 public financial disclosure reports as responsive records to this request.

To whom it may concern,

My employer, Toxicology Regulatory Services, Inc. (TRS) is a consulting firm that provides regulatory consulting services. We are assisting a client with registration support for a currently registered product and need to confirm what information is shown on the most current public version of the Generic Data Matrix EPA Form 8570-35 for the EPA-registered product identified below:

Ozium Air Sanitizer (EPA Reg. No. 51838-2)

Ozium Air Sanitizer is an antimicrobial pesticide product registered by NiTEO Products LLC. The product was first registered on April 27, 1956, and the most recently EPA-accepted amended product label was on September 8, 2017, as submitted by Danielle Thomson.

Included with this request is an attachment of the EPA-approved product label for the Ozium Air Sanitizer product described in the FOIA request given above.

Sincerely,
Ben Burruss

I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 18999 S. Halsted and 18851 S. Halsted, and 18702 Marketplace in Glenwood, IL

Pursuant to the Freedom of Information Act, I hereby request the following records:

Any and all documents pertaining to the battery fire at the Superior Battery Inc. storage center at the Old Federal Paper Board facility (919 East Benton Street) that began on June 29, 2021.

Such documents should include but not be limited to: inspection reports, accident reports, air quality samples, investigative reports, debriefs, memoranda, photos, invoices, financial reports, as well as digital communications including emails and text messages.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Audrey Carleton

EPA-2021-006580	Request	Marlena Paterson	BBJ Group LLC	Thank you for your time.	9/16/2021	Closed	9/17/2021
EPA-2021-000695	Request	Dawn Quaker	New Edge Media LLC, New City LLC, AUKERA Ventures LLC, The Harlem Roundtables, Arts Cross Borders, and H&A, with the last 3 companies listed not yet formed for reasons related to abuse and finances	In March of 2019, something was said to be added to the public water system that is known to have forced a physiological change. It is said to be an organic substance. I drink water and did then and/or used it to make coffee and cook food on the stove. I was told that a man named Jon du Hoffmann and a woman named Jennifer Lutz were two of the people responsible for this, and the event has been referred to me by people abusing me as "the water" and I am told it is related to the alumni of Columbia University's School of General Studies, my alma mater, and unfortunately, the ongoing abuse of me. I need to find out what this substance is as I was abused in person regarding it at a library, the Chatham Square Public Library, and while I was not harmed a person tutoring someone was speaking with them and water came up in a conversation between them they said they could not speak about it around me, and when I was inpatient at New York Presbyterian Hospital in White Plains, NY, one of the nutritionists there that was leading a group mentioned something re. copper and so, I am curious if this was related to something being added to our water in March of 2019, but also said to be misleading. While the mention of copper may not have had anything to do with the water, it was something said in a manner that assumed information regarding metals and certain elements were common knowledge, however, I have been abused the past 3 years in a very upsetting manner where people have been said to admit that they wanted me to become paranoid and I assume even if not pathologically, that they would want me to appear as if I were a paranoid schizophrenic or had psychosis for reasons unrelated to trauma caused by their abuse of me and my being Bipolar and having BPD. I had mentioned the lead paint in the NYCHA residences in NYC during a call in Jan. 2018 w. a Board Member of the Fund for Public Housing and in 2019 in a resume to the global law firm, Cleary, Gottlieb, Steen, & Hamilton. Seeking records related to 321 Stadium Plaza, Jersey City, New Jersey Block 26102 Lot 3. Requesting records pertaining to environmental investigations, remediation, spills, releases, tanks or any reports for the property within the superfund program. Specifically we are looking for records and figures showing the extent of a radiological investigation and remediation associated with the former operations of M.W. Kellogg Company and Department of the US Navy. Operations included gaseous diffusion process for uranium enrichment (performed by M.W. Kellogg) and liquid rocket fuel testing (conducted by the US Navy) circa 1930s to 1950s. Demolition of the facilities began in the 1950s followed by remediation and redevelopment in the 1970s.	11/2/2020	Closed	12/1/2020

Good Afternoon,

I am working on a Phase I Environmental Site Assessment of the Historic South End Apartments located in Boston, MA and have identified the following federally-regulated facility as a potential Recognized Environmental Condition (REC) and/or Vapor Encroachment Condition (VEC):

Facility Name: 40-50 Warren Street
Property Address: 40-50 Warren Street, Boston, MA
Record Type: US BROWNFIELDS
Cooperative Agreement #96183201, Property #09080255000, Acres Property ID #237477

I would like to request a copy of your public records available specific to the facility listed above. If possible, please provide the following information in your response.

1. Estimated cost to receive a copy of the files
2. Estimated timing for receipt of files
3. Estimated size of files (such as number of pages, number of boxes, or an index of documents)
4. Contact information for the individual that will be coordinating my request
5. Any agency specific information that will impact my request (i.e. copies must be made in person, files will be sent electronically, etc.)

Thank you for your assistance with my request.

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, as amended, and the FOIA regulations promulgated by the U.S. Environmental Protection Agency in 40 C.F.R. Part 2, I hereby request all "Certification with Respect to Citation of Data" (EPA Form 8570-34), "Data Matrix" (EPA Form 8570-35) and Formulator's Exemption Statements (EPA Form 8570-27) for

the EPA Registration Numbers 95055-1 and 95055-3.

Due to EPA directives to work from home because of COVID-19, my understanding is FOIA Officers currently only have access to certain scanned files for each registration. Therefore, my request pertains to any files that can be currently accessed until normal EPA operations are restored.

Please contact me at (212) 702-5464 or via email if you have any questions or concerns.

I authorize costs up to \$100 associated with copy and review time to prepare this request. Please let me know if the costs will exceed this amount.

We are working on a multi-sector, collaborative project, "Exploring concentration setting for endocrine screening and definitive assays" within my organization (HESI). This work is being undertaken by industry, government (including USEPA), and academic scientists interested in providing additional guidance for concentration setting. We plan to line up mortality, clinical signs, and range finding information with standard toxicity (acute and chronic data) information for the endocrine studies. To do this, we are requesting data from fathead minnow acute (LC50, NOEC, LOEC, NOECmortality and LOECmortality), trout acute (LC50, etc), fathead early life stage (NOEC, LOEC, effect driving LOEC), trout early life stage (NOEC, etc) and any fish full lifecycle data (NOEC, LOEC, effect driving LOEC). We have narrowed down the list of chemicals for which there are existing data as denoted in the USEPA's ECOTOX database (with MRID numbers, for example) but for which the full list of dose levels used are not publicly available.

We would like to access the full studies or DERs of the chemicals listed in the attached pdf file (with corresponding MRID numbers provided).

This request does not encompass any information that may be entitled to confidential treatment, or that otherwise may be exempt from disclosure under FOIA.

To Whom It May Concern:

Pursuant to the Freedom of Information Act, I hereby request the following records:

All reports, inspections, memos, in regards to the abatement, crushing, removal, and moving of fiberglass boats at Army Corps of Engineers Debris Yard in Sausalito between January 1st 2018-April 29th 2021

This is part of a critical time sensitive litigation matter with the City of Sausalito, and your prompt response will not only be deeply appreciated but may protect plaintiffs from physical harm in regards to City of Sausalito vs the Marin County Homeless Union. Our evidentiary hearing is on May 14th, and your prompt response will be critical to ensure an equitable resolution in the case.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

				I am requesting records regarding the property located at 1209 32nd Avenue West. Spencer, Clay County, IA 51301, currently owned by National-Spencer Inc. Specifically, I am looking for records regarding the storage and/or release of hazardous substances or petroleum products, including any incidents involving water or land contamination, and any permits, registrations, inspection reports, and/or notices of violation. These records may be available from your building, fire, engineering, environmental, and/or public works departments. Thank you!			
EPA-2021-004099	Request	Andre Reed	Ramboll	Any and all records, documents, original and supplemental reports, complaints, or other documents related to mold at Reinhardt University from 2013 to present.	5/3/2021	Closed	5/11/2021
EPA-R4-2021-002414	Request	Ms. Jenna Fowler	Wood Smith Henning & Berman	I request all documents related to EPA employees' ethics waivers in resolving financial conflicts of interest from Jan. 1 to Feb. 1, 2021. These documents are maintained by federal agencies and are released to the public upon request under 18 U.S.C. 208.	2/3/2021	Closed	2/23/2021
EPA-2021-002480	Request	Kevin Bogardus	E&E News		2/5/2021	Closed	3/1/2021

U.S. Environmental Protection Agency (USEPA) for Publicly Owned Treatment Works (POTWs) that impose an effluent limit on chloride.

2. All proposed NPDES permits for POTWs submitted from 2000 to the present by states with authorized NPDES permit programs within USEPA Region 5 as to which USEPA recommended the state agency conduct a reasonable potential analysis for chloride.

3. All proposed NPDES permits for POTWs submitted from 2000 to the present by states with authorized NPDES permit programs within USEPA Region 5 to which USEPA objected because the proposed permit did not include a water quality based effluent limit for chloride.

4. All proposed NPDES permits for POTWs submitted from 2000 to the present by states with authorized NPDES permit programs within USEPA Region 5 to which USEPA objected because the proposed permit did not require the POTW to implement reverse osmosis as a treatment technology for chloride.

5. All expired, pending, and current USEPA-issued NPDES permits for POTWs requiring implementation of reverse osmosis as a treatment technology.

6. All expired, pending, and current USEPA-issued NPDES permits (not limited to POTWs) containing compliance schedules for the implementation of reverse osmosis technology.

7. All guidance documents, studies, reports, and memoranda addressing the utilization of reverse osmosis at POTWs.

8. All guidance documents, studies, reports, and memoranda describing treatment technologies available for removing chloride from POTWs' effluent.

EPA-R5-2021-002768	Request	Mr. Jonathan M. Powell	Metropolitan Water Reclamation District of Greater Chicago (MWRDGC)	8. All guidance documents, studies, reports, and memoranda describing treatment technologies available for removing chloride from POTWs' effluent.	2/23/2021	Closed	3/26/2021

Subject: City of Frederick, MD " U.S. EPA Brownfields Assessment Grant
Dear Sir/Madam:

In May 2021, the U.S. Environmental Protection Agency ("EPA") awarded the City of Frederick, Maryland a \$300,000.00 Brownfields Assessment Grant ("Grant").

Pursuant to FOIA, I request a copy of:

1. All documents or communications (paper or electronic) from or submitted by the City of Frederick to EPA (both EPA headquarters and Region 3) regarding the above referenced Grant.
2. All documents or communications (paper or electronic) from or by EPA (both EPA headquarters and Region 3) regarding the above-referenced Grant.
3. All communications between EPA and the City of Frederick relating to the above-referenced Grant.

As used above, the terms "documents or communications" includes emails, electronic submissions, datasheets or data compilations, memoranda and meeting notes related to the application for and decision on the above-referenced Grant.

For your reference, I have attached a copy of EPA's announcement awarding the Grant to the City of Frederick.

I authorize costs up to \$250 associated with copy and review time to prepare the response to this request. Please let me know if you estimate the costs will exceed this amount.

Please do not hesitate to contact me at amesmer@bdlaw.com or (202) 789-6101 if you have any questions.

Thank you.

EPA-2021-001077	Request	Sarah Arnberger	Bridge House Advisors		11/23/2020	Closed	12/1/2020

The property I would like researched is located at 1300 Ellis Street, Bellingham, WA 98225. The property was historically located at 303 Lakeway Drive, Bellingham, WA 98225. The Whatcom County Property ID is 77766.

I would like to request EPA records for this site involving the following:

- > Building and planning records (e.g. structural permits, heat source information, grading/filing etc.)
- > Records pertaining to underground and aboveground storage tanks (ASTs, USTs, LUSTs)
- > Records pertaining to emergency and/or HAZMAT responses on the site (e.g. spills of hazardous materials)
- > Records pertaining to law enforcement activity onsite (e.g. methamphetamine laboratory responses, improper dumping of waste material, etc.)
- > Records pertaining to potential septic tanks or sewer connection installations

Bridgewater Township, New Jersey, is seeking a copy of a Federal grant which provided funding for a series of sanitary sewer collectors in the Washington Valley section of the township. In researching our files, we found reference to a Federal grant #C340638-02 for Middlebrook Collector Sewers but have not found a copy of the grant. This grant likely dates to the mid to late 1970's but may be the early 1980's. Some of the work on the projects was active into the early 1990's.

We believe the grant contained a condition in the grant that Bridgewater Township maintain individual sewage grinder pumps for a period of 40 years which we are now approaching. The grant funded both gravity and pressure sewage collectors and the gravity lines were done earlier with the bulk of the grinder pumps being done between 1987 and 1993. Any other correspondence, agreements, or documentation concerning the required maintenance of the grinder pumps associated with the grant is also requested.

Pursuant to the provisions of the Freedom of Information Act (FOIA) I am requesting a copy of the City of Tampa, Florida Assessment Grant Application for the Federal Fiscal Year 2021 EPA Brownfield Assessment, Multipurpose and Cleanup (MARC) grant competition. I understand that there may be a charge for your time and copying costs associated with this request and am willing to pay these expenses. Your assistance in providing this information is greatly appreciated.

Hello,

I am looking for documents related to 1200 Larkin Street and 1270 Bush Street, San Francisco, CA.

Specifically, I am looking for history of spills/releases, leaking UST, ASTs, environmental investigations, fires, and/or cleanup programs related to these properties.

Please let me know if anything is available.

Thank you.

I herein request the publicly releasable Data Evaluation Records (DERs) for the 4 studies, Master Record IDs (MRIDs) 50688901, 50688902, 50689003, 50689012, submitted to support EPA registration 524-YYY (524-611) on 03/25/2019.

Provide the following records for Block: 2741, Lot: 50 in Bronx, NY: Status and description of any reported petroleum spills or tanks, copies of any record of decision regarding investigation of clean-up of site; notification of the lead agency that is primarily responsible for investigating the cleaning up of the site; notification of any legal action involving the site, and detailed reports, monitoring data, regulatory non-compliance documents and/or studies regarding any pollution problems at the site, and how I may obtain copies of them. I am looking for records related to an incident reported through ERNS (NRC Report # 389663) on June 2nd 1997 involving a tree trimmer that knocked a utility pole and transformer onto the ground causing 8 gallons of transformer mineral oil to spill onto a driveway and surrounding soil. Any information regarding specific location, cleanup activities, etc. would be greatly appreciated.

Please send info of any records pertaining to releases of chemicals and/or petroleum products, USTs/ASTs, permit violations by owner/operative of site, illegal dumping, improper application of pesticides, soil/gw sampling, site remediation activities, environmental reports, and files complaints for 2900 Elsworth St, Philadelphia, Pennsylvania 19146.

I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address:

310 South Taylor Avenue Louisville, CO 80027

Hello,

We are conducting a Phase I Environmental Site Assessment at a property in the city of Los Angeles.

The property is associated with the following addresses:

â€¢ 46 San Pedro Street, Los Angeles, CA 90021

â€¢ 60 San Pedro Street, Los Angeles, CA 90021

â€¢ 11 â€œ 617 East 7th Street, Los Angeles, CA 90021

The addresses are associated with the following APNs:

â€¢ 5147-026-001

â€¢ 5147-026-032

We are interested in obtaining environmental records, specifically RCRA and CERCLA documents, related to this property.

For the purpose of this request, environmental records would include underground storage tanks, aboveground storage tanks, â€œtiedâ€œ and/or other environmental permits, enforcement orders, and reports and correspondence related to site investigation/assessment, soil sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

Can you please notify us if you have any records?

Thank you,

EPA-2021-003863 Request Amelia Feick Roux Associates

EPA-2021-006472	Request	Ashley Sweeney	Roux Associates, Inc.		9/10/2021	Closed	9/16/2021

This is a request under the Freedom of Information Act.

I am seeking copies of video recordings made during the investigation and clean up of the 2001 anthrax attacks in Florida and Washington, DC.

More specifically, I am requesting copies of footage from:

1. the investigation and clean-up of the American Media Inc. building in Palm Beach County, Florida any time between Oct 4th 2001 - Dec 31 2004; this includes any and all raw footage taken of EPA staff/contractors entering and exiting the building, roping off areas and directing federal employees out of the building plus the actual investigation and clean-up procedures inside the offices.

2. the investigation and clean-up of Senator Tom Daschle's office and the Hart Building and other offices on Capitol Hill any time between Oct 15 2001 - Dec 31 2001; this includes any and all raw footage taken of EPA staff/contractors entering and exiting the building, roping off areas and directing federal employees out of the building plus the actual investigation and clean-up procedures inside the offices.

3. the investigation and clean-up of the UPSP Brentwood facility any time between Oct 15 2001 - Dec 31 2004; this includes any and all raw footage taken of EPA staff/contractors entering and exiting the building, roping off areas and directing federal employees out of the building plus the actual investigation and clean-up procedures inside the offices.

I am a documentary producer and requesting this for potential use in a feature documentary.

				<p>Dear Records Officer:</p> <p>Pennoni is conducting a Phase I Environmental Site Assessment (ESA) of the property listed below. The purpose of the ESA is to identify recognized environmental conditions (RECs) as defined in United States Environmental Protection Agency (U.S. EPA) rules under 40 CFR Part 312 Standards and Practices for All Appropriate Inquiries (AAI), and the American Society for Testing and Materials (ASTM) Standard Practice for Environmental Site Assessments: E 1527-05, consisting of conditions indicative of releases or threatened releases of hazardous substances on, at, in or to the referenced property.</p> <p>As such, we are interested in any information regarding illegal waste discharges, storage tanks, environmental contamination, remediation, and violations of environmental laws and/or permits on the following property and in the immediate vicinity (i.e., adjoining properties).</p> <p>1508 Route 38 Bainesport, New Jersey 08036</p> <p>Please feel free to contact me at (215)-254-7844 or at bkeegans@pennoni.com if you have any questions regarding this request.</p> <p>FRS Number: 110070545100</p> <p>I request all photographs of Acting Administrator Jane Nishida, or any related materials from events which she attended, that were created by Eric Vance or any temporarily assigned employee or contractor on or between March 1 and March 11, 2021. This request includes meetings, public appearances, press conferences, photo sessions or any other activity, whether public or private, Nishida participated in during the course of official EPA business. This includes materials not previously made public by EPA. Please organize the material by date, and include each event's location, subject and any other relevant information. I am open to discussing the best way to receive the requested documents since the file sizes likely will be large.</p>			
EPA-R2-2021-003034	Request	Brendan Keegans	Pennoni Associates Inc.		3/9/2021	Closed	6/2/2021
EPA-2021-003107	Request	Mr. Alexander Guillen	POLITICO		3/12/2021	Closed	4/1/2021

The following request is needed to complete a preliminary environmental site assessment for a proposed infrastructure redevelopment project for the Illinois Department of Transportation (IDOT).
 I am only requesting releasable documents related to site investigations, site characterization, remediation activities, subsurface sampling, and maps of the site area. No legal documents are needed. I am only requesting releasable documents from your Superfund Enterprise Management System (SEMS). I DO NOT need files from the Federal Records Center or unreleasable documents. No RCRA information is needed. I only need records from the superfund division or from superfund records. I will accept any records with redacted information as non-responsive to my FOIA request.

USEPA #ILD042665877 - Mark Twain Industries, Industrial Park, West Frankfort, IL.

Thank you and please do not hesitate to call me at (217) 300-2996 if you have any questions about this request.

EPA-R5-2021-003148	Request	Laura Quirk	Illinois State Geological Survey	I request all photographs of Administrator Andrew Wheeler, or any related materials from events which he attended, that were created by Eric Vance or any temporarily assigned employee or contractor on or between Oct. 1 and Oct. 31, 2020. Freedom of Information Act (FOIA) Request for Records

Hello,

This is Michael A. Ayele sending this message though I now go by W. You may call me W. I am writing this letter to file a FOIA request with your offices. The basis for this request for records are (1) the audio-visual broadcasts of Brooke Baldwin covering the civil unrest in Ferguson, Missouri as a journalist representing Cable News Network (CNN);[i] (2) the audio-visual broadcasts of Brooke Baldwin covering the 2019 Ticker-Tape parade held in New York City (NYC) to honor the United States Women National Soccer Team (USWNT) for winning the World Cup in 2019 held in France as a journalist representing CNN;[ii] (3) the circumstances surrounding Brooke Baldwin departure from CNN [iii] and; (4) the soccer match dated July 02nd 2021 in which the USWNT won 4 - 0 against Mexico. [iv] Please find attached to this e-mail the content of my records request as well as information explaining my request for a fee waiver and expedited processing. Have a good day.

W (AACL)
Michael A. Ayele

Request ID	Request Type	Requester Name	Organization	Work Cited	Request Date	Status	Resolution Date
EPA-2021-005294	Request	Mr. Michael Ayele (aka W)	Association For The Advancement of Civil Liberties	Work Cited Any correspondence during the period of March 29, 2021, through and including June 30, 2021, between the Regional Administrator at Environmental Protection Agency Region 3 and the United States Army Corps of Engineers regarding Mountain Valley Pipeline, LLC's Application for a Department of the Army Permit Under Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act (Public Notice Nos. LRH-2015-00592-GBR, LRP-2015-798, and NAO-2015-0898).	7/6/2021	Closed	7/26/2021
EPA-R3-2021-005610	Request	Derek O. Teaney	Appalachian Mountain Advocates	BROWNFIELD records for the following sites in Illinois - looking for Phase I and/or Phase II Site Assessment: 2841 W 139th St, Blue Island; ACRES ID: 123587 2853 W 139th St, Blue Island; ACRES ID: 123578 2845 W 139th St, Blue Island; ACRES ID: 123618 2833 W 139th St, Blue Island; ACRES ID: 123620 2849 W 139th St, Blue Island; ACRES ID: 123619 2837 W 139th St, Blue Island; ACRES ID: 123579	7/21/2021	Closed	8/11/2021
EPA-R5-2021-005693	Request	Mrs. Karaline McCullough		Looking for information regarding N S CORP (SIA) (EPA ID: IND980900393). Specifically is this facility located at Latitude: 39.093056/Longitude : -87.475 (in a corn field on the north side of West County Road 25 N) or in Paxton IN, 47865 as the address information indicates? I have conflicting locations for the facility for which I am requesting information, N S CORP (SIA) (EPA ID IND980900393) also known as HARMON IKE. I am trying to resolve this discrepancy. Please refer to the attached map for the both locations. On the map you will see a green triangle and a red circle. The green triangle depicts its location according to the Lat/Longs and red circle depicts its location according to limited address information (PAXTON IN 47865). If the site is located at or near the green triangle, then I would like a copy of the PRELIMINARY ASSESSMENT report. If the site is located at or near the red circle, then an email from you stating that its located in or near the unincorporated community of Paxton, IN in zip code 47865 will be sufficient.	7/27/2021	Closed	8/6/2021

I would like a copy of any correspondence (email, text, letter, fax, etc.) between EPA region III and WV DEP regarding Berkeley County Public Service Stormwater District from June 2020 through September 30, 2020. Ms. Elizabeth Ottinger [Permits Section (3WD41); Clean Water Branch; EPA Region III; 215-814-5783;ottinger.elizabeth@epa.gov] should have the records in question. Thank you.	8/3/2021	Closed	8/24/2021
EPA-R3-2021-005444	Request	Mr. Paul Calamita		: Any and all documents from January 1, 1960 to the present regarding the planning, development, financing, or construction of single-family or multi-family residential homes in University Park, Illinois. Such documents may include, but are not necessarily limited to: land use plans, master plans, comprehensive plans, maps, grants, loans, budgets, financing agreements, schematics, material purchase or supply agreements, residential building construction plans, and/or contracts entered into between private and governmental entities concerning such homes. The term "University Park" as used in this request refers to the Village of University Park, Illinois and is intended to be inclusive of two prior names for University Park: Wood Hill (which the village was named from about 1960 to 1967) and Park Forest South (which the village was named from about 1967 to 1984). Therefore, when conducting searches for documents responsive to these requests, please utilize all three historical names: Wood Hill, Park Forest South, and University Park. EPA-R5-2021-006119	Request	Mrs. Maria Rito-Foukas	Segal McCambridge Singer & Mahoney	List to include: Water System Name, Address, Contact Name, Email, Phone Number, Population Served	8/20/2021	Closed	9/8/2021
EPA-2021-005882	Request	Chris Patterson	Underwater Solutions Inc		8/6/2021	Closed	9/9/2021

Request for access to certain records with the United States Environmental Protection Agency (EPA). Specifically, I seek certain records as follows:

(i) All documentation, including communications, files, paperwork, notes, presentations, publications, existing in paper, electronic, or other format, describing, documenting, or otherwise reflecting, in whole or part, the total cost to remediate the Fox River Superfund Site and any future costs expected or estimated to be incurred, including, but not limited to, cost estimates, cost calculations, accounting documentation, budgets, and similar documents.

(ii) All documentation, including communications, files, paperwork, notes, presentations, publications, existing in paper, electronic, or other format, describing, documenting, or otherwise reflecting, in whole or part, the costs incurred to remediate the Kalamazoo River Superfund Site as of the date of this Request, and any future costs expected or estimated to be incurred, including, but not limited to, cost estimates, cost calculations, accounting documentation, budgets, and similar documents.

If EPA seeks to withhold certain documents on the basis of a FOIA exemption, we request that EPA provide information identifying the withheld documents and corresponding exemption in a privilege log.

To help you determine my status for the purpose of assessing fees, I am requesting these documents on behalf of my client, a private business.

I understand that this request may produce a large number of responsive documents for the EPA to process. I am available to discuss options for reviewing responsive documents and arranging for their production, and to discuss cost estimates for fulfilling this request.

Good Morning,

Apex Companies, LLC is evaluating the properties located at 10555 Highway 78, Ladson, SC 29456 (Parcel ID 3850600010) and 10549 Highway 78, Ladson, SC 29456 (Parcel ID 3850600021) for a Phase I Environmental Site Assessment.

We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.

Thanks!

The following request is needed to complete a preliminary environmental site assessment for a proposed infrastructure redevelopment project for the Illinois Department of Transportation (IDOT).

I am only requesting releasable documents related to site investigations, site characterization, remediation activities, subsurface sampling, and maps of the site area. No legal documents are needed. I am only requesting releasable documents from your Superfund Enterprise Management System (SEMS). I DO NOT need files from the Federal Records Center or unreleasable documents. No RCRA information is needed. I only need records from the superfund division or from superfund records. I will accept any records with redacted information as non-responsive to my FOIA request.

I only need any new records added to the file after March 15, 2016.

USEPA ID# ILD060360898 "Green Valley Landfill, 9S610 Green Road, Naperville, IL.

Thank you and please do not hesitate to call me at (217) 300-2996 if you have any questions about this request.

EPA-2021-001340	Request	Kevin Bogardus	E&E News	I request all records concerning logs documenting who has visited EPA's headquarters -- the William Jefferson Clinton North, South, East and West Buildings as well as the Ronald Reagan Building at 1200 Pennsylvania Avenue NW -- from Nov. 1 to Dec. 1, 2020. Please include all records that document EPA's visitors, including but not limited to database queries, online registration forms, sign-in sheets, visitor badges, lapel stickers and passes. This request is for OPP. Pilot/Mason Chemical would like to request the generic data matrix (EPA Form 8570-35) for EPA Reg. No. 1448-42. We are fine with whatever is available in the digital files - no need to search paper records. Thanks!	12/8/2020	Closed	12/28/2020
EPA-2021-000939	Request	Ryan Connair	Pilot Chemical Company		11/17/2020	Closed	12/18/2020

Please refer this request to Ms. Karen Jeffries as it relates to my prior FOIA Request EPA-R5-2021-000489 that requested: "For The Ford Road Industrial Landfill site located at 1942 Ford Rd #1672 Ford Road, Elyria Ohio (OHD980510002), provide copies of any administrative consent orders, unilateral administrative orders, judicial orders, human health risk assessment reports, ecological risk assessment reports, records of decision, final remediation reports, and any documents identifying costs incurred and costs recovered by the State of Ohio and the United States of America in connection with the investigation and remediation of contamination at the site." This request seeks additional documents that were not previously produced and this new request is submitted at Ms. Jeffries request in order for USEPA to produce records that are responsive to my initial request but that were not produced. Please produce additional cost summary records as only one such record was produced. It appears from a review of the documents that several additional cost summary records were created. In addition I specifically request a printout of an itemized cost summary ("ICS") sheet from US EPAs accounting platform that will provide a complete and update record of all costs incurred and recovered for the site. Please also produce a complete copy of the Completion of the Remedial Action report as the one previously produced did not include the appendices. Also please produce a complete version of the Remedial Action Work Plan. I also ask that Ms. Jeffries communicate with me prior to closing this request to ensure that a full and complete response is given. Thank you. Re: Richardson Flats Tailings Superfund Site. OU2 and OU3 (Lower Silver Creek). Please provide a copy of the Audited Cost Summary for 2017, 2018, 2019 and 2020. We request vendor proposals/quotes for Solicitation # PR-OMS-21-00332 / Radio Frequency Identification (RFID). Thank you.

Request the following four (4) EPA Region 10 documents: (1) 2014 EVS Action Plan, (2) the Environmental Leaders Network (ELN) Survey Report, (3) the Special Emphasis Program Manager Diversity & Inclusion Recommendations and (4) the Focus Group Report.

The EPA Region 10 intranet contains the following text at https://usepa.sharepoint.com/sites/R10_Community/InfoPage/GPWC/Shared%20Documents/2016%20Employee%20Viewpoint%20Action%20Plan-EVAP.pdf:
"EVS Action Team reviewed documents that have been developed over the last several years that provide recommendations for improving the Region 10 work environment, including the 2014 EVS Action Plan, the Environmental Leaders Network (ELN) Survey Report, the Special Emphasis Program Manager (SEPM) Diversity and Inclusion Recommendations and the Focus Group Report. Then we developed a vision and goals for our workplace, gathered extensive feedback from the region through email solicitations, open houses and individual discussions with staff the Executive Team, Regional Administrator and Deputy Regional Administrator, Labor Management Partnership Forum, Union and the regional management team through Monthly Manager's Forum updates. This feedback was factored into the development of the recommendations presented in this plan."

Processing Tasks

This is both a Privacy Act 5 USC 552a and FOIA Request. Provide all records regarding the FOIA/PA Requester James Chelmowski in the EPA Privacy Act System of Records EPA-9 from Jan. 1, 2015 to date of search. The responsive records must include all records, communications (internal and external), uploads, etc. regarding all my FOIA and/or Privacy Act requests including FCC, NARA, DOJ, etc. not just with the EPA requests filed by James Chelmowski. The EPA maintains and created the FOIAonline for all participating agencies as EPA Privacy Act System of Records EPA-9.

EPA Privacy Act requirements include:
 The FOIA Office:
 • Log the request into the Agency's tracking system
 • Assign the request a PA control number and due date, and
 • Transfer the request to the National Privacy Staff
 National LPO
 • Verify the identity of the individual
 • Finalize the request
 • Forward the request to the appropriate Program or Regional LPO.

ISO or System Owner (EPA-9 System Owner is Tim Crawford)
 • Locate the responsive records
 • Make a determination whether to grant or deny the request.
 • Inform the individual in writing of the decision. If denied provide reasons for the decision and the right to file an appeal.
 • Provide a copy of the response letter and other written communications with the requester to the LPO when the request is closed.

If an extension of time to respond is required:
 The ISO or System Owner (Tim Crawford) who is unable to respond to the request by the

Hello,

Through this request, I would like to obtain polygon boundary coverages of all National Priority List (final, deleted and proposed) sites in Region 10. ArcInfo Export or Shapefile format or geodatabase format.

I would like:

Operable Unit Polygons: The OU polygons represent an individual OU's perimeters, which are used to identify a portion of a Superfund site with which assessment and response actions are associated

Total Site Polygon: The total site polygon represents the footprint of a whole site, defined as the sum of all of the OUs and the current understanding of the full extent of contamination

Please let me know

Thank you,

EPA-R10-2021-004678 Request Connie Marini EDR, Inc

I am interested in receiving copies of the following reports produced for the Reynolds Metals Co. Superfund Site in Massena, NY, EPA ID: NYD002245967. The reports are not part of the Administrative Record, but they should be in the agency's files for this Site as referenced in Reynolds Third Five-Year Review Report on pages 6 and 16 (attached).

1. Remedial Action Reports for dredging and capping remedial actions that would have been approved by USEPA on October 18, 2010.

AND

2. Construction Completion Report for the St. Lawrence River Remediation Project, prepared by Anchor Environmental, LLC for Alcoa, 2010.

ADDITIONALLY,

3. Any available document pertaining to the sampling, assessment, remediation, or excavation of the 008 Delta, also known as Outfall 008, or Outfall 008 Delta, or 008 Excavation Area.

4. Any recent assessment or investigation report prepared in association with the Raquette River (i.e. since the 1993 Record of Decision).

Please contact me if you have any questions or need further information in order to process this request. Thank you very much for your help in this matter.

Please provide, within your custody, any lead paint or asbestos abatement enforcement records for the following property in Talbot County, Maryland:
 30 E. Dover Street, Easton, MD 21601
 Talbot County, Maryland
 SDAT District 01, Account No. 010530
 Map 0104, Grid 000EA, Parcel 1226, Neighborhood 11100.21, Subdivision 0000
 Deed Ref. No. /02635/00211
 Owner: Dover St. Associates
 Cross Streets: S. Harrison Street and E. Dover Street
 Note: This FOIA request is submitted in concert with a previous FOIA request, reference tracking number EPA-2021-005043, which included instructions to submit a new request for this type of information that is not automatically contained within the MyProperty search tool or EPA's standard database.

EPA-2021-005326	Request	Mr. Joey L Collins	RAUCH inc.		7/7/2021	Closed	7/8/2021
EPA-R4-2021-005978	Request	Ms. Samantha A Manning	Cox Media Group - Washington News Bureau	Please provide all environmental violations reported to the EPA for all of calendar year 2020 and 2021 to present day for the following states: Georgia, Massachusetts, New Hampshire, Florida, Washington (State), Pennsylvania, North Carolina, South Carolina, Ohio, Oklahoma and Tennessee.	8/12/2021	Closed	8/25/2021
EPA-R3-2021-004874	Request	Mr. Jonathan Skinner-Thompson		I am writing on behalf the Sierra Club to request certain applicability determinations (or comfort letters) relating to pyrolysis/combustion units issued by EPA or otherwise in its possession (e.g., issued by a state but copied to EPA). Additionally, the Sierra Club is requesting a copy of any documents (or documents containing the following information): Any documents related to the location (or proposed siting/development) of pyrolysis/combustion units. Any correspondence with non-EPA parties (including state/local/tribal agencies and private entities/personnel) concerning pyrolysis/combustion units. With the exception of asbestos and asbestos containing material, all records, communications or documents concerning All Materials (both hazardous and non-hazardous) disposed of at the Bennett Landfill Site in Chester County, South Carolina during its operating life. For the purposes of this request, "All Materials" shall include but is not limited to, all solid wastes, industrial waste, construction and demolition debris, contaminated soil, petroleum products and contaminated media, non-hazardous wastes, sludges, ash, trade waste, paints, municipal wastes, metals, and liquids; it does not include asbestos and asbestos-containing materials. Specific materials requested include but are not limited to weigh/scale documentation; gate receipts; letters of authorization from customers and/or South Carolina Department of Health and Environmental Control (SCDHEC); waste characterization, test data, reports, and descriptions and representations by generators, transporters, arrangers, disposal contractors or the SCDHEC. Requester is aware that previous FOIA requests have been submitted concerning the operations and investigation of the Bennett Landfill Site (EPA-R4-2021-000045; EPA-R4-2020-0006352; EPA-R4-2020-006387), however this additional request is necessary to amend those requests because the documents that were produced in response were limited to asbestos or asbestos containing material (ACM) rather than All Materials, including those listed in this request. I would like a copy of three attachments (appendices) to the April 2020 decision document whereby EPA granted the application of the San Carlos Apache Tribe for treatment as a state status under the Clean Water Act. The decision document itself is posted online at <https://www.epa.gov/sites/production/files/2020-04/documents/final-version-dd-san-carlos-303-401-tas-2.24.20-003.pdf> (copy attached to this request), but the appendices referenced in the decision document are NOT available online. I reached out to the tribal Clean Water Section at Region 9 and was told to submit a FOI A request.

Specifically, I would like copies of:

- (1) Appendix I: Application from tribe (I would like the attachments to the application if possible, even though Appendix I to the decision document apparently did not include those attachments);
- (2) Appendix II: Map of Tribal Surface Waters; and
- (3) Appendix IV: Response to Comments

I would prefer to receive electronic copies if possible, at sthomas@fennemorelaw.com. Paper copies are also acceptable.

This request is not for commercial purposes.

If you have any questions, contact me at sthomas@fennemorelaw.com or (602) 916-5427. In addition, please contact me if the cost of fulfilling the request will exceed \$100.

EPA-R9-2021-004130	Request	Mr. Scott Thomas	Fennemore Craig

Pursuant to the Freedom of Information Act, I hereby request the following records:

Any and all documents pertaining to the US Section 45Q Tax Credit for Carbon Oxide Sequestration from January 1, 2008 to date of filing.

Such documents should include but not be limited to: digital communications including emails and text messages, call transcripts, WhatsApp and Signal messages, Microsoft Teams and Slack messages, internal memos, meeting calendars, meeting notes or transcripts, financial reports, inspection reports, summaries, form 990s, impact assessments and investigations, debriefs, reports, and photos.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Audrey Carleton

EPA-2022-000516 Request Audrey Carleton

National FOIA Office
 U.S. Environmental Protection Agency
 1200 Pennsylvania Avenue NW
 Washington, DC 20460

To Whom It May Concern,

Pursuant to the District of Columbia Freedom of Information Act Code Â§ 2-531-539, I request the following public records:

- *A list of states (and D.C.) and f counties within the state that practice recycling
- *The amount of recycling products in pounds or however it is measured/recorded for each state on the above requested list for one full year: Jan 2018-Jan 2019
- *The dates in which recycling was suspended and resumed or is scheduled to resume for each state plus D.C. during COVI-19

Please provide the above information electronically.
 I request a waiver of all fees as a representative of the news media with NBC Network News. This request is made as part of news gathering and not for a commercial use.

If you choose to deny this FOIA request, then you are required to respond in writing and state the statutory exception authorizing the withholding of all or part of the public record and the name and title or position of the person responsible for the denial.

I look forward to a response as defined by D.C. code within 15 business-days. If access to the records I requested is going to take longer, please contact me so we can work out a reasonable date.

Good morning,

Trileaf is conducting a Phase I Environmental assessment on several properties in Valley Park, MO. We would like to submit a FOIA request for Valley Park TCE Superfund site. What I am trying to do is figure out where this property lies in relation to any contamination plumes that may exist in the area. Also, any most up to date groundwater monitoring reports would be helpful as well. I hope that clears up the confusion. Any remediations operations that have been conducted in the area as well. Anything within the last 10 or 20 years would be good if it should detail the sort of monitoring and remediation that had been done in the area.

EPA-R7-2021-000196 Request Thomas K Iborg Trileaf

10/9/2020 Closed 11/9/2020

Thank you

				I am working on a lifecycle analysis evaluating the environmental benefits of utilizing heat recovery for space heating. I am looking for the NOx and SOx emissions production associated with the extraction, compression, and transportation of natural gas. To be more specific, given that energy is required to produce natural gas, I am looking for the NOx and SOx emissions associated with the generation of the energy required for the production of natural gas. If there is not any information specifically on NOx and SOx emissions then any information on the amount of energy consumed during the production of natural gas would suffice. If this information is available for the natural gas produced in Colorado, that would be ideal, otherwise a national average is alright as well.			
EPA-2021-000319	Request	Mr. Conor S. Tyler	CDM Smith	Thanks! Conor I am requesting all email communications, correspondence, proposed agreements, non-disclosure agreements, legislative proposals, interoffice communications, and tribal consultations with the federal, state, and county officials in the tribal reservation area of the Creek, Cherokee, Choctaw, Chickasaw, and Seminole territories.	10/15/2020	Closed	11/16/2020

February 10, 2021 update to request:

I am seeking records from 1970 to the present. I am generally interested in NYC DOT facilities bordering or within the watershed drainage area to Newtown Creek, Dutch Kills or English Kills, which are at the border between the boroughs of Queens and Brooklyn. According to the Facility Registry Service, there are 9 facilities that match this spatial definition. I would like to prioritize the following facilities:
 NYCDOT Maspeth Shop / New York City DOT (110009826304)
 Queens District 5/5a Garage (110004412092)
 Maspeth Fleet Services (110019831770)

I have reviewed my property portal and envirofacts and have extracted all information from the multisystem search as I have found relevant. I am seeking additional documents related to: 1) RCRA files (permits, inspections, violations), 2) Environmental reports and investigation reports (including Environmental Impact Statements, contamination or cleanup records, and facility reports); 3) wastewater discharge records (expired/historical SPDES/NPDES permits, discharge monitoring reports and data, spill reports, records of violation/administrative actions).

Original request text:

obtained in compliance and non-compliance testing of public water supplies for samples taken between 2010 and 2020 in Puerto Rico under EPA region 2. If you have any questions, please call me at 682-552-4516 or email me at uloma.uche@ewg.org.

Data Requested:

Contaminant monitoring results for raw/source and finished water including detections, non-detects, and results below the level of detection.

Each result record should include sample identification, water supplier identification, sampling date, contaminant name, contaminant concentration, units, qualifiers, sampling location (e.g. well name or intake designator), type of water sampled (e.g. raw/source or finished), test method, and any other available sampling designator (e.g. distribution system or point of entry).

System information (PWS ID, system name, address, PWS type (community, non-community, etc.), population served, primary source (GW, SW, etc), city & county served, and percentages of ground/surface water or purchased ground/surface water (if available).

Please include at least the following information. If it is easier to not limit the data dump, please do so to hasten the process.

water suppliers community, non-transient noncommunity, and transient non-community water suppliers

time span for samples taken in 2010 - 2020

contaminants regulated and unregulated chemical and microbial contaminants (including inorganics, organics, radionuclides, coliform, compliance testing programs, unregulated contaminant monitoring programs, and any other programs that have generated chemical and microbial test data for public water supplies)

Please provide a copy of the current EPA registration for Site IDs: CAL000337090; CAC003069961.

What requirements must these facilities follow?

I would like copies of the applications for brownfield assessment grants submitted by: (1) Lake County, IL and (2) the Waukegan Port District, IL as part of the EPA FY2018 Brownfield Grant Competition (RFP No: EPA-OLEM-OBLR-17-07).

Please send any releasable electronic SEMS/CERCLIS files for the following address in Brookfield, IL. I do not need any exempt or redacted documents or any documents from the Federal Records Center (if any). This information will be used to complete an environmental site assessment for the Illinois Department of Transportation. Please contact me if you have any questions regarding this request.

ARTHUR STREET MERCURY, 3330 Arthur Ave (USEPA #ILN000506335)

For the Chemical Recovery Systems (OHD057001810) site located at 142 Locust Street, Elyria, Ohio, provide copies of any administrative consent orders, unilateral administrative orders, judicial orders, human health risk assessment reports, ecological risk assessment reports, records of decision, final remediation reports, and any documents identifying costs incurred and costs recovered by the State of Ohio and/or the United States of America in connection with the investigation and remediation of contamination at the site.

Re: Fenamidone Technical Request for DERS for the following studies: (EPA Reg. No. 10163-370)

☐

To whom it may concern,

Gowan Company would like to request the below DERs for the following studies from the Environmental Protection Agency (EPA). I am hoping you can find them as we purchased this active ingredient from Bayer and we did not receive all of the data on the transfer. You will also notice that some of the dates on these studies are a bit older so that may pose some difficulty as well.

Studies Attached in supporting documents.

If you have any questions, or concerns, please do not hesitate to contact me at nryan@gowanco.com.

Sincerely,
 Nikki Ryan,
 Registration Specialist
 Gowan Company
 Tel. 928-819-1516

EPA-2021-003571 Request Nikki Ryan Gowan Company

4/7/2021 Closed 5/5/2021

To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), I am requesting an opportunity to inspect or obtain copies of the items listed below from the EPA's Office of Inspector General's Report No. 21-P-0129 dated May 6, 2021. This request is limited in scope from January 1, 2016 to present.

☐ The complete excel file(s), in its original form, used to create Figure 6 on page 19 of the report, including, but not limited to, the file's underlying data, Figure 6 located on page 19 of the report, and any other sheets within this same file.

Please advise when we should expect to receive production of these records, the method of production and any fees associated with the production. Do not hesitate to contact us with any questions or concerns. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify us of the appeal procedures available.

Thank you for considering our request.

Sincerely,

Brian J. Mersman, Esq.

EPA-2021-005319	Request	Divya Mehta		I would like to review records pertaining to spills, releases, incidents, or remediation work conducted at 31100 W. 196th Street in Edgerton, Kansas. All ocean dumping permits issued by EPA Region 3 to Shell Chemical Company between April 1973 and November 1977, pursuant to Section 102 (33 U.S.C. Â§ 1412) of the Marine Protection, Research, and Sanctuaries Act of 1972.	7/6/2021	Closed	7/8/2021
EPA-R3-2021-005267	Request	Charles McCreery			7/2/2021	Closed	7/21/2021

Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request:

Copies of the documents for two EPA Civil Enforcement Case Reports:

Case number 04-2020-8003 (First Chemical Corporation, in Pascagoula, MS, case closed as of 09/03/2020. A summary of the case is at <https://echo.epa.gov/enforcement-case-report?id=04-2020-8003>);

and Case number 04-2016-9013 (Chevron USA, Inc, court docket number 4:18-cv-06506 / 3:18-cv-06506-VC, DOJ docket number 90-5-2-1-11576. A summary of the case is at <https://echo.epa.gov/enforcement-case-report?id=04-2016-9013>).

The links above show the case summaries as posted on EPA's ECHO database. I am requesting the more detailed documents behind these cases, which include records on the exact nature of the violations, investigations, and penalties associated with each case. Note: the Chevron case involves several of Chevron's refineries, but I am only interested in records associated with Chevron's refinery in Pascagoula, MS. If it's more efficient and time-effective to separate out the documents that pertain to the Pascagoula refinery, I am happy to receive those records only. In other words, I do not need the records that pertain only to Chevron refineries outside of Pascagoula. (However, if it's easier for EPA to produce all the Chevron documents associated with all the refineries, that's fine too).

I would like to receive the information in the following format: electronic. I am available to discuss the scope of the request and any questions by phone (646-712-0120) or email (lisa.song@propublica.org).

EPA-R4-2021-004904	Request	Lisa Song	ProPublica	If my request is denied in whole or part, I ask that you justify all deletions by reference to Please provide all records for RCRA, CERCLA and environmental investigation and remediation for 3225 Westfield Avenue, City of Camden, Camden County, NJ Block 1013, Lot 26.	6/14/2021	Closed	8/4/2021

EPA-R7-2021-000660	Request	Mrs. Kristen Ellis Johnson	Stinson LLP	<p>Attention Region 7 - please see attached letter. Please provide the following records related to the Kansas National Guard Armory Landfill in Kansas City, Kansas: 1) Preliminary Assessment of the Kansas National Guard Armory (NGA) by Ecology & Environment, Inc., dated April 25, 1983; 2) Final Report, Site Inspection, Kansas NGA, US EPA Region VII, dated December 6, 1985; 3) Preliminary Assessment of the Kansas City NGA Organizational Maintenance Shop No. 7 and the Parking Lot by U.S. Environmental Hygiene Agency (USAEHA), dated March 7-11 1994; and Screening Site Inspection, Kansas City Armory Site by Kansas Department of Health and Environment, dated March 1996.</p> <p>Telford Borough Authority submitted a letter to EPA Headquarters presenting the outstanding issues with the Indian Creek TMDL, the biased and abusive treatment by Agency staff in dealing with these issues, and requesting a meeting to discuss potential resolution. See Attachment 1. On September 21, 2020, EPA stated that "the Agency determined that defending the pending lawsuit is the most appropriate path towards resolution of this matter" and "since this matter is in litigation, please direct additional correspondence to DOJ." See Attachment 2.</p>	11/2/2020	Closed	11/16/2020
EPA-2021-000454	Request	Erin Thomas		<p>This request seeks any and all records concerning EPA's basis for denying Telford's above referenced June 8, 2020, meeting request.</p>	10/22/2020	Closed	2/8/2021
EPA-R4-2021-000236	Request	Ben Koostra	Limestone & Cooper, LLC	<p>All available files, reports, records, and correspondence relating to the following facility - Ellis Park Race Course, 3300 US 41 N, Henderson, KY 42420 - Henderson County, Kentucky</p> <p>We would like to request a copy of Data Evaluation Record (DER) #2061406 issued by EPA-EFED.</p> <p>Supporting Information: This DER reviews MRID 46580701: Oddy, A. and M. Doble. 2003. Carbaryl-14: Degradation and Retention in Two Water-Sediment Systems. Unpublished study performed by Battelle AgriFood Ltd., Essex, United Kingdom. Sponsored and submitted by Bayer CropScience SA, Lyon France. Battelle Study No. CS/02/047.</p> <p>Please note that this MRID has been incorrectly referenced in the September 3, 2010 Preliminary Problem Formulation and Environmental Fate, Endangered Species, and Drinking Water Assessments for Carbaryl (PC Code 056801; DP Barcode D374937) as both MRID 4650701 (missing an 8) and MRID 465800701 (an extra zero), so there may be some confusion relating the DER to the source MRID.</p>	10/13/2020	Closed	11/18/2020
EPA-2021-000902	Request	Steve Kay	Pyxis Regulatory Consulting, Inc.	<p>Thank you in advance for your assistance in this matter.</p>	11/16/2020	Closed	11/18/2020

U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, NW (2310A)
Washington, DC 20460

To Whom It May Concern:
This is a request under the Freedom of Information Act.

I request that a copy of the following documents be provided to me:

As the FOIA requires, please release all reasonably segregable nonexempt portions of these documents. In order to help to determine my status to assess fees, you should know that I am: - an individual seeking information for personal use and not for commercial use.

Records about the details regarding the Current Public Water System Supervision (PWSS) Tribal Support Grant Allotments of the 2020 fiscal year in region 9. Specifically I am looking for the details of where the grants went to of the \$1,923,000 given to region 9 outlined in the fund allotment page (<https://www.epa.gov/tribaldrinkingwater/tribal-drinking-water-program-fund-allotments>). I am requesting to know where the funds went to particularly pertaining to tribes in the state of California in the 2020 fiscal year.

In order to help to determine my status to assess fees, you should know that I am requesting this as a college student so I can gain insight in a project to gage how the native American tribal groundwater and surface water rights are protected. I am willing to pay a fee up to \$5.00 for this request. If the fee is higher than this, please inform me before processing my request. I am also requesting notification if my request is denied. Please inform me via email.

EPA-R9-2021-000685 Request William Wright

If you have any questions regarding my request, please contact me at

Any and all records, dated or prepared January 1, 2000 to June 18, 2020, related to or concerning the "Wallkill Wellfield" site also known as the "General Switch Site".

Also, any and all records during the same time period related to or concerning the following:

EPA ID: NYD982181273; NYD045845518

Addresses/SBL:

6-32 Industrial Place, Middletown, New York (SBL: 3-1-3);

2-28 Industrial Place Rear, Middletown, New York (SBL: 3-1-10);

8-18 Industrial Place, Middletown, New York (SBL: 5-1-2);

28-332 Highland Ave or Highland Ave Extension (SBL: 3-1-11);

20 & 327 Highland Avenue, Middletown, New York

Other Identifiers: General Switch Corporation, Wallkill Waterwells, Wallkill Waterfield.

The term "records," as used herein, is as defined by the Freedom of Information Act.

EPA-R2-2021-000330 Request Mr. T. J. Ruane Whiteman Osterman and Hanna 10/16/2020 Closed 12/1/2020

I request all records in possession of USEPA relating to a mortgage that it entered into with the Franciscan Fathers of the State of Illinois on 8/17/1990. A copy of the mortgage, obtained from the Cook County Recorder of Deeds' Office, is provided. At this time I have no further information I am able to provide regarding this mortgage. This request is for an article about the history of a school owned by the Fathers, Hales Franciscan, at 4930 S. Cottage Grove Ave. in Chicago, which this mortgage is for. Please contact me with any questions.

Senior Editor
South Side Weekly

EPA-R5-2021-000347 Request Sam Stecklow South Side Weekly 10/19/2020 Closed 12/1/2020

On October 15, 2020, in response to FOIA Online Request No. EPA-R4-2021-000207, the EPA provided the attached "RCRA Site Detail" report for the facility registered with EPA ID No. NCD070619663 (Facility), along with related RCRAInfo "History of Handler Activity" and "General Handler" reports for the Facility. All of the produced reports are dated October 14. The current "owner" and "operator" of record information in the most recent source record "Receive Date" in the attached Site Detail Report is consistent with the information that is identified today in the following EPA web-based reports: 1) the Envirofacts Facility Detail Report for EPA Registry Id. No. 110000615264, and 2) the RCRAInfo Web Current Site Details for EPA ID No. NCD070619663 (I have attached copies of each of these referenced reports, which I printed today from the Agency's website). I request current copies of the RCRA Site Detail Report, History of Handler Activity Report and General Handler Report for the Facility, updated to include any and all new information from the October 14 2, 2020 run dates of the attached reports. Thank you.

EPA-R4-2021-001048 Request Rodney Huerter Veolia North America 11/20/2020 Closed 12/3/2020

I am looking for the following study in your archives - only every time I pull it up - it tells me that the information is no longer there. I would truly appreciate a copy of the study with the GIS data (if available) for substantiated research on my thesis at TCU.

Kindest regards,

Sharra Kucera

EPA-2021-000775 Request Ms. Sharra B Kucera Texas Christian University 11/5/2020 Closed 12/1/2020

I am requesting two (2) documents that were referenced in the recent (March 2020) EPA Region III Corrective Action Program STATEMENT OF BASIS for the ROHM AND HAAS COMPANY - BRISTOL PLANT - North Parcel, Former Wastewater Treatment Area, Manufacturing Area. EPA ID NO. PAD 002 292 068. The two documents I am requesting were references 47 and 48 in the Statement of Basis reference list as follows. I have also attached a marked-up version of the page from the reference list indicating the documents

47. Baseline Groundwater Sampling Report for Elf Atochem Area Groundwater Monitoring Program, Rohm & Haas Company, prepared by ST Environmental Professionals (STEP), August 1998

48. Groundwater Sampling Report for Bristol Research Technical Center & Atofina Production Area, Rohm and Haas Company, prepared by STEP, September 2004

I request all records relating to your agency's compliance with President Trump's Executive Order 13957, issued on Oct. 21, 2020.

This order required agency heads to conduct a preliminary review of agency positions in the competitive service and conduct a complete review of such positions within 210 days of the date of this order, to determine which positions should be placed in Schedule F of the competitive service, a new category created by the order.

This order also required each agency head to petition the director of the Office of Personnel Management to place in Schedule F any such competitive service, Schedule A, Schedule B or Schedule D positions within the agency that the agency head determines to be of a confidential, policy-determining, policy-making, or policy-advocating character and that are not normally subject to change as a result of a presidential transition, which would include a written explanation documenting the basis for the agency head's determination that such position should be placed in Schedule F; and for positions excepted from the competitive service by statute, determine which such positions are of a confidential, policy-determining, policy-making, or policy-advocating character and are not normally subject to change as a result of a presidential transition and will be positions considered Schedule F positions.

Please click on this link for more detail on this order (<https://www.federalregister.gov/documents/2020/10/26/2020-23780/creating-schedule-f-in-the-excepted-service>).

Langan Engineering is conducting a Phase I Environmental Site Assessment (ESA) of the property located at 250 Enterprise Way in Pittston, Pennsylvania. The property is also identified as a portion of PIN #51E1200A006000. In support of our Phase I ESA, Langan is requesting any information or copies of files regarding environmental conditions at the site, such as environmental reports, environmental permits, building permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs) or Aboveground Storage Tanks (ASTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have. Specifically we are requesting records in association with the Amazon warehouse at the Site and their RCRA generations, FINDs, and ECHO listings. Thank you.

RCRA Info #PAR000554030

Please see the attached FOIA request on behalf of the Manganese Interest Group

I am requested a detailed schedule of compliance for AMERICAN ZINC RECYCLING CORPORATION (AZR) located in Mooresboro, NC.

The EPA has issued a total Compliance Action Cost: \$4,870,429 in relation to a civil action filed against the company by the EPA and SCDHEC in August of 2020 which was settled in court. Case Number: 04-2013-9015

I am seeking the following information:

1. A detailed order of compliance (what work does American Zinc need to complete for the company to be in compliance with the EPA standards at its Mooresboro facility)
2. A detailed timeline for the compliance
3. A detailed explanation of the \$4,870,429 cost of compliance
4. Any responses by American Zinc detailing action already taken to come into compliance and the cost.

EPA-2021-001551	Request	Mr. Raja Singh	School of Planning and Architecture, New Delhi, India	U.S. EPA, Region 5 77 West Jackson Boulevard Chicago, IL 60604-3507 Via First Class Mail and Online Submission RE: Freedom of Information Act Request (FOIA) Dear Sir or Madam: Under the Freedom of Information Act, I am requesting an opportunity to inspect or obtain copies of public records that pertain to the removal and/or abatement of asbestos and/or asbestos-containing products at the former U.S. Steel facility located in Youngstown, Ohio, formerly known as the Ohio Works. I am willing to pay the fees associated with obtaining the requested records. However, please inform me if the cost and fees will exceed \$150.00. Electronic copies of these records are preferred over paper copies. The FOIA requires a response within twenty (20) business days of this request. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. ☒ery truly yours,	12/21/2020	Closed	12/29/2020

 I have exhausted my team's repeated attempts to obtain the data described below. The Commerce Department's National Technical Information Service previously distributed it. NTIS orders were placed @ orders@ntis.gov, calling 1-800-553-6847, or calling (703) 605-6000. However, NTIS closed its sales office in October 2016. And since then, the NTIS Office of Program Management has been unable to meet our request.

National Radon Database (NRDB), in ASCII format,
 Including the National Residential Radon Survey and EPA/State Residential Radon Survey,
 All Six (6) volumes, 1986-1992,

SRC would like to request copies of the attached MRID reports and associated Data Evaluation Records or Reports (DERs) for Ethylene Oxide. We need the original MRID studies AND the associated DERs (both are required for our purposes). This request is for work on behalf of the Agency for Toxic Substances and Disease Registry (ATSDR). The project contact at ATSDR is Henry Abadin, phone: 770-488-3321, e-mail: Hga0@cdc.gov. Please find attached affirmations for non-multinational status. If anyone else needs to see the document we will send additional non-multinational status affirmations as needed to Mr. Earl Ingram (Ingram.Earl@epa.gov). Please contact me with any questions. Thank you.

***Please send DERs and MRIDs (44256402; 44256401; 44359401); the citations for DERs were found in another document:

***EPA. 2004. Data evaluation record: Ethylene oxide/042301 [OPPTS 870-6200a (A81-8)]. Study Type: Acute inhalation neurotoxicity study in rats. MRID 44256402. Washington, DC: U.S. Environmental Protection Agency.

***EPA. 2005. Data evaluation record: Ethylene oxide/042301 [OPPTS 870-6200 (A81-8)]. Study Type: Subchronic inhalation neurotoxicity study in rats. MRID 44256401 (Range-Finding Study); MRID 44359401 (Main Study). Washington, DC: U.S. Environmental Protection Agency.

Under the federal public records law, I am seeking information about the following facility.
 BOEING CO OF PORTLAND
 19000 NE SANDY BLVD
 PORTLAND, OR 97230
 Date of Last Inspection: 10/8/2018
 TRI Facility ID (TRIFID): 97220BNGFP19000

--All complaints about the BOEING CO OF PORTLAND made to U.S. EPA Office of Inspector General since 2016
 --Please provide copies of all correspondence, including electronic and hardcopy, between the U.S. Environmental Protection Agency (EPA) and representatives of Boeing (those emails are sent by NAME @BOEING.COM) related to negotiations around the top tier reduction standards related to the Clean Air Act for its Portland facility since 2016
 --Eight years after the adoption of new emissions control measures, the EPA returns to a facility and conducts a risk assessment. The assessment is supposed to determine the amount of excess cancer risk the surrounding community is incurring as a result of the emissions that make it into the atmosphere. Please provide a copy of that risk assessment for TRI Facility ID (TRIFID): 97220BNGFP19000. I am also requesting the RTRs (residual risk assessments--Risk and Technology Review), and any additional inspection records since 2016.

 6-21 - Expedite

Good morning.

STRIVINGS

Please expedite and email or mail to me more information about the Kober Cogan building at Georgetown University Hospital from 2002 to 2020, including:

1. Details about the EPA's closure of the building in 2010,
2. Details about the asbestos and mold found in the building,
3. Details about the demolition of the building in 2018.
4. Directions for actions that former patients, who were exposed to asbestos at the building, should take, for resolution and restitution.
5. Contact info, name, email and tel #, for the best people for me to work with at the EPA and the Hospital.

SITUATION

I was a patient in the Kober Cogan building from 2004 to 2015, and also at present, who developed a blood clotting disorder after my first 5 months of visiting the building.

I originally requested this information on 1-10-21 but yet to receive a response.

STRATEGIC STEPS

Please expedite my request for the following reasons:

Dear Records Officer:

Pennoni is conducting a Phase I Environmental Site Assessment (ESA) of the property listed below. The purpose of the ESA is to identify recognized environmental conditions (RECs) as defined in United States Environmental Protection Agency (U.S. EPA) rules under 40 CFR Part 312 Standards and Practices for All Appropriate Inquiries (AAI), and the American Society for Testing and Materials (ASTM) Standard Practice for Environmental Site Assessments: E 1527-05, consisting of conditions indicative of releases or threatened releases of hazardous substances on, at, in or to the referenced property.

As such, we are interested in any information regarding illegal waste discharges, storage tanks, environmental contamination, remediation, and violations of environmental laws and/or permits on the following property and in the immediate vicinity (i.e., adjoining properties).

• 5028-34 Frankford Avenue
Philadelphia, Pennsylvania 19124

Please feel free to contact me at (215-254-7844 or at bkeegans@pennoni.com) if you have any questions regarding this request.

 Our File No: 1773

FOIA RECORDS REQUEST
 Dear Sir/Madam:

This Freedom of Information Act (FOIA) Request is for certain records and materials believed to be in the possession of the Environmental Protection Agency (EPA). This letter constitutes a request for records made under the Freedom of Information Act. If this request needs to be directed to another person or entity, please let us know or kindly send a copy yourself.

The purpose of this request is to obtain all information, documents and materials associated with a fire incident on July 23, 2020 at the Tarpon Basin off the coast of Key Largo, Florida involving a 2008 Rinker 320 Express that may be in the EPA's possession, and that may include, but is not limited to, the following:

1. Copies of any and all documents related to the EPA's response to the scene, including emergency call ledgers and times sheets;
2. Clear and legible copies any and all notes, logs, reports, official or unofficial memoranda and/or any other records or writings, statements from the owners, operators, witnesses, passengers of any vessels involved and all witnesses and potential witnesses relating to or reflecting the above-referenced incident;
3. Clear and legible copies of any and all documents which the EPA may have received from any other Federal agency, Florida state agency, or local agency relative to this incident;
4. Any and all other records and materials regarding this incident including, but not limited to, written, digital or photographic materials and videos;
5. Any and all correspondence between the EPA and any other Florida state agency,

EPA-2021-001941 Request Ms. Madison E Wahler Hamilton Miller & Birthisel, LLP

1/11/2021 Closed 1/26/2021

In response to FOIA Online Request No. EPA-R4-2021-003682, the EPA provided the attached RCRA Site Detail report for the facility registered with EPA ID No. NCD070619663 (Facility), along with related RCRAInfo History of Handler Activity and General Handler reports for the Facility. All of the produced reports are dated April 13. I request current copies of the RCRA Site Detail Report, History of Handler Activity Report and General Handler Report for the Facility, updated to include any and all new information from the April 13 run dates of the attached reports. Thank you.

EPA-R4-2021-006016 Request Rodney Huerter Veolia North America

Re: Freedom of Information Request
 10 S Main Street
 Section 142.30, Block 2, Lots 47, 48, 49, 50, 51, 52, 53, 54, 57, and 58
 Port Chester, New York
 Langan Project No. 170653201

Dear Sir or Madam:

Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.

The Subject Property is located at 10 South Main Street in Port Chester, New York. The Subject Property is identified as Section 142.30, Block 2, Lots 47, 48, 49, 50, 51, 52, 53, 54, 57, and 58. The Subject Property is bound by Westchester Avenue followed by mixed-use residential & commercial buildings to the north, South Main Street followed by commercial and retail buildings to the east, residential buildings to the south, and East Broadway followed by the Metro North Railroad and mixed-use residential & commercial buildings to the west.

Please contact me at 914-323-7432 with any questions or send your response to my attention at lgrose@langan.com or at the below address:

EPA-2021-004075	Request	Ms. Laura Grose	Langan Engineering		5/3/2021	Closed	5/8/2021
EPA-2021-006112	Request	Mrs. Maria Angela Rito-Fou Segal McCambridge Singer & Mahoney		Any and all documents and communications to, from and between the USEPA and the Village of University Park, Illinois (including those with any of the Village of University Park's employees, lawyers, or representatives) from June 1, 2019 to the present discussing Aqua Illinois and/or drinking water. The term "communications" includes emails, physical or electronically-transmitted letters, recorded calls, and documents evincing such communications such as minutes of meetings. The term "documents" includes any written, recorded, or graphic material of any kind, such as computer files, reports, data compilations, and working papers.	8/20/2021	Closed	8/27/2021
EPA-2021-002213	Request	Dr. Matthew Brooks	Ag-Chem Consulting	I am requesting the Public version of Corteva Agriscience LLC's Data Matrix (Form 8670-35) for their AminoPyralid Technical (EPA Reg. # 62719-518) product.	1/26/2021	Closed	1/28/2021

I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for the addresses:

111, 1117, 1119, 1121, 1123 and 1125 Church Street,
Nashville, Tennessee
Parcel IDs: 09305012500 and 09305012600

138, 140, and 142 12th Ave N,
Nashville, Tennessee
Parcel ID: 09309008200

Dear Open Records Officer:
 Please email the following records if possible:
 Tetra Tech Inc. (Tetra Tech) is conducting a Site Assessment at the above-mentioned properties. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (RECs), primarily focusing on under and above ground storage tanks (UST/AST) and any hazardous media/spills located on these properties. Tetra Tech is requesting any records you may have concerning the properties of interest. Any assistance from your office would be greatly appreciated.

AJ Elliott

Dear Sir/Madam:

Avocet Environmental, Inc. (Avocet) is conducting a Phase I environmental site assessment for the property located at 9528 Telstar Avenue in El Monte, California (the "property" or "site") and identified by accessor parcel number 8581-001-911. Pursuant to the provisions of the California Public Records Act, Avocet respectfully requests access to environmental records on file in your office for this property.

For the purpose of this request, environmental records would include underground storage tank, aboveground storage tank, "tied" and/or other environmental permits; enforcement orders; and reports and correspondence related to site investigation/assessment, soil sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

Thank you for your prompt response to this request. If you have any questions or anticipate any problems, please do not hesitate to contact the undersigned at (949) 296-0977 Ext. 137 or cscott@avocetenv.com.

Respectfully submitted,

AVOCET ENVIRONMENTAL, INC.
 Colton Scott
 Staff Geologist

To Whom It May Concern:

I am looking for information regarding, specific air permits, inspection reports, violation notices, annual emissions reports, asbestos information, leaking underground storage tanks, site remediation program enrollment, compliance reports, ground-water information, sampling results, complaints, and incident notices for any current or historical facilities at the following location:

Approximately 27-acre Riley Place property,
North of Dawson Forest Road East,
Dawsonville, GA 30534

I believe this property currently consists of undeveloped land and a residential subdivision owned by Riley Place Partners LLC. The property includes addresses along Mallory Drive, Jackson Court, Annabelle May Way, Katie Avenue, Cedar Wood Court, Riley Circle, Riley Place Drive, Hidden Hickory Court, Hidden Oak Drive, Madaline Lane, and Brickton Way East in Dawsonville, Georgia.

The property was assigned the Dawson County Parcel IDs 106 055 001 and 106 055 002. If it is possible to locate and provide any information for the aforementioned site, I would appreciate it.

Good Afternoon,

Apex Companies, LLC is evaluating the property located Near Queen Drive and County Road S-18-174 (aka Carter Road), Ridgeville, Dorchester County, SC with Parcel # 126-00-00-036.000 for a Phase I Environmental Site Assessment.

We kindly ask your office to provide any information and documentation of environmental violations, septic systems, water wells, information regarding hazardous chemical or petroleum product storage, underground or above ground storage tanks, spills, or other items of environmental concern at the property. Please provide me with an email address or phone number of a contact if your office does not have this information but you know where it can be found.

Thanks!

EPA-2022-000431	Request	Steven Lange		I am looking for information regarding, specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, ground-water and soil contamination information, sampling results, and incident notices for any facility at the following address: 2765-2783 Red Bluff Road in Pasadena, TX 77053	10/21/2021	Closed	10/21/2021
EPA-2022-000449	Request	Madison Witkowski	BBJ Group, LLC	Hydro Extrusion North America, LLC (Hydro) owns and operates a facility located at 5120 Western Ave, Connersville, IN 47331 (Facility) that primarily produces extruded aluminum products. In accordance with the Federal and or State Specific Freedom of Information Act (FOIA), and on behalf of Hydro, ALL4 LLC (ALL4) hereby requests information relative to RCRA (Permit) for this Facility. The requested information may include but is not limited to permit application documents, agency review memos, testing and monitoring submittals, and related agency-Facility correspondence (e.g., letters, memoranda, emails, etc.) for the past five years (i.e., back to January 1, 2016). ALL4 also requests any previous or expired versions of the Permit (if applicable) as well as the most recent version of the Permit.	10/22/2021	Closed	10/27/2021
EPA-R5-2021-001588	Request	Gina Maiorana	ALL4	Please inform ALL4 if there are any fees associated with searching, copying, or acquiring the requested records and correspondence.	12/22/2020	Closed	1/6/2021
EPA-2021-001464	Request	Alex Becker	Roux Associates, Inc.	We are performing a Phase I Environmental Site Assessment for the property located at 8 Orly Court, West Windsor Township, Mercer County, NJ 08550(Block 24.17, Lot 18.01). Please provide any information related to potable wells, onsite septic systems, environmental reports, releases/discharges, underground storage tanks (USTs), permits, complaints, inspections, enforcement actions, health code violations, fire department records etc.	12/16/2020	Closed	1/1/2021
EPA-2021-005063	Request	Erika Damacela	ADR Environmental	ADR Environmental is conducting a Phase I Environmental Site Assessment of a property located at 407 US Highway 206, Frankford Township, NJ 07826, Block 73, Lot 6.01. The site is formerly known as 407 US Highway 206, Frankford Township, NJ 07826, Block 73, Lot 6. We would appreciate an acknowledgement if any materials were in your files that pertain to the property in question that may be of an environmental nature. Specifically, we are interested in information about spills, environmental violations, environmental permits, environmental reports, chemical storage, cleanups, tank removals or any other relevant data that might be in your files.	6/22/2021	Closed	6/25/2021
EPA-2022-000752	Request	Heather Holmes	Wilbraham Lawler & Buba	Program Interest ID 1905356 appears to be associated with the subject property.	11/3/2021	Closed	11/5/2021
EPA-2021-006741	Request	Dr. Shannon Owings	Exponent Inc.	I am requesting any information on testing, compliance, permits, reports, violations, removal or abatement regarding asbestos that may be on file regarding Devereux Children's Behavioral Health Services at 655 Sugartown Rd, Malvern PA 19355 from 1/1/1997 onward. I herein request the publicly releasable data matrix for the product "Chemchlor 160" EPA Reg No. 92757-1.	9/24/2021	Closed	11/5/2021

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, as amended, and the FOIA regulations promulgated by the U.S. Environmental Protection Agency in 40 C.F.R. Part 2, I hereby request all "Certification with Respect to Citation of Data" (EPA Form 8570-34), "Data Matrix" (EPA Form 8570-35) and Formulator's Exemption Statements (EPA Form 8570-27) for the EPA Registration Number 91746-6.

Due to EPA directives to work from home because of COVID-19, my understanding is FOIA Officers currently only have access to certain scanned files for each registration. Therefore, my request pertains to any files that can be currently accessed until normal EPA operations are restored.

Please contact me at (212) 702-5464 or via email if you have any questions or concerns. I authorize costs up to \$100 associated with copy and review time to prepare this request. Please let me know if the costs will exceed this amount.

Please provide any Sems-Archive report/information regarding TXD980699458 - Missouri Pacific Railroad (MOPAC) in Fort Worth, Texas.

Can you please provide all Class VI sequestration well permit applications (including the name of applicant) that have been filed with the EPA?

All records related to the daily calendar and meeting schedule for Karl Moor, former deputy assistant administrator in the Office of Air and Radiation, from Jan. 1, 2021 through Jan. 20, 2021.

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, et seq., I am requesting copies of specific public records relating to the following site located in Region 5:

â€¢Kettle River Company site located at Center Grove and Cougar Road in Edwardsville/Glen Carbon, Illinois. From research this site as a USEPA ID of ILD 984791665.

I request copies of fact sheets, reports, investigations, inspections, and cost data for the above site not available online.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. I would request a prompt response to this request. If you expect a significant delay in responding to or in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

EPA-R5-2021-004257	Request	Mr. Logan Ping			5/12/2021	Closed	6/14/2021
EPA-2021-005475	Request	Audrey Stallworth	BBJ Group, LLC	I am looking for information regarding specific air permits, inspection reports, violation notices, leaking underground storage tanks (LUST) incidents, site remediation program enrollment, compliance reports, groundwater and soil contamination information, sampling results, and incident notices for any facility at the following address: 831 National Road, Wheeling, WV 26003. All environmental records including but not limited to underground storage tanks (USTs), aboveground storage tanks (ASTs), RCRA hazardous waste generation, lead-based paint, asbestos containing building materials, inspections and violations associated with the following addresses in Chicago, Illinois (Zip Code 60623): 1601-03 S. Kedzie Ave., 1605-15 S. Kedzie Ave., 1549 S. Kedzie Ave., 3145 W. 15th Pl., 3147 W. 15th Pl., 3122 W. 16th St. 3146 W. 16th St., 3151-61 W. 16th St. The addresses listed herein are the subject of a Phase I Environmental Site Assessment conducted in accordance with ASTM Standard E 1527-13 and the USPEA's All Appropriate Inquiry (AAI) Rule. Thus, this FOIA request is intended to assist in the identification of Recognized Environmental Conditions (RECs), which are defined as the presence of likely presence of any hazardous substances or petroleum products in, on or at a property due to a release to the environment, under conditions that indicate a release to the environment, or under conditions that pose a material threat of a future release into the environment. Please do not hesitate to contact me at 773-334-3944 with any questions or concerns related to this FOIA request.	7/14/2021	Closed	7/20/2021

Hello,

I would like to request the EPA Office of Pesticide Programs Incident Data System. I would like to request all of the information behind the system that shows the number of incidents reported by product and outcomes of each of those reports. This should include product name, package and seq. #, Full Product Reg #, Product Name, Form., Total Inc., and each of the exposure severity codes (DA:WB).

An example of what I am looking for (though this is only for one product) can be found here: <https://beta.documentcloud.org/documents/20473296-aggregate-incident-summary-report-for-epa-reg-no-11556-155-1-1-2012-to-6-16-2020>

I would like this for all products and from the beginning of the system's existence to the present date.

EPA-2021-002530	Request	Johnathan E Hettinger	Midwest Center for Investigative Reporting	<p>Please provide this information in a .csv file or other type of database file.</p> <p>Dear Sir/Madam:</p> <p>Pursuant to the regulations established under the Freedom of Information Act, 5 U.S.C. 				Based on RCRA NonGen/NLR data, Pride Cleaners (Facility ID 110005115268, located at 10309 S Padre Island Dr, Corpus Christi, TX) was registered as a RCRA-LQG from 1989 to 2001. No compliance records were found online on any of the EPA search engines. No information is available from my state agency (TCEQ) either, except a 1989-2001 Notice of Registration which indicates the site was a CESQG. I have reason to doubt that this facility ever actually existed or operated as a dry cleaning plant and may have never been opened or was only a dry clean drop station. I am requesting any compliance information you may have which predates the 5-year period of record already posted online, or any records at all which verify that the facility existed and generated wastes. We are deciding whether to conduct a subsurface investigation and would prefer to have more information before making such an investment. Thank you.

Modified:

I'm requesting all external email correspondence between EPA officials in Region 6, Headquarters, or the Office of Air Quality Planning and Standards, and officials or representatives of Oxbow Carbon, Baker Botts, or the Texas Commission on Environmental Quality between Jan. 1, 2017, and Dec. 31, 2019, that discuss enforcement, violations, exceedances, or nonattainment in Jefferson County, Texas, based on the ambient air monitoring of sulfur dioxide.

Original:

1) I'm requesting all internal EPA correspondence, reports, memos or other documents that discuss whether Jefferson County, Texas, should be considered a containment or non-containment area for air pollution monitoring and enforcement purposes, especially sulfur dioxide emissions. The search date range is Jan. 1, 2017 to Dec. 31, 2019.

2) I'm requesting all external email correspondence between EPA officials and officials or representatives of Oxbow Carbon between Jan. 1, 2017, and Dec. 30, 2019, that discuss whether Jefferson County, Texas, should be designated a containment or non-containment area for sulfur emissions.

EPA-2021-004765	Request	Nikita Bogdanov		This is a request under the Freedom of Information Act. I am requesting that I be provided a copy of all contracts executed between 01/01/1980 and 06/04/2021 between the Environmental Protection Agency and one or more of McKinsey & Company, Bain & Company, Boston Consulting Group, Deloitte Strategy & Operations, Oliver Wyman, Accenture Strategy, PwC Advisory/Strategy&, Roland Berger, Kearney, EY-Parthenon, Booz Allen Hamilton, KPMG LLP, and/or L.E.K. Consulting.	6/7/2021	Closed	8/2/2021
EPA-R8-2021-004915	Request	Melissa Fisher	Bureau of Land Management	Government organization, need documents to make a decision on management of surface use	6/14/2021	Closed	6/17/2021
EPA-R8-2021-005002	Request	Mr. Brent G Poll		Need access to all data relating to pending or proposed delistings from the National Priority List (NPL) involving Superfund sites surrounding Hill AFB in Utah.	6/18/2021	Closed	7/14/2021
				To whom it may concern,			
				I am writing a Phase I ESA for a property located in McGregor, Texas. Our database listing shows that there are multiple listing (such as RCRA CORRACTS/IHW CORR ACTION/APAR/GWCC, etc.) for a property supposedly 74 feet away. The company name for the property with these listings is "Naval Weapons Industrial Reserve Plant". I am requesting any information you may have that can show me where this facility is actually located (Well logs, APARs, boring locations, etc.). I believe the RN for this site is RN103006698. If you have any additional questions, please don't hesitate to email me.			
EPA-R6-2021-005438	Request	Tyler Eubank	KJ Environemtnal	Thanks so much, Tyler Eubank	7/12/2021	Closed	9/22/2021
EPA-2021-000993	Request	Evan Fry	Pinnacle Investigations	Copies of any and all EPA-related activity documents and records for the Boeing Renton Factory located at North 6th Street, Renton, WA 98057 (Our Case No. 18416B). There is no time frame for this request.	11/19/2020	Closed	11/30/2020
EPA-2021-005875	Request	Adam Kushner	Hogan Lovells	Requesting a CBI/PBI determination for FOIA request EPA-HQ-2020-001372	8/5/2021	Processing Tasks	
EPA-2021-006401	Request	Dr. Bruce M McKay	n/a	I'm requesting from EPA's Office of Pesticide Programs the most recent annual report for Pesticide Producing Establishments, compiled from EPA Form 3540-16, submitted to EPA's Section Seven Tracking System (SSTS). I understand the report will not contain Confidential Business Information. I am requesting the report in a form suitable for database import: Delimited or Fixed-Width text file. I will accept the report via email or on hard disk.	9/7/2021	Closed	9/30/2021
EPA-2021-003019	Request	Olivia Bowles	Roux Associates Inc.	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the two APNs 5063-021-901 and 5063-022-908. These APNs are associated with the address 2411 South Marvin Avenue, Los Angeles 90016. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	3/8/2021	Closed	3/16/2021
EPA-2021-003278	Request	Kimberly A Vogel	PennJersey Environmental Consulting	PennJersey Environmental Consulting is conducting an environmental assessment of the property located at 2210-2214 Route 88 in Brick, Ocean County, New Jersey. The property encompasses block 1034.01 lots 12, 13, 14, 15, 16, 17, 18, 23, 24, 25, 26, 27, 28 and 29. We are seeking any remedial, permitting and enforcement records associated with the referenced site.	3/23/2021	Closed	3/24/2021

I am requesting records related to applications for Class VI Underground Injection Control (UIC) permits that have been submitted to EPA since January 1, 2019 except for records related to the permit application submitted by Gulf Coast Sequestration LLC for a project to be located in Louisiana.

Under the Safe Drinking Water Act and EPA's implementing regulations, anyone seeking to sequester carbon dioxide (CO2) in underground geological formations must first obtain a Class VI UIC permit. I understand that a few companies have already submitted at least partial applications for such permits. I am requesting copies of the applications or partial applications that have been submitted, along with any other records in EPA's possession relating to the projects for which applications or partial applications have been submitted. As indicated above, however, I am not requesting records related to the permit application submitted by Gulf Coast Sequestration for a project to be located in Louisiana.

Please note that I am seeking records related to any full or partial applications that have been submitted "not just applications that have been determined to be administratively complete. I know that at least one application for a Class VI UIC permit has been submitted to EPA Region 9.

Please e-mail the responsive documents or a downloadable link to me at jeff.holmstead@bracewell.com. If this is not practical, please contact me via email or at 202-828-5852 to discuss the best delivery option. If a portion of this request can be fulfilled before completing the entire response, please provide responsive records as they become available.

Under 40 C.F.R. Â§ 2.107(b), the fee category is "commercial use request." I authorize costs of any amount associated with copying and review time to prepare the response to this request. However, please contact me if you estimate that the fees will exceed \$2,500.

Requesting a CBI/PBI determination for FOIA request EPA-HQ-2019-008333
Any requests for technical support or related questions made to the Office of Stratospheric Programs and the responses thereof made by the House Subcommittee on Environment and Climate Change related to H.R. 5544 "American Innovation and Manufacturing Leadership Act of 2020"

Please provide all records regarding wastes, violations, enforcements, and penalties for TUBAL-CAIN MARINE SERVICES - TXR000079853, including copies of all correspondence and internal memoranda. Please include any EPA records for the facility from 2007 to present. We are specifically looking for records associated with the civil enforcement case 06-2017-0915.

Records for this facility have reportedly been misfiled under the wrong EPA ID (TXR000080426). Please review records for both EPA numbers and provide all records associated with TUBAL-CAIN MARINE SERVICES - TXR000079853. Assessments for the property below.

EPA-R1-2021-002676	Request	Miss KARALYN M FALCK	University of New England	Hello, I am currently a graduate student at the University of New England. I am doing my master's thesis on mercury contamination in fish tissue and the relationship of this contamination to dam removals in New England. I would like access to any and all data from the Penobscot River in Maine from 2011-present containing methylmercury in fish tissue sampled from this river. I have already accessed the publicly available data from EPA's "Fish Tissue Data Collected by States for State Fish Advisories" but also need data collected after 2010 from the Penobscot River to carry out my thesis study. There was a project reported on your website as "SEABROOK PET WASTE OUTREACH AND EDUCATION PROJECT" reflecting Project ID: R-05-C-12, grant # 98132406, Region 1, State NH, Appropriation year 2005, Project # 15. Was a report ever completed? Could I receive a copy please?	2/18/2021	Closed	3/17/2021

				I would like to request records for the property located at 9621 Coors Blvd NW, Albuquerque, NM 87114, owned by Sparton Corporation. Specifically, I would like to request releasable reports related to the facility's TSD operations, and investigation/remediation/closure reports related to RCRA. Thank you.			
EPA-R6-2021-000363	Request	Ms. Christina Donley	Arcadis US, Inc.	RCRA Info: NMD083212332 I Requesting a copy of all supporting documentation pertaining to any and all investigations of myself, Louis Stratis Skenderis. MODIFICATION As part of a now closed DHS OIG investigation of me (an employee of DHS) I learned that DHS OIG opened a case on me after being contacted by the EPA-CID in Salt Lake City, Utah. EPA-CID believed that I was in league with one or more of the defendants and/or informants involved in the Kingston (Washakie Renewable Energy) and Termendzhyan (NOIL Energy) investigations. I do not know if EPA-CID opened a separate investigation on me or if records would be found within these investigations. Since DHS OIG closed its case, EPA must also have. Thank you, Loui Skenderis	10/19/2020	Closed	8/12/2021
EPA-2021-000393	Request	Mr. Louis Stratis Skenderis		address of 14377 Pulp Mill Road, Missoula, Montana, EPA ID: MTN000802850 (the "Site") 1.) Any Request(s) for Information Pursuant to Section 104(e) of CERCLA, relating to the site, and any responses thereto. EXCLUDING the Requests (and related responses) to Rock-Tenn Company, International Paper, M2Green Redevelopment LLC, Missoula County, BNSF Railway Company, Montana Rail Link. 2.) Any General Notice Letter(s), relating to the Site, and any responses thereto. EXCLUDING the General Notice Letters (and related responses) to Rock-Tenn Company, M2Green Redevelopment LLC, Missoula County. 3.) Any Special Notice Letter(s), relating to the Site, and any responses thereto. EXCLUDING the Special Notice Letters (and related responses) to Rock-Tenn Company, International Paper, M2Green Redevelopment LLC, Missoula County, and Montana Rail. 4.) Any data relating to the Site contained in any Scribes database (or similar database). EXCLUDING data produced in the release for FOIA # EPA-R8-2020-003160. * Please export the data into Excel and produce the native Excel files. It would be very helpful if these Excel files would be in a "vertical" format (one analytical result per row) that would make it easy to be brought into an Access database. In addition to the actual analytical results, we would like the x,y-coordinates for the sample locations and the associated coordinate system, the depths samples were collected, well construction information and any other relevant information about the samples and their locations. 5.) Please provide any other sampling data concerning the Site that is not contained in a Scribes (or similar) database. EXCLUDING data produced in the release for FOIA # EPA-R8-2020-003160. If the data is maintained in Excel or other native format, please provide the data in its native format.	10/19/2020	Closed	1/29/2021

EPA-2021-002102	Request	Michael J Flannery	Cuneo Gilbert & LaDuca, LLP	January 20, 2021 Re: Toyota Clean Air Act Emission Violations To Whom It May Concern: This is a request under the Freedom of Information Act (FOIA). I request that copies of documents containing the following information be provided to me: All Documents regarding Toyota vehicles that were affected by the conduct described in the complaint filed in the United States District Court for the Southern District of New York on January 14, 2021 in the matter styled United States v. Toyota Motor Corporation, et al., Case No. 1:21-cv-00323 (S.D.N.Y). Specifically, we are interested in all documents related to 2004 through 2015 model-year Prius hybrid vehicles and 2012 through 2017 model-year Prius v hybrid vehicles affected by the approximately 78 emission-related defects for which Toyota Motor Corporation and/or its subsidiaries (collectively, Toyota) failed to file the appropriate reports with the EPA, as alleged in the Complaint and in the Consent Decree filed in the above-referenced action. For the purposes of this FOIA request, the definition of Documents includes, but is not limited to, the following: All materials comprising or pertaining to communications (regardless of the medium used to communicate) between Toyota and (a) the U.S. Environmental Protection Agency (EPA), (b) Transport Canada (TC), (c) the California Air Resources Board (CARB) or (d) the National Highway Traffic Safety Administration (NHTSA); All presentations made by Toyota to EPA, TC, CARB, and/or NHTSA; and All filings in any official proceeding involving Toyota and EPA, TC, CARB, and/or NHTSA. In order to help determine my status for the purpose of assessing applicable fees or costs, I am an attorney requesting information for a contingency class action against Toyota. I am willing to pay fees and/or costs for this request up to a total maximum of \$1,000. If you estimate fees will exceed this this limit, please contact me first. Michael J. Flannery Georgia Pacific Corporation/Georgia Pacific Gypsum LLC 1198 Highway 69A, Pryor, OK 74362 Site ID: 0601038 EPA ID: OKD007217425	1/21/2021	Closed	6/17/2021

EPA-2021-002666	Request	Miss Georgia Anderson	Novos	<p>Hi there, I'm looking for data on the number of illegal dumping incidents on federal land in each American state from January 1st 2020 until December 31st 2020 (if you could extend this out from January 1st 2016 to December 31st 2020, that would be greatly appreciated but I understand if you are under tight time constraints). It's very important that I get a break-down of each of the 52 states and not the total number of illegal dumpings for the nation as a whole. If possible, it would be great to get a) the number of illegal dumping incidents on federal land per state b) the number of fines issued for illegal dumping on federal land and the amount (\$) those fines totalled for each state c) the severity (types and amount of material disposed of) of illegal dumping incidents on federal land broken down by state and d) a breakdown of the locations where these illegal dumping incidents on federal land occurred for each state - for example, in a national park. It might help to know that I am interested in finding out the states with the highest and lowest rates of illegal dumpings. You might not have access to the information to answer point (c) and that is okay. I'm specifically interested in point (a) and (b). Your time is greatly appreciated and if you need any clarification, please don't hesitate to email or call.</p> <p>All documents and information pertaining to "John C Newsham - P R Melancon SWD" facility located in the Donner Oil and Gas Field in Section 38, Township 16 S, Range 15 E, Terrebonne Parish, Louisiana.</p>	2/18/2021	Closed	3/24/2021

Dear Sirs -

Please provide any and all communications between EPA and any third-party regarding any or all Moda Midstream facilities located in or near Ingleside Texas , including, but not limited to, any and all communications between EPA and the Sierra Club, Environmental Integrity Project, Ingleside on the Bay Coastal Watch Association (IOBCWA), the Indigenous People of the Coastal Bend, and the Corpus Christi Caller Times. A "third-party" does not include an engineering firm or consulting firm submitting documents on behalf of Moda.

To be clear, for this FOIA request , the term "communications" includes emails and related attachments, as well as all hardcopy documents and phone call documentations.

The timeframe covered by this request include any and all communications from June 1, 2020 through the date of this request.

If you have any questions regarding this request, please contact me by email or by phone at 713.752.8628.

Sincerely
Kelly D. Brown

My name is Simon Geisker, I'm a senior journalism student at New York University. I am currently taking a class with professor Seth Borenstein, where I am required to file this request as an assignment.

Pursuant to the federal Freedom of Information Act, 5 U.S.C. 552, I request access to the following materials:

Any internal written reports relating to Michael Regan's proposed methane regulation, that would establish standards for old wells, impose more frequent and stringent leak monitoring, and require the capture of natural gas found alongside oil.

Any emails with external scientific advisors relating to Michael Regan's proposed methane regulation, that would establish standards for old wells, impose more frequent and stringent leak monitoring, and require the capture of natural gas found alongside oil.

Any emails from internal scientific advisors relating to Michael Regan's proposed methane regulation, that would establish standards for old wells, impose more frequent and stringent leak monitoring, and require the capture of natural gas found alongside oil.

Through this FOIA request I am gathering vital information on the activities of the taxpayer-funded EPA that is important to the public's understanding of how its federal environmental protection agency spends public money and whether it is doing so in compliance with federal laws.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act and release all segregable portions of otherwise exempt material. I reserve the right to appeal.

Purpose: Historical review for a Phase I Environmental Assessment - Phase Job 202109147, CORRACTS TXD058667973, FRS ID: 110000822352, Facility Name: MICA STEELWORKS KAUFMAN; Facility Location: 1200 RAND RD, Kaufman, TX 75142. Requesting all information regarding Soil & Groundwater (not air) Investigation, Cleanups and Actions taken to Remedy. The Time frame: 1980-Present Publicly Records that are Available only, we do not need the denial log of CBI. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. We are not seeking email communications or attachments. Thank you!, Alexis **Please send all invoices to Accounting@PhaseEngineering.com**

EPA-R6-2021-006619 Request Alexis L Haynes Phase Engineering, Inc.

9/20/2021 Closed 11/30/2021

I am trying to obtain information regarding the following identified SEMS facility:

Jackson Automotive
76 Conalco Drive, Jackson TN
EPA ID: TNN000407593

It appears that the facility in question could also be listed as Bendix Automotive Aftermarket.

Specifically, we are looking for any information that shows the extent of potential contamination from this facility, to help in our determination if the facility has potentially impacted a property we are doing an environmental assessment on in the area.

EPA-R4-2022-000764 Request Melissa Bauer EBI Consulting

A response from the State of Tennessee DEQ has indicated that they do not have any files. 11/4/2021 Closed 11/29/2021

I am trying to obtain information regarding the following identified remediation site:

DOR Site 57550
180 Conalco Drive

EPA-R4-2022-000766	Request	Melissa Bauer	EBI Consulting	Note, a response from the State of Tennessee DEQ has indicated that they do not have any files. Please provide the most recent report for the SEMS investigation associated with Syro Steel Co (EPA ID UTD041075896), which has deferred to RCRA status. Include spreadsheet of all investigation documents available for the site in the EPA records.	11/4/2021	Closed	11/29/2021
EPA-R8-2021-006513	Request	Mr. Daniel Edward Raynor	Ramboll	I request a list of special government employees (SGEs) employed by EPA during the pay periods that ended between Oct. 1 to Nov. 1, 2021.	9/13/2021	Closed	10/20/2021
EPA-2022-000727	Request	Kevin Bogardus	E&E News	A SGE is an agency employee that performs temporary duties, with or without compensation, for not more than 130 days during any period of 365 consecutive days, as defined in 18 U.S.C. Â§ 202. Please send me all releasable electronic CERCLA/SEMS documents, dated after April 12, 2018, for the following active Superfund site in East St. Louis, St. Clair County, Illinois:	11/2/2021	Closed	11/29/2021
EPA-R5-2022-000469	Request	Jim Geiger	Illinois State Geological Survey	USEPA #ILSFN0508010. Alcoa Properties, 3000 E. Missouri Avenue East St. Louis, IL 62205.	10/25/2021	Closed	11/29/2021
EPA-R3-2022-000453	Request	Judy Azulay	Indian Creek Watershed Association	Any and all communication between EPA and WV DEP concerning Aviagen, Inc. NPDES Construction Permit number WVR110985. The information requested is for but not limited to WV DEP submittal to EPA and EPA comments to WV DEP. We seek information on contact details for facilities regulated under the National Pollutant Discharge Elimination System (NPDES) and operating in EPA Region 3 and New Jersey. Specifically, we seek these contact details: 1. NPDES identifier 2. Name of the NPDES contact person 3. Title of the NPDES contact person 4. Email address 5. Phone number 6. I am writing on behalf the Sierra Club to request certain applicability determinations (or comfort letters) relating to pyrolysis/combustion units issued by EPA or otherwise in its possession (e.g., issued by a state but copied to EPA). Additionally, the Sierra Club is requesting a copy of any documents (or documents containing the following information):

Any documents related to the location (or proposed siting/development) of pyrolysis/combustion units.

Any correspondence with non-EPA parties (including state/local/tribal agencies and private entities/personnel) concerning pyrolysis/combustion units.

All documents pertinent to PFAS contamination at the Nantucket Memorial Airport.

All records, correspondence, notes, phone messages and phone call notes, meeting notes and investigations conducted regarding an air complaint made against Apache Corp.

Cheyenne Central Processing Facility on March 15, 2018, OMB Control No. 2020-0032.

Please send the information electronically to swilson@earthworks.org.

Specifically, this request concerns U.S. Environmental Protection Agency (US EPA) records related to best management practices (BMPs) provisions related to major storm events in draft and/or final permits issued under the federal Clean Water Act and Massachusetts Clean Waters Act for various bulk petroleum storage facilities in Massachusetts.

Throughout this request, the term "agency records" is intended to have the broadest and most inclusive meaning possible under FOIA. As such, the term "agency records" includes, but is not limited to, all documents, agreements, contracts, reports, analyses, memoranda, emails, including email on personal accounts, transcripts, minutes, notes, bulletins, worksheets, schedules, calendars, drawings, photographs, renderings, figures, diaries, workpapers, presentations, data compilations, spreadsheets, databases, and communications created or obtained by US EPA and under US EPA's control at the time of this request. Specifically, the term "agency records" includes, but is not limited to, all agency records in electronic, hard copy, or any other tangible or graphic format, however produced or reproduced, including audio or video recordings.

We request copies of the following agency records:

1. All agency records related to BMPs provisions related to major storm events included in draft and/or final National Pollutant Discharge Elimination System permits for Massachusetts bulk petroleum storage terminals in the last ten (10) years. This request includes, but is not limited to, such agency records for the following facilities:

- a. Global Companies, LLC Terminal in Revere, MA;
- b. Gulf Oil Terminal in Chelsea, MA;
- c. Irving Oil Revere Terminal in Revere, MA;
- d. Chelsea Sandwich Terminal in Chelsea, MA; and,

FMC Corporation, and/or Front Royal Economic Development Authority (EDA), at location:

Groundwater extraction and wastewater treatment plant and/or Ground Leachate Treatment Plan (also known as the GLTP) located at 404 Kendrick Lane, Front Royal Virginia 22630-2945 and/or the facility located at latitude/longitude N38.925345/W78.212116. I am requesting the following documentation.

From 2015 to Present:

- 1) In accordance with the Site's 2015 Sitewide Operations and Maintenance Plan, the annual sitewide O&M reports prepared by PRP contractor Parsons.
- 2) Annual land surface topographic surveys.
- 3) All reports from quarterly monitoring and inspections of the passive gas vents associated with OU7, OU10 and the NTCRA Basins.
- 4) Quarterly reports summarizing the operation of the groundwater and leachate extraction system.
- 5) Quarterly sampling of extracted VB leachate.
- 6) Quarterly groundwater monitoring reports.
- 7) Monthly Discharge Monitoring Reports to VA DEQ (from 2015 to present).

In am also requesting

- 1) Documentation of the GLTP's compliance with reporting requirements for Table II. EPCRA Section 313 Chemicals and/or compounds.
- 2) Any information, documentation, or communication submitted by FMC, Parsons, the EDA (or their contractors) to the EPA pertaining to the treatment of PFOA's, PFCA's, PFSA's, PFECA's, or multi-ether PFECA's at or by the GLTP.

EPA-R4-2022-001090	Request	Mr. Brian Lynch	Tetra Tech	<p>All correspondence between Region VI and the City of Rio Rancho, and between Region VI and NMED, for the year 2021, regarding the facility identified as "The City of Rio Rancho Wastewater Treatment Plant Number 2 (I.D./Permit Number NM0022872346). Correspondence shall include but shall not be limited to emails with attachments, telephone transcripts, reports and lab analyses, and other electronic and hard copy documents. Any and all documents or correspondence determined to be confidential or otherwise proprietary shall be fully identified pursuant to FOIA regulatory requirements. This request is pursuant to EPA processes and procedures regarding a May 2021 "virtual Inspection" report and follow up correspondence with the Water Enforcement Division. This request is for private citizen and does not pertain to any business or for-profit operation. The requested information will assist in understanding how the May 2021 report was determined and also the Water Enforcement's process. Currently, a petition of nearly 335 Rio Rancho citizens have expressed a desire for a more comprehensive understanding of EPA's enforcement and reporting procedures. There is no commercial aspect to this request.</p>	11/22/2021	Closed	12/2/2021
EPA-R6-2022-000670	Request	Mr. Edward I Paulsgrove			11/1/2021	Closed	12/2/2021

Good afternoon,

Trileaf is conducting a Phase I Environmental assessment on several properties in Brooklyn, NY. We would like to submit a FOIA request for the following information:

- Installation, inspection, and removal of underground and aboveground storage tanks
- Storage tank releases
- Generation, storage, transport, and disposal of hazardous materials or waste
- Spills of hazardous materials or waste
- Emergency responses of an environmental nature

And here is the superfund site that we are interested in:

Newtown Creek Superfund Site

Please let me know if you need any additional information.

Thank you

EPA-R2-2022-000527	Request	Thomas Iborg	Trileaf		10/26/2021	Closed	12/2/2021
--------------------	---------	--------------	---------	--	------------	--------	-----------

for
Environmental Responsibility (PEER) requests information concerning specified categories of
explanatory and background materials related to the following three documents:
• Final Radiological Scoping Survey Report Parcel F Structures "Submarine Pens Hunters
Point Naval Shipyard, CA January 2021
• Final Radiological Scoping Survey Report Parcel F Structures "Finger Piers Hunters
Point Naval Shipyard, San Francisco, CA April 2021
• FINAL REVISION 2; RADIOLOGICAL SCOPING SURVEYS WORK PLAN Parcel F
Structures HUNTERS POINT NAVAL SHIPYARD SAN FRANCISCO, CALIFORNIA
May 2019

PEER is not requesting these three documents.
Instead, we are seeking documents related to the radiation/radioactivity measurements at the
Submarine Pens and Finger Piers in Parcel F, the various locations considered as possible
Reference Background Areas (RBAs) for taking background measurements for concrete and
metal for use in the investigations of the Submarine Pens and Finger Piers, and the
assumptions
behind these measurements and calculations.

Specifically, we request the following documents:

1. For the proposed RBA near Building 810 " Pacific PEER

Public Employees for Environmental Responsibility
248 3rd Street; # 331 Oakland, CA 94607
(510) 213-7028 " , pacific@peer.org " , www.peer.org

a) All documents discussing and/or purportedly demonstrating why that area would or
would not be considered not potentially radiologically impacted.

b) All document(s) that: include or refer to the Building 810 alpha/beta and gamma

construction records omitted from the scope.

The request is to review the available records related to the North Penn "Area 2 (NPA2) Site characterization, remediation, remedial design and ongoing corrective action monitoring. Specifically, we are interested in the following documents and associated records as referenced in the First Five-Year Review Report For North Penn "Area 2 Superfund Site dated May 2017:

- The 2005 Remedial Investigation (RI) Report;
- The 2012 Remedial Action (RA) Report
- 2011 Remedial Design Work Plan (RDWP)
- 2012 Final Remedial Design (RD) Report

In addition to the above reports and work plans, we would also request to review information related to, and/or containing, the following information:

1. Sampling and analytical information collected over the last 15 years (2006-2021) for any onsite groundwater monitoring wells that are, or have been used, to characterize or monitor groundwater conditions at the NPA2 Superfund Site.
2. Any sampling and analytical information related to surface water monitoring points, located both onsite and offsite, and any offsite groundwater monitoring locations used to characterize, remediate, monitor or evaluate the NPA2 Site. We request this information for the same period of 15 years (2006-2021).

EPA-R3-2021-004520	Request	Mr. Mark Talbott	Compliance Plus Specialists	I am requesting copies of all documents, inspection reports and any correspondence related to the EPA's SPCC facility inspection conducted on July 19, 2021 at 4474/4458 Waterfront Ave, Little River South Carolina 29566. This inspection was the result of a complaint filed on June 16, 2021 that was followed up with an email by Ted Walden FRP/SPCC Coordinator Region 4 on June 22nd.	5/24/2021	Closed	11/30/2021

Hello,
 I am performing a Phase I Environmental Site Assessment for a property in Norman, OK. A site within my approximate minimum search distance was listed, but I cannot find any information for it on EPA databases. The SEMS/EPA ID is OKN000605520 and the address is 104 W Commanche St. Can you tell me why this site was listed? Do you also have any soil and groundwater analytical data?
 Thank you,

Targus is currently performing a Phase I Environmental Site Assessment at the following address:
 Vaseo Apartments
 16220 North 7th Street
 Phoenix, Arizona 85022
 Parcel No. 208-36-637

Your assistance and file information for this address is requested to identify potential sources of environmental concern that may have occurred. Such information may consist of fuel or chemical storage activities (ASTs/USTs); environmental releases to soil and/or groundwater; emergency responses to fires; hazardous material responses, spills, and/or releases; or observations noted during routine inspections. Additionally Targus would like to locate files in the SEM-ARCHIVE with the EPA ID: AZD983479262 & AZD983479817.

We appreciate your help with this project. Please contact Ranyah Lycka by telephone at 972.247.7229 or via email at rlycka@targusassociates.com with any questions or comments regarding this inquiry. Thank you for your time.

Sincerely,
 Targus Associates, LLC

Ranyah Lycka
 Staff Professional

EPA-2021-006846	Request	Mrs. Ranyah Lycka	Targus Associates	Looking for records pertaining to Violations, Spills, Remediations, and Tanks relevant to the site location at 2481 Crotona Avenue, Bronx, NY 10458. Block 3091, Lot 87. Database searches from My Property, Envirofacts, and FRS Registry did not yield any findings for the property.	9/30/2021	Closed	10/7/2021

EPA-R8-2022-000618	Request	Linda Ross	Utah Division of Drinking Water	The Utah Division of Drinking Water is looking for all of our Primacy delegations, as well as any updates, so that we have them for our records. I am a relatively new records officer for the Division of Drinking Water, and have found a few records of primacy delegations, but have had trouble finding all of them, and would like to have all of these records updated and in one place, so we have a history of our primacy determinations. Our initial primacy enforcement determination was granted in 1980. I would like to have a copy of this determination. "In 1980, the EPA Administrator determined, in accordance with 40 C.F.R. Â§ 142.11, that the Utah public drinking water program met the federal requirements for Primacy. See 45 Fed. Reg. 6647 (January 29, 1980). In accordance with 40 C.F.R. Â§ 142.17, the EPA Administrator has reviewed, and continues to review annually, the Utah public drinking water program to evaluate its continuing compliance with the requirements set forth in 40 C.F.R. Part 142." I have searched your website for 40 C.F. R. Part 142, and have not been able to find it. Any determinations after that regarding each rule that Utah obtained primacy in enforcing would also be helpful to have. Please let me know if there is any other information that you need.	10/28/2021	Closed	11/16/2021

Hello,

I would like to request regulatory files associated with the property identified by the following addresses:

1804 North Ave, 1840 North Ave, and 1900 North Ave, Spearfish, SD 57783.

I would like any records associated with hazardous waste generation or leaks or spills at the property. The property is identified as a RCRA CESQG (Handler ID # SDR638), with the occupant identified as Craig Wachendore.

Additional, two releases are identified in association with the property, SD DENR #95.184 and #89.387. If there are any files associated with these reports that would be helpful.

Thank you,
 Brendan McShane
 RCRAInfo: SDR000000638

I am contacting you as a representative of SIAS Global, which assesses, monitors, and evaluates financial risk regarding mines and landfills.

Currently, we are collecting data for a client about a landfill on the Skull Valley Reservation in Utah with Bond #1024596. In our notes, it is called the "Goshutes Landfill," of which I haven't been able to find a record.

The first question is whether this bond is for the currently operating Tekoi landfill, or some other site (perhaps a proposed or closed site).

Additionally, if there is any information on permit boundaries (or map showing them) of the

landfill in question, violations in the past 5 years, or annual reports available from the last 2-3 years, that would also be very helpful.

Naturally, identifying the correct landfill attached to that particular bond is the priority.

Documents re East Helena Superfund Site, East Helena, Montana

1. 2013 and earlier financials (1st, 2nd, 3rd and 4th quarter)

2. 2020 3rd quarter financials

3. 2021 Budget

Please provide records of all open or closed Safe Drinking Water Act (SDWA) enforcement and compliance actions related to environmental compliance for the Solvay Chemicals Inc. facility located at 400 County Road 85, Green River, Wyoming for the dates of 1/1/2020 through 3/31/2021. Please include a summary of the type of issue identified. No information about financial or non-environmental compliance is requested. Excluding emails from responsive material per requester.

Records related to the JC Hunt Trucking Company Wolf Creek Pass Tanker Truck Release, Mile 179 of Highway 160 Mineral County, Colorado. Original spill occurred in November 2009

-Emails from the former case manager Mr. Peter Stevenson around the period March to September 2017 (Internal to external). (new case manager Duane Newell OSC Emergency Response Unit) and

- Information relate to workplans and changes to the work plan

- Any records from the Emergency Response Incident

As explained in the attached letter, we represent the Northern Arapaho Tribe and Eastern Shoshone Tribes (the "Tribes") two federally-recognized Indian Tribes whose joint home is the Wind River Reservation in Wyoming. The Tribes also jointly own the oil reserves beneath the Wind River Reservation, and have leased some of these oil fields to Merit Energy. These include the Circle Ridge Field, Steamboat Butte, and Maverick Springs/Chatterton Battery.

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, the Tribes are requesting that the EPA promptly provide copies of all records (as defined by 5 U.S.C. Â§ 552(f)(2)) that are responsive to the following requests: (1) Copies of any underground injection control permits that have been issued by EPA to Merit Energy relating to the Wind River Reservation; and (2) Copies of any other permits issued by EPA to Merit Energy relating to the Wind River Reservation, with the exception of surface discharge permits numbered WY-0000922, WY-0000949, WY-0000779, and WY-0033740. We respectfully ask that you prioritize the first request, and that responsive documents be produced on a rolling basis.

We would like to request all entries in EPA's Emergency Response Notification System (ERNS) database on notifications of oil discharges ,hazardous substance release, and produced water/brine release at oil field facilities in North Dakota's McKenzie, Dunn and Mclean Counties

P.C. is conducting a Phase I Environmental Site Assessment, including a review of all environmental documents related to the following address: Sherman Avenue (Tax Block 691, Lot 5), Harrison, NY We are requesting all environmental files, records, and memoranda pertaining to this property or adjacent properties for the review.	11/15/2021	Closed	11/19/2021
EPA-2022-000930	Request	Amelia Feick	Roux Associates	We are interested in obtaining documents, specifically RCRA and CERCLA documents, related to the APNs: 8564-010-050, 8564-009-016, and 8564-009-011. For the purpose of this request, applicable environmental records would include underground storage tank, aboveground storage tank, and/or other environmental permits; enforcement orders; and reports and correspondence related to previous site investigations/assessments, subsurface sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.	11/15/2021	Closed	11/19/2021

Please accept this as our written request pursuant to Chapter 119 of the Florida Statutes for a copy of the following records:

Any and all documents (applications, communications, Timber Management Plans, etc.) from and to and regarding parcel # 102150-0010, W Race Track Rd, Saint Augustine, FL 32084 or by and between Michael Allen Fortner at 8542 SW 12 Ln, Gainesville, FL 32607 related to this parcel of land.

If you decline to provide any information or records, Chapter 119 requires you to advise me in writing of the applicable exemption to the Public Records Act that is the basis for refusal for production. Moreover, please state with particularity the reasons for your decision. If the exemption you are claiming only applies to a portion of the records, please redact that portion and provide copies of the remainder of the records.

Of course, we will pay the fees associated with this request. If prepayment is required, please forward the invoice to my attention via facsimile or e-mail. Also, the records requested may be produced to us in electronic form. Thank you for your assistance in this matter. If you have any questions, please do not hesitate to contact me.

My graduate research project at Northern Arizona University: "Using watershed boundaries (HUC 2) as the bordering feature for regional offices for the EPA, DOI, USACE, and USDA". Each of these federal agencies deal with surface water conditions, both water quality and water quantity; to include: flooding, drought, water pollution, in-channel modifications, inter-basin transfer, and irrigation that involves the EPA, DOI, USACE, and USDA.

(1) How the EPA regional boundaries were determined and employees/advisors involved in the decision making process.

2) Is there any recent or current attempt by EPA Headquarters to modify regional boundaries in accordance with HUC 2 watersheds? For reference, the Department of Interior transitioned to the "Unified Regional Boundaries", loosely based on watersheds.

(3) Are meeting transcripts or other transcripts available that detail this decision making process? If so, copies will be needed.

EPA-2022-000669	Request	Mr. William T Head	Northern Arizona University	Need all info in regard to the Dowden Landfill at 8010 W 1000 S, Fortville, IN. Please contact me if the costs of responding to this request will exceed \$100.00. We are requesting the final report/summary and raw data relating to the air monitoring performed by USEPA near the Waste Connections Winnebago Landfill in Rockford, Illinois on June 1, 2021.	10/27/2021	Closed	11/22/2021
EPA-R5-2021-006214	Request	Katie Johnson	HeplerBroom, LLC	This request is made under the Freedom of Information Act, 5 U.S.C. Â§ 522, on behalf of Sierra Club, Appalachian Voices, and Appalachian Mountain Advocates. Sierra Club is the nation's oldest and largest environmental organization. It regularly disseminates the type of information requested through a network of public education tools, such as nationally recognized magazines and newsletters, extensive online resources, and direct mail updates. It therefore has the ability and intention to disseminate the information to the general public. Appalachian Voices is a nonprofit organization aimed at bringing people together to protect the land, air, and water of Appalachia and encourage the transition to renewable, clean energy. It regularly posts news and resources on its website, and provides detailed discussion and articles on a blog for its subscribers. It therefore also has the ability and intention to disseminate the information requested to the general public. Appalachian Mountain Advocates is a nonprofit law and policy center located in Lewisburg, WV. The Federal ID number of Appalachian Mountain Advocates is 55-0781483. We request access to and copies of the following public records: 1. Any comments submitted by the Environmental Protection Agency Region 3 to the United States Army Corps of Engineers responding to the following: a. Bockwell Mining LLC's Application for a Department of the Army Permit under Section 404 of the Clean Water Act (LRH-2019-926-GUY); b. Ramaco Resources, LLC's Application for a Department of the Army Permit under Section 404 of the Clean Water Act (LRH-2021-334-GUY); c. Alpha Met Resources's Application for a Department of the Army Permit under Section 404 of the Clean Water Act (LRH-2020-631-BCR); and d. Bockwell Mining LLC's Application for a Department of the Army Permit under Section 404 of the Clean Water Act (LRH-2020-797-BCR). e. Pursuant to FOIA, Food & Water Watch (FWW) requests copies of any and all documents, records and communications of any kind, including but not limited to e-mails, interoffice memoranda, and notes, (hereinafter records), relating to EPA's review of and response to the 2017 Petition for Rulemaking to revise Clean Water Act (CWA) regulations for concentrated animal feeding operations (CAFOs) that FWW submitted to EPA on behalf of itself and thirty-two public interest organizations (CWA Petition). Unless otherwise stated, FWW is only requesting records and communications dated on or after March 8, 2017 through the date of production. FWW specifically requests the following:

1. All EPA communications related to the CWA Petition;
2. All records related to any substantive review EPA has undertaken of CWA regulations for CAFOs since receiving the CWA Petition;
3. All records related to EPA's forthcoming response to the CWA Petition, including any documents or communications that relate to a timeline for issuing a response;
4. Any and all records EPA relied upon when conducting the 2017 - 2020 annual reviews of effluent limitation guidelines for CAFOs, pursuant to 33 U.S.C. Â§ 1314(b), including any informal or formal reports or memoranda documenting the results of the annual review process, or decisions reached regarding the need to further review or revise CAFO effluent limitation guidelines; and
5. All records related to EPA's decision to remove "Preventing Animal Waste from Contaminating Surface and Ground Waters" from National Enforcement and Compliance Priorities for FY 2020 - 2023.

EPA-2022-000630	Request	Crystal Maira		Please provide a copy of the efficacy DERs associated with the electrostatic spray studies supporting EPA Reg. No. 82972-1.	10/28/2021	Closed	11/24/2021
EPA-2022-000531	Request	Dr. Rodney C Akers	Rodney Akers, Regulatory Services LLC	Please provide an electronic copy of the Data Matrix, EPA Form No. 8570-35, for the products Blackhawk Naturalyte and Matchpoint, EPA Reg. No. 62719-523. The active ingredient is these products is SPINOSAD. I am willing to pay up to \$25.00 for this information. Thank you.	10/26/2021	Closed	11/24/2021
EPA-2022-000548	Request	Dr. Rodney C Akers	Rodney Akers, Regulatory Services LLC	Please provide an electronic copy of the Data Matrix, EPA Form No. 8570-35, for the product PT Cy-Kick CS Pressurized Insecticide, EPA Reg. No. 499-303. The active ingredient is this product is CYFLUTHRIN. I am willing to pay up to \$25.00 for this information. Thank you.	10/26/2021	Closed	11/24/2021
EPA-R8-2022-000674	Request	Steven Yekich	AEI Consultants	Request a copy of a Phase II for Caroline Brown's Market at 118 Central Avenue West in Harlem, Montana. Brownfield Grant. Cooperative Agreement Number: 97880601. August 2010	11/1/2021	Closed	11/24/2021
EPA-2022-001016	Request	Daniel Snyder		Records reflecting plan(s) to clean up, remediate, and/or remove barrels of DDT that were dumped, discarded, to otherwise disposed of by Montrose Chemical Corporation in proximity to Catalina Island in California.	11/17/2021	Closed	11/24/2021

I am requesting the following study on file at U.S. EPA:

44684601 Moore, G. (1998) Dermal Sensitization Test--Buehler Method: Strychnine Alkaloid: (in Guinea Pigs): Lab Project Number: 6380: QA-642: P328. Unpublished study prepared by Product Safety Data Labs. 23 p.

In addition to this study, I would like to request the documents that US EPA sited in their 2020 Strychnine Draft Human Health Assessment Document and 2015 Scoping document.

1. J. Leshin. TXR#0057269. Strychnine: Summary of Hazard and Science Policy Council(HASPOC) Meeting of December 3, 2015: Recommendation on the Requirement for a non-food use database of toxicity studies.
2. Williams, C. 08-August-2018. TXR 0057765. Strychnine: Summary of Hazard and Science Policy Council (HASPOC) Meeting of December 3, 2015: Recommendation on the requirement for a nonfood use database of toxicity studies.

EPA-2022-000795	Request	Ms. Brittanie Clendenin	California Department of Pesticide Regulation		11/4/2021	Closed	11/24/2021
EPA-2022-000207	Request	Juli Mann		We request from the Office of Pesticide Products copies of any protocols supporting fungicidal or mold claims for the following products: MOLD PREVENTING PRIMER (EPA Reg. No. 69587-6), MOLD PROOFER PAINT (EPA Reg. No. 87469-1) and Aftershock Fungicidal Coating (EPA Reg. No. 73884-1).	10/12/2021	Closed	11/24/2021
EPA-2022-001080	Request	Ms. Elizabeth Heitmuller	Suffolk City Community College	New Request Format: 288806 and Confirmation number 288281. Reference: Fish used in BCT studies as of July 2020, requesting all records, e-mails, meeting notes to the decisions made to reduce the number of fish used in the BCT study.	11/17/2021	Closed	11/24/2021
EPA-2022-001035	Request	Ms. Elizabeth Heitmuller	Suffolk County Community College	Requesting access to all emails and meeting minutes pertaining to the decision to reduce the numbers of fish used in BCT studies as of July 2020.	11/18/2021	Closed	11/24/2021
EPA-2022-000584	Request	Mr. Brandon Wissbaum	WECT	This is a request for EPA Office of Inspector General records. I am seeking a copy of any and all complaints referenced in Project No. OA-FY22-0025: Toxic Substances Control Act's New Chemicals Review Process. The EPA OIG has initiated an inquiry into this matter, according to a memorandum issued Oct. 26, 2021. A copy of the memo, which mentions the requested complaints, is included with this request.	10/27/2021	Closed	11/24/2021
EPA-2022-000831	Request	Ms. Jillian Gordner	U.S. PIRG	I would like to receive the "Cleanup Progress Milestones" (information pictured in attachment to this request) for all sites on the National Priorities List in machine-readable format. Right now, the only way for me to find out how many milestones were completed in a given year would be to go to each site individually and count.	11/8/2021	Closed	11/24/2021
EPA-R6-2021-006562	Request	Mr. Donald Yezerski	WSP	On behalf of WSP, I am respectfully request any and all documents transmitted to or correspondence between the EPA and individuals or companies that have sought, are seeking, or have submitted permits or technical work for agency review to the Region 6 Underground Injection Control (UIC) program that relate or mention or "Class VI", "carbon sequestration", or "CCS". The following companies have made public notice of their intention to seek Class VI permits in EPA Region 6: Talos Energy, Carbonvert, Inc., and Gulf Coast Sequestration. Based on the public statements by these companies, submissions and communications by these (or any others not specifically mentioned here) exist and are reasonably expected to be a matter of public record.	9/15/2021	Closed	11/9/2021
EPA-R6-2021-006492	Request	Alexis L Haynes	Phase Engineering, Inc.	Requesting SEMS file information at 1015 LAKESIDE, Channelview, TX 77530. EPA ID TXD988044806. SEMS ID: 0606782. Site name: K-SOLV. Timeframe: Date of Removal 4/19/2007. Looking for any info, if available. Publicly Records that are available only. We do not need email correspondence or attachments as part of our response. If any Proprietary Business Information is located, we do not wish to pursue the substantiation process. **Please send all invoices to Accounting@PhaseEngineering.com** Thank you!, Alexis	9/13/2021	Closed	11/15/2021

ATTN: EPA - Region 6.

Re: Standard Brake Shoe and Foundry (EPA ID # ARN000606789).

Pursuant to the Freedom of Information Act, we request that your office provide us with any and all documents, including but not limited to reports, correspondence, memoranda, emails, or other records relating to Standard Brake Shoe and Foundry Company formerly located at 3200 W. Pullen, Pine Bluff, Arkansas (Region 6 - Arkansas). Standard Brake is a former EPA superfund site, with EPA ID # ARN000606789.

EPA-R6-2022-000129	Request	Andrea Holmgreen	Gordon Rees Scully Mansukhani		10/6/2021	Closed	11/18/2021
EPA-R9-2022-000858	Request	Ms. Clare Ellis	Hunton Andrews Kurth LLP	Any Class VI injection well permit applications (including appendices, attachments, and related materials) that EPA has received in the past 12 months requesting authorization under EPA's Underground Injection Control (UIC) program for geologic sequestration of carbon dioxide in any state within EPA Region 9.	11/8/2021	Closed	12/3/2021
EPA-R6-2022-000304	Request	Matt Broadway	Phase Engineering, Inc.	All information for SEMS TXN000606680	10/15/2021	Closed	12/1/2021

I am principal investigator for a project funded by the William Penn Foundation, which seeks to collect data on projects that protect and restore water quality in the Delaware River Basin (New Jersey and New York) from 2014 on. We have received information from the four states on projects they funded using USEPA grants-in-aid and similar funds (e.g., 319(h), CWSRF, NEP). We are seeking information regarding projects that are directly funded by USEPA or directed by USEPA to be spent by third parties (e.g., a potentially responsible party), including but not limited to:

- Natural Resource Damage (NRD) projects;
- Grants to nonprofit organizations; and
- Supplemental Environmental Projects (SEP)

EPA-R2-2021-006289	Request	Dr. Daniel Van Abs	Rutgers Dept of Human Ecology		8/30/2021	Closed	12/3/2021
EPA-R10-2022-000692	Request	Dr. Ellie Hudson-Heck	Idaho Conservation League	I would like copies of all DMRs filed by the City of Driggs WWTP (NPDES ID 0020141) covering the period from May 22nd, 2018 to the most recent filing. Also, I would like copies of all communications (including but not limited to inspection reports, compliance related matters, written notifications required in the content order, emails, meeting notes, etc.) that have occurred since May 22nd, 2018 between the City of Driggs WWTP and the EPA related to discharges associated with NPDES ID 0020141 and/or the compliance order issued on May 22nd, 2018. Thank you for your time.	11/1/2021	Closed	12/3/2021

This is a request pursuant to the Freedom of Information Act (5 U.S.C. Â§ 552, and the U.S. Environmental Protection Agency's (EPA's) FOIA regulations, 40 C.F.R. pt. 2, for records of the EPA. In accordance with these authorities, please make available a copy of any of the following responsive documents, including but not limited to: any and all documents, including supporting materials, dated November 10, 2020 through August 3, 2021, relating to EPA's review of the 2020 Steam Electric Reconsideration Rule, 85 Fed. Reg. 64,650 (Oct. 13, 2020), and EPA's decision, announced in a press release on July 26, 2021 and published in the Federal Register at 86 Fed. Reg. 41,801 (Aug. 3, 2021), to undertake a rulemaking to revise the Steam Electric Power Generating Effluent Limitations Guidelines and Standards.

EPA-2021-005883	Request	Brian R. Levey	Hunton Andrews Kurth LLP	Please see attached letter for additional details.	8/6/2021	Closed	12/5/2021
